2015 Health Insurance and Other Benefit Information

The County will continue to offer its current Health Insurance Programs, the Empire PPO and Empire POS plans, in 2015. I encourage you to attend an Open Enrollment session and learn new things that can positively impact your health care.

Please take the time to review the benefit summaries, health insurance rates, buyout options and other information regarding your benefits as provided in this book. Browsing this book will help you learn more about available coverages. I suggest you send the link

<https://www.ulstercountyny.gov/personnel/benefits-management> to your personal email so you and your family members can review the book at home. If you have a smartphone, scan the QRC code found on the bottom of this page to download this book as well.

Legal Requirements – Under the Affordable Health Care Act, Ulster County as the employer has the responsibility to provide legal notifications to all employees. These legal notifications are extensive and have been compiled in a separate book, which should have accompanied this book. I encourage you to take the time to review these important notifications.

Federal Requirement of Signing a Waiver if Opting Out of Coverage with Ulster County. If you do not wish to participate in the Ulster County Health Insurance Programs, you must complete and sign a waiver indicating such. If a waiver is not received and you have not selected a Health Plan by December 1, 2014, under Federal rules the Benefits Office will enroll you in the POS individual plan with its appropriate payroll deduction.

Dependent Eligibility Verification.

The County is now asking for proof of dependent eligibility from all employees and retirees. Currently, we are requesting Birth Certificates, Marriage Certificates, Court Documents (if applicable,) and a copy of your Tax Form with all information redacted except for name through filing status. Eligible dependents for Ulster County Health Insurance coverage is defined as: a spouse, natural child, step child, or a legally adopted child. For further definitions and limitations, please contact Employee Benefits.

If it is determined that a dependent is not eligible, but is enrolled as such, the employee will be held financially responsible for reimbursing the County for any claims paid for services rendered for an ineligible dependent. The insurance companies also reserve the right to bill an employee for any medical services paid on behalf of an ineligible dependent.

What's New for 2015

A New Card for 2015 – Because we have changed to Blue View Vision and have the Urgent Care Out of Network change there will be a new card issued by January.

Live Health Online – Live Health Online is now a covered benefit under our Health Plan. With a computer and webcam, or applicable smartphone app, you can talk to a medical professional 24/7, 365 days a year. You can be at home, at work, or out of town (though not all services may be available in all locations.) No appointment is necessary to speak with Live Health Online. This benefit saves time and

costs the same as a primary care office visit. To activate your account, go to livehealthonline.com on your computer or download the appropriate application from your smartphone's store.

Urgent Care Out of Network Change – As of January 1, 2015, Urgent Care Copay, both in and out of network, will be \$20. If you or a covered family member cannot locate an in-network urgent care center, you may go to an out of network center and pay the \$20 copay. This is advantageous since the cost of going to the emergency room includes a copay of \$100. This can be especially useful when you are traveling away from home.

Flexible Spending Account Change – As of January 1, 2015, The Flexible Spending Account will have a \$500 roll-over feature. You will have the ability to roll remaining funds from the previous year to the following calendar year. You will not lose leftover funds, up to \$500. This will enable you to better estimate the amount needed for your health care out of pocket expenses. By paying medical bills with pre-tax dollars, you could be saving 15-20% of these expenses.

Blue View Vision - As of January 1, 2015 Blue View Vision will replace Davis Vision. All the same benefits and network apply to Blue View Vision **plus** we gain a greater network that includes: LensCrafters, Pearle Vision, Sears Optical, Target Optical, and JCPenney Optical. Again, coverage remains nearly identical and this year there is no waiting for an anniversary date to receive services as the plan resets on January 1st.

Benefit Reminders:

Express Scripts Change in Formulary Options – Effective January 1, 2015, a select group of products will be removed from their National Preferred Formulary (also called Preferred Prescriptions) and will no longer be covered on this formulary. Members who attempt to obtain medications no longer covered will experience a claim reject at the point of sale and will be required to pay 100% of the full, non-discounted cost of the medication. Some products also will move from preferred (tier 2) to non-preferred (tier 3) status. I encourage you to be aware of these changes and to be mindful of any mail correspondence you may receive from Express Scripts.

