SECTION 1: INTRODUCTION

History of Ulster County

Stretching from the banks of the Hudson River westward deep into the heart of the central Catskills, the County of Ulster is a geographically and demographically diverse region whose history encapsulates the triumphs, tragedies, and complexities integral to the rich four-hundred-year history of the State of New York. Comprising an area roughly equivalent to the size of Rhode Island, the County of Ulster contains twenty towns, three incorporated villages, and the City of Kingston which serves as the seat of County government.

The first people to reside in modern Ulster were the ancestors of the Algonquian-speaking woodland tribes, who first arrived in this region following the end of the last ice age over ten thousand years ago. It was to this ancient homeland that the first Anglo-Dutch colonists arrived in 1652, attracted by fertile lowlands beneath the mountains where a people who called themselves the Waranawanka lived. The colonists referred to them as the Esopus, and the name became synonymous with the first people of this place as well as the creek and surrounding region that were their home.

The earliest years of the colonization of Ulster were marred by war. Two disastrous conflicts between the Dutch and Esopus led to the destruction of indigenous villages and colonial settlements. The chaos and turmoil were not fully resolved until a year after the colony of New Netherland itself was conquered by the English. In 1665 a lasting peace was forged at the instigation of Richard Nicolls, the appointed governor of a place suddenly renamed “New York” by the young English prince James, Duke of York.

In 1683, the first New York General Assembly passed a Charter of Liberties and Privileges that divided New York into twelve counties to facilitate governance and administration. Ulster County was one of these twelve, and thus it is from this early date that we trace the beginnings of our County government.

For almost a century, from 1683 to 1775, the County of Ulster grew to be one of the principal agricultural districts of one of the most productive English colonies in North America. The material wealth of this place was derived from the extensive use of enslaved labor for the production and shipping of cash crops used to support a network of plantations across the west indies and markets in Europe hungry for luxury goods. The perpetuation of the institution of slavery posed a stark contrast to the burgeoning independent identity of the region and its peoples.

The commencement of the American Revolution cast this region again into turmoil. Ulster and other upriver counties were a principal area of supply for the Revolutionary Army engaged in its long standoff with the British army occupying New York. Ulster was also a wellspring of revolutionary thought, with young statesmen and military commanders like George Clinton leaving to serve the cause just as others arrived at Kingston to help draft the first New York State Constitution. It was for this reason that the British army burned Kingston in 1777, General Vaughan describing the place as “a nursery for almost every villain in the country.”

The close of the American Revolution transformed Ulster in ways never imagined before. New turnpikes opened the Catskills to an influx of New Englanders leaving the eastern seaboard, and advances in industry and agriculture renewed the importance of the region as a producer of the food, fuel, and construction materials building the young Republic. In 1799, New York attempted to cast off the shackles of the institution of Slavery, initiating a decades-long process in Ulster of painful gradual manumission. It was from this forge of sorrow the great orator and abolitionist Sojourner Truth emerged; having plead her case at the Ulster County Courthouse to have her son freed from slavery in Georgia, she embarked on a lifelong quest seeking equality and agency for women and African-Americans.

The Crispell Memorial Church, a reconstruction of an early house of worship in the burying ground at Huguenot Street, ca. 1990. Ulster County Public Information Committee Collection, Ulster County Archives.

Across Ulster, new communities developed and new industries attracted a rich tapestry of peoples from across the world. From the great tanneries of Samsonville to Island Dock on the Rondout the entire county seemed abuzz with potential. Steamships and railroads made it easier than ever before to travel between Ulster and New York City, and a new cohort of visitors

began arriving to this place to experience the raw beauty of Ulster County's rural landscapes. Through the 1840s and 1850s travelers wrote of the stirring natural scenery of this region, and the industry these writings helped foment endures today as the famed resort industry of the Catskills embodied in places like the Mohonk Mountain House and the treasured memories of the great Borsch Belt resorts of Wawarsing.

