

SAMPLE MENINGOCOCCAL MENINGITIS VACCINATION RESPONSE FORM

New York State Public Health Law requires that a parent or guardian of campers who attend an overnight children's camp for seven (7) or more consecutive nights, complete and return the following form to the camp.

Check one box and sign below.

- My child has had the meningococcal conjugate vaccine (MCV4), for example Menactra or Menveo.

Date received: _____

[Note: The Centers for Disease Control and Prevention (CDC) recommend two doses of MCV4 for all adolescents 11 through 18 years of age: the first dose at 11 or 12 years of age, with a booster dose at age 16. Adolescents in this age group with HIV infection should get three doses: 2 doses 2 months apart at 11 or 12 years, plus a booster at age 16.

If the first dose (or series) is given between 13 and 15 years of age, the booster should be given between 16 and 18. If the first dose (or series) is given after the 16th birthday, a booster is not needed.]

- I have read, or have had explained to me, the information regarding meningococcal meningitis disease. I understand the risks of not receiving the vaccine. I have decided that my child will **not** obtain immunization against meningococcal meningitis disease.

Signed: _____ Date: _____
(Parent / Guardian)
