Statement of Authority - Participating

ULSTER COUNTY  
EMERGENCY MANAGEMENT

Ulster County Multi-Jurisdictional  
Hazard Mitigation Plan Update - 2013

Lead Agency: Ulster County  
Emergency Communications / Emergency Management  
238 Golden Hill Lane  
Kingston, NY 12401-6440  
Arthur R. Snyder, Director; Steven Peterson, Deputy Director

This document is prepared as a statement of the authority advising Ulster County Emergency Communications / Emergency Management that the town of Denning has opted to participate in the first update of the Ulster County Multi-Jurisdictional Hazard Mitigation Plan. Our municipality has committed to participating in the development of an updated county-wide, multi-jurisdictional hazard mitigation plan. We have authorized the following two individuals: DAVE Brooks and Paul Schoonmaker ("Representative" and "Alternate", respectively) as local members serving on the Multi-Jurisdictional Core Planning Group and to actively participate as requested throughout the planning process.

We understand that our municipality will be required to name its own local hazard mitigation planning committee ("Jurisdictional Assessment Team") if it has not already done so. The Local Emergency Planning Committee may be able to serve in this capacity.

At the end of the project, when FEMA deems the plan approvable, it is understood that our municipality will need to pass a resolution formally adopting the final plan if we are in agreement with said plan and wish to be deemed eligible by FEMA to apply for future funding for hazard mitigation projects. This resolution will be provided immediately to Ulster County Emergency Communications / Emergency Management for submittal to FEMA, who requires the resolution on file.

Name of Municipality Town of Denning  
Name & Title of Authorizing Individual Bill Breuning - Town Supervisor

Emergency  
Management

We understand that our municipality will be required to name its own local hazard mitigation planning committee ("Jurisdictional Assessment Team") if it has not already done so. The Local Emergency Planning Committee may be able to serve in this capacity.

At the end of the project, when FEMA deems the plan approvable, it is understood that our municipality will need to pass a resolution formally adopting the final plan if we are in agreement with said plan and wish to be deemed eligible by FEMA to apply for future funding for hazard mitigation projects. This resolution will be provided immediately to Ulster County Emergency Communications / Emergency Management for submittal to FEMA, who requires the resolution on file.

Ulster County Multi-Jurisdictional  
Hazard Mitigation Plan Update - 2013

Lead Agency: Ulster County  
Emergency Communications / Emergency Management  
238 Golden Hill Lane  
Kingston, NY 12401-6440  
Arthur R. Snyder, Director; Steven Peterson, Deputy Director

This document is prepared as a statement of the authority advising Ulster County Emergency Communications / Emergency Management that the Town of Rosendale has opted to participate in the first update of the Ulster County Multi-Jurisdictional Hazard Mitigation Plan. Our municipality has committed to participating in the development of an updated county-wide, multi-jurisdictional hazard mitigation plan. We have authorized the following two individuals: Robert Gallagher and Robert Ryan ("Representative" and "Alternate", respectively) as local members serving on the Multi-Jurisdictional Core Planning Group and to actively participate as requested throughout the planning process.

We understand that our municipality will be required to name its own local hazard mitigation planning committee ("Jurisdictional Assessment Team") if it has not already done so. The Local Emergency Planning Committee may be able to serve in this capacity.

At the end of the project, when FEMA deems the plan approvable, it is understood that our municipality will need to pass a resolution formally adopting the final plan if we are in agreement with said plan and wish to be deemed eligible by FEMA to apply for future funding for hazard mitigation projects. This resolution will be provided immediately to Ulster County Emergency Communications / Emergency Management for submittal to FEMA, who requires the resolution on file.