These same beautiful natural resources made Ulster the natural candidate for another pressing need among residents of New York City: clean water. At the beginning of the 20th century development was put in motion to expand New York City's water supply through the construction of great upstate reservoirs that would store some of the best drinking water on the planet. The Ashokan Reservoir was the first of these, constructed on land seized by eminent domain with the ultimate goal of ensuring safe, clean water for one of the most populous cities on the planet.

Ulster County today is a place our forebears would probably recognize in the best ways – a County that retains much of its rural agricultural base, a tourism industry that continues to thrive celebrating the beauty of the region, and a tapestry of people whose lives and cultures make Ulster a welcoming and engaging community. The complex history of this County is one always deserving of further study, and that scrutiny will undoubtedly continue to reveal stories that drive our success and keep us striving for a better tomorrow.

*Workers posed next to equipment during construction of the Ashokan Reservoir, ca. 1910.

Ulster County Elected Officials

Jen Metzger, County Executive

“

We are in a very strong fiscal position as a County going into 2025, and we're working to keep it that way by making operational improvements and strategic investments that will produce long-term savings for taxpayers. At the same time, this Executive Budget reflects our continued focus on initiatives that expand opportunities for our residents, improve people's health and quality of life, and exemplify good stewardship of the environment and planet.

County of Ulster Organizational Chart

Readers Guide

The 2025 Ulster County Executive Budget contains both the Operational Budget and the Capital Improvement Program (CIP) Budget for 2025.

The Capital Improvement Program (CIP) continues to be presented as a separate document.

An **operational budget** focuses on the day-to-day costs of running the County. This includes things like employee salaries, utility bills, and supplies. The operational budget covers the regular expenses needed to keep the County running smoothly from year to year.

A **Capital Improvement Program (CIP)** is a long-term plan that looks ahead at major projects the County plans to complete over the next five years. It outlines big investments like building new infrastructure, upgrading facilities, or purchasing equipment. The CIP helps the County plan for future needs, manage its resources, and prioritize which projects to fund first. It is a roadmap for future projects but doesn't guarantee that money will be spent on them right away.

In contrast, the **Capital Improvement Program (CIP) Budget** is the part of the County's overall budget that shows the specific capital projects the County plans to fund and work on in the upcoming year. It's an actual spending plan for capital projects within a single budget year. While the CIP is more of a strategic plan for the future, the 1-Year Capital Budget focuses on what's happening right now, allocating money for the projects that will start or continue during the current year.

If you are reading a paper or PDF version of this document and wish to continue in the interactive online budget book, scan the QR code or visit the web address provided to resume on this page.

county-ulster-ny-budget-book.cleargov.com/16981

Section 1: Introduction

This section gives some important information about Ulster County, including facts about the people who live here (demographics), and a general explanation of how the County creates its budget. It also explains the budget cycle, which is the process of planning, creating, and approving the budget. There's also a short guide to help you understand how to use the document.

In this section, you will find:

- **County Overview:** Basic information and key statistics about Ulster County.
- **Demographics:** Facts about the people who live in the County.
- **Budget Process:** A step-by-step explanation of how the budget is created, reviewed, and approved.
- **User Guide:** Tips on how to read and use the budget document.

Section 2: Budget Overview

This section provides a high-level view of the entire budget, covering all funds used by the County. It explains major revenue sources, such as property taxes and sales taxes, and gives an overview of how money is allocated to different programs.

In this section, you will find:

- **Executive Overview:** A short summary of the whole budget that shows the County's main goals and financial plans for the year.
- **Executive Budget Proposals:** Key projects proposed by the County Executive to achieve County goals and address high-priority issues.
- **Personnel Changes:** Updates about changes in staffing, such as adding or removing positions, changes in salaries, and other job-related details.

Section 3: Fund Summaries

This part provides a high-level view of the entire budget, showing a summary of all funds. It explains the different types of funds the County uses, such as the General Fund, Special Revenue Funds, and Debt Service Fund. It also includes details about major revenue sources like property taxes and sales taxes.

