

# NY-Sun PV Trainers Network

## Safety and Fire Considerations for Solar PV Workshop

**Saturday January 30, 2016 9:00am - 12noon**

Woodstock Fire District  
242 Tinker St (Rt 212)  
Woodstock, NY 12498

The NYSERDA's NY-Sun PV Trainers Network invites all first responders to attend the Safety and Fire Considerations for Solar PV Workshop that will be held at the Woodstock Fire District, 242 Tinker St (Rt 212) in Woodstock NY.

This workshop will provide first responders and emergency personnel, such as firefighters and rescue personnel, with a training on safety precautions and fire code considerations with respect to the recognition and disabling of solar photovoltaic (PV) systems. Main topic areas will include solar technology identification on the premises, disconnecting methods, and code requirements for roof coverage by modules. Additionally, this training will address access to safe walking space, access to ventilation, location and identification of disconnect switches, DC and AC system conduits and conductors, and battery backup systems. This program is eligible for 3 CEU's for New York State BSC for building code officials with a NYS #.

- What:** Safety and Fire Considerations for Solar PV
- Where:** Woodstock Fire District  
242 Tinker St.  
Woodstock, New York 12401
- When:** Saturday January 30, 2016 9am - 12noon
- Fee:** This training is free to attend. Pre-registration is required.

**About the program:** *The NY-Sun PV Trainers Network aims to expand adoption and reduce installation costs of solar energy in New York State. Through education, training, and technical assistance, the Network helps local governments and stakeholders identify opportunities, mitigate barriers, and create programs that drive development of solar photovoltaic (PV) markets in communities across New York State. Please visit <https://training.ny-sun.ny.gov/> for more information on the NY-Sun PV Trainers Network.*
