Ulster County Legislators Create Employee Health Screening Program

KINGSTON, NY – Ulster County Legislators Brian Cahill (D-Ulster) and Phil Terpening (D-Rosendale) and Robert Parete (D-Olive) announce the creation of an important program that will offer free health screenings to Ulster County Employees. The Ulster County Care-A-Van will travel to various County work locations to administer free health screenings.

Legislator Phil Terpening said, "Ulster County is the largest employer in Ulster County. We want our employees healthy and happy -- and health screenings will provide additional information about their personal health and well-being." Legislator Robert Parete added, "The County Employees will be able to take part in the free screenings during their regular work hours and at locations that are convenient to them. We want this worthy program to be easily accessible for County workers." Legislator Brian Cahill said, "Employee health screenings have proven to be very beneficial to both employers and employees by detecting health issues early on which may prevent a more serious illness and extended time away from work in the future. It's a WIN-WIN."

The Care-A-Van will be at the following locations* with a schedule to follow

- Development Court
- County Office Building
- Golden Hill
- UCLEC
- Flatbush Ave
- DPW Headquarters

*Additional sites as needed