In this section, you will find:

- **Summary of All Funds:** A list of all the funds used in the budget.
- **Major Revenue Sources:** Details on where the County's money comes from, including property and sales taxes.
- **Fund Breakdown:** Information on how funds are distributed to various services and departments.

Section 4: Department Pages

The County offers many services, such as law enforcement, education, building and maintaining roads, public health, public transportation, protecting the environment, recreation programs, economic assistance, and community development. These services are provided by different County departments. Each department has its own budget section, and larger departments are broken down into smaller sections called divisions, which show the budgets for each specific program.

This part of the budget document explains the structure and budget for each County department and its divisions. Each department has a unique account code to help identify it.

In each department's section, you will find:

- **Department Director:** Department leaders have various titles such as Commissioner, Director, or Officer. The person in charge of the department is listed at the top of each department's page.
- **Organizational Chart:** A chart showing how the department is structured.
- **Mission Statement:** A short description of the department's main purpose and goals.
- **Vision Statement:** An inspiring statement describing what the department hopes to achieve in the future.
- **Functions and Divisions:** A quick summary of the department's key responsibilities and how it is divided.
- **Budgetary Highlights:** An overview of important changes to the budget and programs from the previous year.

Section 5: Statement of Debt

This section explains the County's current debt and future borrowing capacity. It provides a detailed view of how much the County owes, the types of debt it holds, and any projects that have been authorized but not yet started.

In this section you will find:

- **Current Debt Overview:** A summary of the County's existing debt.
- **Debt Service Payments:** Information on principal and interest payments.
- **Authorized but Unissued Debt:** A list of projects that have been approved but are not yet funded, and the amount that is authorized to fund the project but not yet borrowed.

Section 6: Capital Improvement Program Budget

This part talks about big projects the County is planning to do in 2025, like building or fixing roads, bridges, or public buildings. These are called capital improvements.

This section covers the budget for the projects included in the Capital Improvement Program expected to be worked on in 2025.

In this section you will find:

- **Readers Guide:** In 2025, unlike previous years, the Budget document includes a One Year CIP Budget. The Readers Guide provides key definitions.
- **One-Year Capital Improvement Program Plan and Budget**
- **Capital Outlays:** overview of expenses that the County has incurred to buy and improve things that will last a long time, like buildings, vehicles, or equipment.

Section 7: Appendix

The final section provides additional information and tools to help understand the budget. It includes a glossary of key terms and other reference materials. Documents in the appendix can also be accessed by scanning the QR Codes below or clicking the provided hyperlinks.

And select from the Section 7: Appendix drop down the document you want to read.

Budget Introduction

The County's budget, required by the County Charter (Article IV, sections C-34 and C-35), shows important changes to programs and new projects. It also compares the expected costs and income for the year with last year's actual numbers. The budget works together with the Capital Improvement Program, which explains the County's plans for major construction projects or equipment purchases. These documents together help show the County's priorities for the coming year and make sure that the County manages its money wisely.

In continuing the Department of Budget's ongoing efforts to enhance the accessibility and readability of the budget document, this year definitions for key terms have been incorporated into the budget document. A full glossary is also included in Section 7: Appendix [7](#) that includes definitions for key budget and finance terms.

The 2025 Ulster County Executive Budget contains both the Operational Budget and the Capital Improvement Program (CIP) Budget for 2025.

The Capital Improvement Program (CIP) continues to be presented as a separate document.

An **operational budget** focuses on the day-to-day costs of running the County. This includes things like employee salaries, utility bills, and supplies. The operational budget covers the regular expenses needed to keep the County running smoothly from year to year.

A **Capital Improvement Program (CIP)** is a long-term plan that looks ahead at major projects the County plans to complete over the next five years. It outlines big investments like building new infrastructure, upgrading facilities, or purchasing equipment. The CIP helps the County plan for future needs, manage its resources, and prioritize which projects to fund first. It is a roadmap for future projects but doesn't guarantee that money will be spent on them right away.

