Resolution No. 192 May 9, 2007

**Supporting The Efforts Of The Local Reality Check Chapter And Its Youth Members For The Reality Check Smoke-Free Movies Campaign**

1. No Tobacco in Youth Rated Films

No new film which is rated G, PG or PG-13 should depict or imply any tobacco products, brand names of tobacco or tobacco use.

2. Certify No Pay-Offs

The producers should post a certificate in the credits at the end of the film declaring that no one involved with production of the movie received anything of value (cash, free cigarettes or other gifts, free publicity, interest free loans or any other item of value) from anyone in exchange for using or displaying tobacco in the movie.

3. Require Strong Anti-tobacco Ads

Studios and theatres should require a genuinely strong anti-tobacco ad (not one produced by a tobacco company) to run before any film with any tobacco presence regardless of its MPAA rating.

4. Stop Identifying Tobacco Brands

There should be no tobacco brand identification nor the presence of tobacco brand imagery (such as billboards) in the background of any movie scene.
