## **PUBLIC MEETING**

### ***“Connecting Kingston” Signage and Wayfinding Project Continues*** *Public Invited To View Preliminary Sign Concepts for a City-Wide Wayfinding System*

Ulster County Executive Michael P. Hein, Chairman of the Ulster County Transportation Council (UCTC), in cooperation with City of Kingston Mayor Steven T. Noble, invites the public to attend a meeting to learn about the development of a signage and wayfinding master plan for the City of Kingston.

Kingston is embarking on the development of a new system of directional signage, kiosks and maps that will assist the public with navigating to specific locations and between neighborhoods. The wayfinding signage will help people identify and learn about the location they are in, find their way throughout the city, and encourage visitors to discover our attractions and community assets.

Funding for the Connecting Kingston Project is being provided by the Ulster County Transportation Council (UCTC). UCTC staff will direct the effort in cooperation with staff from the City of Kingston. The UCTC has hired MERJE, a nationally recognized design firm with specific expertise in Community Wayfinding, to lead this effort.

The meeting will build upon a previous series of meetings held in June at the Old Dutch Church. At those kick-off meetings, project staff introduced attendees to the concept of wayfinding and how a coordinated system of signage can work for Kingston. At the September 20<sup>th</sup> meeting, staff will present new, preliminary sign designs developed specifically for Kingston with the purpose of receiving feedback and preferences from members of the public. This is the second of a series of public outreach initiatives that will take place over the course of the next several months as project staff continue to develop basic themes and work with residents, business owners and other stakeholders to refine a final wayfinding master plan.

**The meeting will be held at Kingston City Hall 3<sup>rd</sup> Floor Council Chambers on**

**Thursday, September 20<sup>th</sup> from 6:00 – 8:00pm.**

Doors will open at 6:00pm to allow individuals to speak directly with project staff; a formal presentation will begin shortly thereafter followed by an opportunity for the public to provide input and ask questions.

The Ulster County Transportation Council (UCTC) is committed to ensuring that no person is excluded from participation in, or denied the benefits of, its metropolitan transportation planning process on the

*The Ulster County Transportation Council (UCTC) is the state designated Metropolitan Planning Organization (MPO) for Ulster County and a portion of the Poughkeepsie-Newburgh Urbanized Area. The UCTC was designated by the Governor of New York as the MPO for the Kingston Urbanized Planning Area on April 30, 2003. The UCTC was formally organized with the adoption of Operating Procedures on June 4, 2003. The purpose of the UCTC is to build a consensus on local and regionally significant transportation, transit and non-motorized improvements through the continuing, cooperative, and comprehensive transportation planning process.*