In contrast, the **Capital Improvement Program (CIP) Budget** is the part of the County's overall budget that shows the specific capital projects the County plans to fund and work on in the upcoming year. It's an actual spending plan for capital projects within a single budget year. While the CIP is more of a strategic plan for the future, the 1-Year Capital Budget focuses on what's happening right now, allocating money for the projects that will start or continue during the current year.

Budget Process

Ulster County's Operating Budget is created following the rules in the Ulster County Charter (Article IV § C-34, C-35, C-36, C-37, and C-38), and Ulster County's Administrative Code (Article IV § A4-4, A4-5, A4-6, A4-7, and A4-8). Throughout Ulster County's budgetary process, there are several important steps not specifically identified by the County Charter or Administrative code, that are critical to the creation of the budget:

- **Budget Call:** In May, the County Executive sends a letter to all County Department Heads, asking them to submit their budget requests for the next year. These requests include how much money each department expects to spend (appropriations) and how much they expect to receive (revenue).
- **Review and Adjustments:** The County Executive, along with the Budget Department, reviews the department budgets to make sure they are realistic and take into account any changes in programs or resources. They meet with department heads to discuss any adjustments or updates needed. Based on these discussions, the County Executive prepares the Executive Budget.
- **Budget Submission:** The Executive Budget, which includes both the Operating Budget (for day-to-day expenses) and the Capital Budget (for long-term projects like buildings and roads), is submitted to the County Legislature by early October.
- **Legislative Review:** In October, the Legislature reviews the proposed budget. In early November, the public can give their feedback at public hearings. After hearing from the public, the Legislature may suggest changes to the budget.
- **Final Approval:** The Legislature's Ways and Means Committee reviews any proposed changes. In December, the full Legislature votes to approve the final budget.

The County's budget follows a calendar year which starts on January 1 and ends on December 31. Each year, the new budget is developed during the late spring, summer, and early fall. The County Legislature votes to approve the budget in the late fall.

Budget Timeline

MAY 2024

- The Budget Department performs mandatory budget training for departments.
- County Executive distributes Executive Budget Packet with instructions for preparation of the 2025 Budget.

JUNE 24, 2024

- Preliminary Departmental Budget input are due to the Department of Budget.
- Departmental Information Technology requests are due to be submitted to Information Services and the Department of Budget.
- Departmental Capital Project update forms and new project forms are due to Department of Public Works and Department of Budget.

JULY 2024

- Budget Department begins meeting with Departments to review preliminary budget requests.

AUGUST 1, 2024

- Departmental budget requests are submitted to the County Executive and Ulster County Legislature by the Department of Budget.
- Executive Office and Department of Budget begin preparation of 2025 Executive Budget document.

OCTOBER 4, 2024

- 2025 Executive Budget File Charter Deadline.
- 2025 Executive Budget is submitted to the Ulster County Legislature.

OCTOBER 7, 2024

- Ulster County Legislative Committees begin formal review of 2025 Executive Budget.

NOVEMBER 2024

- During the month of November, three (3) Legislative Public Hearings will be held to allow for public input on the proposed budget.

DECEMBER 10, 2024

- Ulster County Legislature votes on the submitted 2025 Executive Budget.

Budget Policies

[Resolution No. 192 \(2010\)](https://ecode360.com/documents/UL2774/public/232730880.pdf) (<https://ecode360.com/documents/UL2774/public/232730880.pdf>) requires certain officials in Ulster County to provide detailed information to the County Legislature about state mandates in their budgets. This includes the cost, expected outcomes, and financial impacts, as well as strategies for budget cuts. This helps the Legislature understand the financial burden of state mandates and explore ways to manage these costs without raising taxes or cutting essential services.