Express Scripts is also updating its standard coverage review process to include Express Scripts' Standard Formulary exception criteria, which allows exceptions when medically necessary. In addition, there will be other changes to the 2015 National Preferred Formulary (addition drugs, changes from formulary to non-formulary). Express Scripts will be providing letters to those members that are impacted that will provide them with alternatives they can discuss with their physicians.

empireblue.com - The new and improved site is designed to give members a simpler, more personalized experience. You will still have secure access to the same information – but now it will be easier to find. You will see a snapshot of your benefits right away when you log in. Confusing insurance jargon will be replaced with clear, friendly language and it will take fewer clicks to find information about doctors, facilities, claims and more. (See pages 2 and 3 for more information)

HR Connection. Just a reminder: HR Connection is a valuable tool available to all employees and their families. This online resource affords the County another opportunity to communicate relevant information with respect to employee benefits. Employees may access HR Connection at <https://www.hrconnection.com/default.aspx?u=Ulster1&p=County2>. This benefit book as well as many other health related resources may be found by visiting HR Connection.

If you have any questions, please feel free to contact me directly by telephone or email. I wish everyone a safe and happy year.

Sincerely,

Sheree Cross
Personnel Officer

WAYS TO SAVE MONEY ON YOUR HEALTH CARE EXPENSES

- Consider choosing the POS instead of the PPO. Both plans local area networks are essentially the same. Neither plan requires referrals. The POS plan prescription coverage has lower co-pays. When you stay in network, both plans have the same co-pays and coverage, including emergency room coverage in our area and around the world.
- The next time you or a covered family member needs immediate care, consider using the services of one of the many local Urgent Care facilities. You will only have to pay the regular \$20 office visit co-pay instead of the \$100 emergency room co-pay. Check out the list on the next page, plan ahead, and become familiar with the location of the one most convenient for you and your family.
- For your medications, ask your physician to prescribe a generic instead of a brand name medication, or one on our formulary (list of included drugs) instead of a non-formulary choice. Your co-pay will be less in either of these situations.
- Using mail order methods for medications will save you one co-pay every three months. Many retail stores also have lists of certain medications they offer for even less than our co-pay. Always use your coverage card too, as that can make your payment even lower than their 3 month supply price. The co-pay is a maximum you can be charged so if the price is lower, you will only have to pay that amount.
- For brand name maintenance medications (ones that you take every month without changing anything) that do not have a generic option, consider using our mail order program, Ulster Scripts. Information and enrollment forms for employees covered by our Express Scripts plan and your dependants can be found in this book and if your medication is on their available medications, you can receive a 3 month supply for NO co-pay.
- Our coverage with Empire Blue Cross Blue Shield includes a free nurse helpline service. Consider making a phone call before your next trip to the doctor or emergency room. You might find your situation can be resolved without a needless inconvenient visit or possibly be delayed until your normal physician office is open the next morning.

CONFIDENTIAL & VOLUNTARY

Ulster Scripts

P.O. Box 44650
Detroit, MI 48244-0650

**Eligible plan members of Ulster County
can get certain Brand Name Medications
for a \$0 Copay!**

The **UlsterScripts** program, provided through CanaRx, offers considerable savings to members with a **\$0 copay** on **maintenance medications**.

CanaRx takes advantage of prescription drug prices negotiated between most developed nations and the pharmaceutical companies. Due to heavy lobbying in Washington, the U.S. does not negotiate any medication costs.

CanaRx contracts government-licensed pharmacies in **Canada, Australia, New Zealand and the UK**, all **Tier-One countries** as designated by Congress, to supply **Brand Name medications**, packaged and sealed by the original manufacturer, for direct mail delivery to all participants. There are no substitutions. Each international order is reviewed after being prescribed by a practicing physician, dispensed by a licensed pharmacist, then packaged at an accredited pharmacy and shipped directly to you.

Many people do not realize that the pharmaceutical industry manufactures many of their brand name medications in government-approved facilities world-wide. The CanaRx program, **UlsterScripts**, simply allows your plan to access these same medications at a fraction of the cost.

Using the CanaRx program, you and your family will save on eligible medications - you will **pay \$0 in copays for each 90-day supply**. In addition, Ulster County saves approximately 50% over retail and regular mail order prescriptions. It's a **WIN-WIN** for everyone.

