Finding Rosendale

Help to improve economic vitality through the connection of recreational opportunities and businesses in Rosendale

If you have special needs due to a disability please contact Ted Kolankowski at Barton & Loguidice, D.P.C. at (518) 281-1801.

To Learn More:

When: Thursday, November 20, 2014 7:00-8:30 p.m. Public Information Meeting

Where: Town of Rosendale Recreation Center, 1055 New York 32, Rosendale, NY 12472

Why: To improve economic vitality and access to recreational opportunities within the community by developing feasible planning and design concepts that improve circulation, accessibility, parking, and safety for pedestrians, bicyclists, and motorists in and around the NYS Route 213 or "Main Street District" of the Town of Rosendale. The plan, titled "Finding Rosendale", will be consistent with complete streets concepts as well as community goals and expectations. The purpose of this meeting is to introduce the project to the community, provide information about existing wayfinding resources and past studies, and seek input from the public on the direction of the project.

Who Should Attend: Local Citizens, Business Owners, Property Owners, Non-Profit Organizations, Government Officials, Developers and Realtors, Lenders, and Special Interest and Advocacy Groups.

Public input and discussion will play a key role in formulating these important recommendations on wayfinding and physical improvements. No one knows the community better than those who live and work there. We would greatly appreciate your insight and participation.