[Local Law Number 3 \(2020\)](https://ecode360.com/documents/UL2774/public/581787695.pdf) (<https://ecode360.com/documents/UL2774/public/581787695.pdf>) requires elected officials and department heads in Ulster County to submit detailed budget estimates to both the County Executive and the Legislature. This includes expected expenses and revenues, helping the Legislature review and ensure efficient use of taxpayer money during the budget process. This law aims to enhance budget transparency and effectiveness.

Basis of Accounting

The **Basis of Accounting** refers to when revenues (money coming in) and expenses (money going out) are recognized (recorded) in the accounts and reported in financial statements.

Ulster County uses a **Modified Accrual Basis Of Accounting**, which is based on [Generally Accepted Accounting Principles \(GAAP\)](https://accountingfoundation.org/page/pccAccordion?pageId=/accounting-and-standards/about-gaap/gaap-and-state-local-governments.html).
(<https://accountingfoundation.org/page/pccAccordion?pageId=/accounting-and-standards/about-gaap/gaap-and-state-local-governments.html>)

Modified Accrual Basis of Accounting is a mix of **cash basis** (recording only when money is actually received or spent) and **accrual basis** (recording when revenues are earned or expenses are incurred, regardless of when money changes hands). This method means that revenues are recorded when they become **measurable** (the dollar amount is known) and **available** (they can be collected within the current period, or soon enough after the period ends to pay off current bills).

Revenue is the money that the County receives. It can come from things like taxes, fees, or payments from other government agencies. This is the money that helps pay for the County's services and projects. **Revenues** are recognized when they are both measurable and available. This means money is usually recorded when it is received during the current period or when it can be collected soon enough to pay bills. Some major sources of revenue that are considered measurable and available under this method are:

- Property taxes
- Utility taxes (fees paid by utility companies)
- Franchise fees (payments made by businesses for the right to operate in a certain area)
- Intergovernmental revenues (money received from other government bodies)
- Charges for services received within 60 days of the fiscal year's end.

Expenditures are the money that the County spends. This includes paying for things like employee salaries, supplies, services, and projects. It's the cost of running the County and providing services to the public. **Expenditures** are recorded when a debt or liability is created. Two exceptions to this rule are:

- Unused vacation and sick leave are recorded when they are paid.
- Payments for long-term debt (like bonds) are recorded when paid.

Ulster County uses **Fund Accounting**.

Fund accounting is a method used by governments and nonprofit organizations to track and manage money. In fund accounting, money is divided into separate groups, called **funds**, based on specific purposes or objectives.

A **fund** is a group of related accounts used to control resources set aside for specific activities or goals. Each fund is like its own set of accounts, and the money in one fund can't be mixed with money from another fund unless it's for the same purpose. This system helps ensure that resources are used for their intended purpose and that legal or financial rules are followed.

County of Ulster - Funds:

The various fund types that the county utilizes in its annual budget are described below:

General Fund – The General Fund is the government’s primary operating fund. It is used to account for and report all financial resources of the general government, except those required to be accounted for and reported in another fund. For the County, the General Fund includes such activities as public safety, public health, transportation, public assistance, education and culture and recreation services. The major revenue sources of the General Fund are real property taxes, sales tax, and State and Federal aid.

Debt Service Fund – The Debt Service Fund is used to account for and report the financial resources that are restricted, committed or assigned to expenditures for principal and interest on long-term general obligation debt of governmental funds not accounted for in the General Fund, Capital Projects Fund and the component units. The major revenue source of the Debt Service Fund is real property taxes, and for purposes of this report, Tobacco Settlement Revenues.

Capital Projects Fund – The Capital Projects Fund is used to account for and report financial resources that are restricted, committed or assigned to expenditures for capital outlays, including the acquisition, construction or improvement of capital facilities and other capital assets, other than those financed by proprietary funds or assets held in trust. The major revenue sources of the Capital Projects Fund are State and Federal aid and proceeds of obligations.