Your Missing Piece? The NYS Deferred Compensation Plan

Retirement is like a puzzle. Without all the right pieces, your financial picture will be incomplete. When you retire, you may be counting on two sources of income — Social Security and your employer pension plan. Did you know, this may leave you short?

Social Security was never meant to be a sole source of income. On average, a public pension will replace only about 50% of your current income after 25 years of service.* These two pieces are a great start, but enrolling in the New York State Deferred Compensation Plan may be one piece to help complete the puzzle.

We know it's difficult to determine how much additional savings you'll need to supplement your social security and pension. That's why we've developed the chart below to help you make that determination.

Where retirement income comes from	Example	You
A. What percent of your current income will you need per year during retirement?	80 – 100%	
B. Your employer's pension makes up what percent of your retirement income?	50%	
C. What percent of your income will come from Social Security ?	20%	
D. What percent of your retirement income will need to come from other sources (such as the New York State Deferred Compensation Plan)?	30%	

Directions: Add rows B and C and then subtract from row A. Write the number in row D – this shows you what percentage of your income will come from your personal savings, like your deferred compensation plan.

Complete your retirement puzzle. The New York State Deferred Compensation Plan may be the missing piece you need!

U.C. Health Insurance Buyout Guidelines and Procedures

- If an employee is eligible for health insurance benefits but chooses not to enroll in the U.C health insurance plan and has obtained coverage through some other source, the employee can receive a buyout payment in lieu of coverage. The amount the employee would receive is dependent upon the unit to which the employee belongs as follows: CSEA - \$1,000 annually PBA - \$2,000 annually UCSEA - \$2,000 annually UCSEA - \$2,000 annually Management - \$2,000 annually
- All are paid quarterly except for UCSEA which is paid semiannually.
- The other coverage must be maintained at all times and failure to do so will result in the mandatory repayment of the buyout subsidy to U.C.
- Coverage must be a plan other than the Ulster County plan, except for PBA members.
- The following Buyout Application must be completed, signed, and returned to the U.C. Benefits Office by the end of the Health Insurance Open Enrollment period, or, in the event of coverage becoming available during the year, within 30 days of the start of the other coverage. Newly hired employees must submit the forms within 30 days of hire.
- Participants must renew the buyout option each year by completing the buyout form. When initially opting in and whenever the providing source of the other coverage is different than the expiring coverage, verification must be obtained from the other coverage provider by having Part 2 completed. If the other coverage is the same as the expiring coverage, only Part 1 of the form must be completed. All participants must provide a photocopy of their current ID card from the other coverage plan specifically showing the employee name.
- Buyout participants may opt out of the medical coverage and purchase the Dental and Vision coverage. See the 2014 Rate sheet for the appropriate premium.
- Please review the Buyout Application and contact the Employee Benefits Office with any questions or concerns.

CONSIDERATIONS AS YOU APPROACH RETIREMENT

As you begin to approach your retirement age, there are many things to keep in mind. This is by no means a complete reference but here are some points to ponder and helpful places to find useful information:

- The N.Y.S. Comptrollers Office is responsible for administration of the N.Y.S. Retirement System. Their website, <http://www.osc.state.ny.us/retire/>, includes forms, contact information, a retirement timeline and more.
- The N.Y.S. Retirement System telephone number is 866-805-0990.
- To assist you in determining approximately what your pension amount will be, as well as explanations of your various payment options, please visit <https://nysosc9.osc.state.ny.us/product/benproj.nsf/BenProgFlashPage>
- **When anyone covered by one of the Ulster County Health Insurance plans becomes Medicare eligible, you must contact the Employee Benefits Office immediately.**
- All Ulster County employees who retire from the N.Y.S. Retirement System upon retirement from U.C. service are eligible to receive retiree health insurance as per the collective bargaining agreement.
- The Empire BCBS plan that you are enrolled in prior to retirement is the one you will remain in until the next open enrollment period (unless you are Medicare eligible). If you would consider switching to the less expensive POS plan, you may only do so at the prior open enrollment.
- Please note that once you retire, you may not add any dependents to your retiree health insurance plan.
- Your retiree health insurance will begin the first of the month following your retirement date so please contact the Employee Benefits Office as far in advance, with a minimum of 30 days if possible, to arrange for a smooth transition of health coverage from employee to retiree and to arrange for the billing option of your choice.
