A separate application shall be required for each store. Each application shall be subject to a non-refundable processing fee to cover the cost of conducting scanner accuracy inspections as provided in Subsection 2 of this Section. The County Sealer shall determine the processing fee and may revise it from time to time, but in no event shall said fee exceed one thousand-five hundred dollars per application for a large food store or one thousand dollars per application for a small food store.
2. Upon receipt of an application and fee as provided in Subsection 1 of this Section, the County Sealer shall cause to be conducted two scanner accuracy inspections of the store for which the application has been submitted. These inspections shall be conducted on two separate days and shall consist of comparing the shelf, sale or advertised price of any stock keeping unit (SKU) with the computer-assisted checkout system price. Such inspection shall consist of at least 100 SKUs, but no more than 500, selected at the discretion of the County Sealer. In the event that any violations are detected, penalties shall be assessed as provided in Section Seven, Subsections 6, 7 and 8 of this Local Law. If, considering both inspections together, the number of SKUs found in violation does not exceed two percent of all SKUs inspected, the County Sealer shall grant to the applicant a one-year

 4. In the event that the total violations in excess of two percent are discovered in the inspections provided for in Subsection 2 or 3 of this Section, the County Sealer shall deny a waiver to the applicant. If the owner of the store still wishes a waiver, such store must promptly reapply for a waiver and pay the required fee to the County Sealer within five business days after being notified of the failure. Stores that do not reapply must promptly come into compliance with all requirements of Section Five, and, may not again reapply for a waiver until at least one year after denial by the County Sealer.
 5. In the event that the County Sealer is unable to conduct inspection pursuant to Subsection 2 of this Section within ninety days receipt of a complete waiver application and proper processing fee, the County Sealer may grant a temporary waiver pending completion of inspections. The County Sealer shall cause said inspections to be completed as soon as practicable. If, upon completion, the inspections detect a violation rate in excess of two percent or less, the County Sealer shall issue a regular waiver with an expiration date one year from the commencement date of the temporary waiver. If the inspections detect violation rate in excess of two percent, the temporary waiver shall be immediately revoked and compliance with Section Five shall be required and the provisions of Subsection 4 of this Section shall apply.

A store may promptly reapply for a waiver and pay the required fee to the County Sealer within five business days after being notified of the failure.