Special Revenue Funds – The Special Revenue Funds are used to account for and report the proceeds of specific revenue sources that are restricted, committed, or assigned to expenditures for specified purposes other than debt service or capital projects. Each fund is established on a functional basis and may include one or more grants or other funding sources. The County utilizes the following special revenue funds:

1. The Special Grant Fund accounts for and reports the proceeds received under the Workforce Investment Act and Community Development Block Grant Funds.
2. The County Road Fund accounts for and reports the acquisition and maintenance of roads and bridges pursuant to Section 114 Highway Law.
3. The Road Machinery Fund accounts for and reports the acquisition and maintenance of road machinery and equipment pursuant to Section 133 of Highway Law.

Proprietary Fund Types – Proprietary funds are used to account for activities that are similar to those often found in the private sector and follow accounting standards promulgated by the Governmental Accounting Standards Board. The measurement focus is upon determination of net income, financial position, and changes in financial position. The County operates a workers’ compensation claims-servicing pool, which is accounted for and reported as the Workers’ Compensation Pool and is considered a major proprietary fund. The Workers’ Compensation Pool is used to account for a workers’ compensation claims-servicing pool, which was created in 1979 under Article 5 of the NYS Workers’ Compensation Law. Each of the approximately 62 participants in the pool are responsible for their share of the liabilities of the pool and risk is not shared among the members. The County reports the following additional proprietary funds:

- The Ulster County Economic – Development Alliance (UCEDA) accounts for and reports on the financial activity related to job growth, economic development, and community revitalization for Ulster County.
- The Ulster County Capital Resource Corporation (UCCRC) accounts for and reports on the financial activity related to the promotion of community and economic development and the creation of jobs in the non-profit sector.

Basis of Budgeting

In Ulster County, the budget follows the **Modified Accrual Basis**, which means:

- Only revenues and expenditures expected during the fiscal year are included in the budget.
- Revenues are included in the budget when they are expected to be both measurable (the dollar amount is known) and available (likely to be collected during the budget year).
- Expenditures are included when they are expected to be incurred (when the County owes money), even if they are not paid yet.
- Unspent operating budget funds go back to the general fund at the end of the fiscal year, unless the County has a contractual obligation, in which case those funds are considered encumbered (set aside for a specific use).
- Unspent capital reserve funds are carried forward year to year until the related projects are completed.

The **basis of budgeting** refers to the method used to determine when revenues (income) and expenditures (expenses) are recognized in the budget. It outlines how and when transactions are counted for the purpose of planning the budget.

Appropriations are the amount of money that the County is legally allowed to spend for specific purposes during the year. Each appropriation makes sure that the money is used for the right things.

Expenditures are the actual costs that the County pays for. These happen when the County owes money, like for services, supplies, or salaries.

Budgetary Control

The County's **budgetary control** ensures that **appropriations** (authorized amounts) are not exceeded. This is done by tracking **encumbrances**, which are commitments of money for future expenditures, such as contracts or purchase orders.

At the end of the fiscal year **unspent appropriations** lapse (go back to the general fund), unless they are tied to **encumbrances** (reserved for specific, legally obligated future spending), in which case they are carried over into the next fiscal year.

Prior year budgets can be found on the [Budget Department Transparency Page](#).

Fiscal Reports

Ulster County's financial reports follow GAAP and are available in the **Comprehensive Annual Financial Report (CAFR)**, which you can find on the [County's website](#) (<https://ulstercountyny.gov/finance/annual-reports>).

Investment Policy

The "[Investment Policy](#)" (<https://ulstercountyny.gov/sites/default/files/documents/InvestmentPolicy.pdf#:~:text=It%20is%20the%20policy%20of%20Ulster%20applies%20to%20all%20moneys%20and%20other%20financial%20resources%20available%20for%20investment%20on%20behalf%20of%20Ulster%20County%20or%20on%20behalf%20of%20any%20other%20entity%20or%20individual%20for%20which%20the%20County%20of%20Ulster%20and%20or%20its%20agents%20officers%20or%20employees%20may%20have%20fiduciary%20or%20financial%20responsibility.>) It ensures that investments follow the law, protect the principal, maintain enough cash for operations, and earn a reasonable return. The Commissioner of Finance manages the investment program, sets procedures, and ensures investments are safe and properly handled. The policy requires diversification of investments, strict internal controls, and regular audits to safeguard funds. It also outlines the types of permitted investments and mandates timely reporting and documentation to maintain transparency and accountability.

