

Administering the Fire Department Training Program

“Tips and Considerations for the Department Training Officer”

Held at the Ulster Fire Rescue Training Center,

Thursday February 11, 2016 7:00pm

This program is recommended for Fire Department Training Officers and Chief Officers. Students will be provided an overview and a suggested annual department training program. The overview will also include legal and record-keeping requirements. Students will also be provided a digital copy of a sample annual department training program with lesson plans, sample record-keeping forms, and related standards. (Participants are asked to bring a USB thumb drive or SD card approx. 4GB to receive the sample program on).

Topics Covered will include:

- The training and drill lesson plan
- Governing Standards for Department Training
- Record-keeping Requirements
- Keep it interesting and keep it real
- Getting the buy-in from officers and members
- Best Practices and Innovations in Fire Department Training
- NEW: NYS PESH Best Practices Document “What can your dept. do?”

Seating limited. Pre-registration required. To register or for more information email:
