

On the Road to Complete Streets

**Special Workshop for the Village of Ellenville
and Town of Wawarsing**

Wednesday, October 8, 2014 at 5pm

at the Court Room, Wawarsing Town Hall
108 Canal St., Ellenville, NY

Join us! For a special workshop presented by Kristen Wilson, Senior Resource Educator of the *Creating Healthy Places* Project at Cornell Cooperative Extension Ulster County and Brian Slack, Senior Transportation Planner for the Ulster County Transportation Council in the Ulster County Planning Office.

You'll Learn:

- ◆ The principles of Complete Streets
- ◆ How other upstate New York communities are implementing Complete Streets
- ◆ Options for Complete Streets in rural areas
- ◆ Information about funding sources for walking and biking projects

The group will discuss:

- ◆ Current Ellenville and Wawarsing efforts to improve pedestrian & bicycle access and safety
- ◆ Next steps for Ellenville and Wawarsing to create a Complete Streets Advisory Council

What are Complete Streets? *Complete Streets are streets for everyone. They are designed & operated to enable safe access for all users. Pedestrians, bicyclists, motorists, & public transportation users of all ages & abilities are able to safely move along & across a complete street. Complete Streets make it easy to cross the street, walk to shops, & bicycle to work. They allow buses to run on time & make it safe for people to walk to & from public transit stops.*

Complete Streets are Safe Streets