- [Resolution No. 35 \(2013\)](#) (<https://ecode360.com/documents/UL2774/public/236845005.pdf>) adopts Ulster County's Comprehensive Investment Policy, as required by New York State law. This policy outlines how the County manages and invests public funds, emphasizing legal compliance, principal safety, liquidity, and reasonable returns. The Commissioner of Finance is responsible for implementing the policy, which includes guidelines for monitoring investments, ensuring transparency, and protecting the County's financial interests. This resolution ensures that the County's investments are managed effectively and securely, supporting the County's overall financial health and budgetary goals.

Fund Balance Policy

Ulster County ("the County") has adopted the [\[Fund Balance\] Policy](#).

https://legislature.ulstercountyny.gov/sites/default/files/Res.%20No.%20238%20-%20Backup%20-%20Fund%20Balance%20Policy%20-%20Amended_0.pdf), which sets rules for managing the County's financial reserves to ensure stable finances and continued services. It requires the Commissioner of Finance to maintain sufficient cash levels, protect the County's bond rating, and handle unexpected financial needs. The policy also includes guidelines for financial reporting, helping to stabilize tax rates and user fees, and ensuring transparency and legal compliance in managing public funds.

Related Resolutions:

- [Resolution No. 36 \(2013\)](https://ecode360.com/documents/UL2774/public/236845010.pdf): adopts the Ulster County Fund Balance Policy to help manage the County's finances. This policy sets guidelines for maintaining financial reserves, stabilizing tax rates, protecting the County's bond rating, and ensuring adequate cash flow. It aims to safeguard against financial risks and ensure that funds are available for unexpected expenses. The policy helps keep the County's budget stable and transparent, supporting long-term financial health.
- [Resolution No. 238 \(2021\)](https://ecode360.com/documents/UL2774/public/629788141.pdf): updates Ulster County's Fund Balance Policy to better align with recommended practices from the Government Finance Officers Association (GFOA). The policy helps manage the County's financial resources by stabilizing tax rates, protecting the County's bond rating, and ensuring enough cash flow. This revision ensures that the County maintains at least two months of operating expenses in reserve, improving financial stability and budget planning.

Reserve & Fee Policies

- [Resolution No. 277 \(2012\)](https://ecode360.com/documents/UL2774/public/236841711.pdf): imposes a Motor Vehicle Use Fee in Ulster County, collected by the New York State Commissioner of Motor Vehicles. The revenue generated from this fee supports the County's budget by providing additional funds, which helps maintain and improve transportation infrastructure and services.
- [Resolution No. 405 \(2014\)](https://ecode360.com/documents/UL2774/public/166091612.pdf): establishes a Tax Stabilization Reserve Fund for Ulster County. This fund is designed to protect taxpayers from unexpected revenue losses or cost increases by setting aside money to stabilize the budget. It helps ensure that the County can maintain steady tax rates and provide essential services even in times of financial uncertainty. The fund supports long-term financial planning and stability by creating a financial cushion for the County.
- [Local Law No. 13 \(2015\)](https://ecode360.com/documents/UL2774/public/210299247.pdf): known as the "False Alarm Reduction Act," helps manage the County's budget by reducing the financial burden caused by false alarms. By requiring alarm permits and imposing fines for false alarms, the law aims to lower unnecessary emergency response costs. The collected fees and fines are used to offset administrative and operational expenses, ensuring that taxpayer money is spent more efficiently and effectively, thus positively impacting the County's financial stability and resource allocation.

Tax Policies

[Local Law Number 7 \(2012\)](https://ecode360.com/documents/UL2774/public/391611330.pdf): transfers the responsibilities of the Real Property Tax Service Agency to the Department of Finance. This change aims to improve efficiency and cost-effectiveness in handling property tax services, which directly impacts the County's budget and financial management by centralizing these functions under the Department of Finance.

SECTION 2: BUDGET OVERVIEW

Investing In Our People

2025 EXECUTIVE INITIATIVES

HOUSING

Launches a new “Better Homes for All” initiative to help income-eligible renters and homeowners make **energy upgrades** that save on utility bills and make homes safer and more comfortable, while benefiting the environment.

Continues support for a suite of housing initiatives to expand the supply of **new housing** and **prevent eviction and homelessness**.

PUBLIC TRANSIT

Supports new, **more efficient bus routes** based on a data-driven optimization study and the exploration of a **microtransit pilot program**.

YOUTH

Invests in **training and education** to widen future career opportunities, supports **programming for youth in emergency housing**, and funds a new **lead-hazard rental inspection program** in high-risk areas.

EXPANDING ECONOMIC OPPORTUNITIES

Supports micro-grants, low-interest loans, training, and other **support to entrepreneurs and small businesses facing capital barriers**, including minority-, women-, and veteran-owned small businesses.

HELPING LOCAL GOVERNMENTS GO GREEN

Funds grants to **help municipalities hire energy managers** and install **public EV chargers** and establishes an **intermunicipal climate task force**.

EMERGENCY MEDICAL SERVICES

Helps shore up EMS and reduce gaps in service through: **legal assistance** for towns to explore a shared services model, a new **EMS certification program & incentives**, a new County **EMS training unit**, a **Grant Program** for EMS equipment to provide a higher level of patient care, and a new **County EMS Advisory Board** to support continued collaboration to strengthen service.

BRIDGES AND ROADS

Supports a **\$10M Bridge Reserve Fund**, to repair and build more resilient infrastructure, and bolsters the Department of Public Works with **new equipment operator and bridge repair crew positions**.

VETERAN FAMILIES

Addresses a lack of needed support for family caregivers of veterans and active-duty service members by establishing a **family peer-support and assistance program**.

CORRECTIONS TO CAREERS EXPANSION

Expands a **pre-apprenticeship program for incarcerated individuals** to become full apprentices with the Carpenter’s Union or another trade of their choice after their release.

GOVERNMENT EFFICIENCY

Increases operational efficiency and saves taxpayers money by consolidating certain departments and functions under two new departments: **General Services** and **Risk Management**.

Invirtiendo en nuestra gente

2025 INICIATIVAS EJECUTIVAS

VIVIENDA

Lanza una nueva iniciativa 'Mejores Viviendas para Todos' para ayudar a inquilinos y propietarios de viviendas con ingresos elegibles a realizar **mejoras energéticas** que les ayuden a ahorrar en las facturas de servicios y hagan que las viviendas sean más seguras y cómodas, beneficiando al mismo tiempo al medio ambiente. Continuar apoyando un conjunto de iniciativas de vivienda para ampliar la oferta de **nuevas viviendas** y **prevenir el desalojo y la falta de vivienda**.

SERVICIOS MÉDICOS DE EMERGENCIA

Ayuda a reforzar los EMS y reducir las brechas de servicio a través de **asistencia legal** para que los pueblos exploren un modelo de servicios compartidos, un nuevo **programa de certificación e incentivos para EMS**, una nueva **unidad de capacitación de EMS del Condado**, un **Programa de Subvención** para equipos de EMS para proporcionar un mayor nivel de atención al paciente, y una nueva **Junta Asesora de EMS del Condado** para apoyar la colaboración continua y fortalecer el servicio.

TRANSPORTACIÓN PÚBLICA

Apoya nuevas y **más eficientes rutas de autobuses** basadas en un estudio de optimización impulsado por datos, y financia la exploración de un **programa piloto de microtránsito**.

PUENTES Y CARRETERAS

Apoya el **Fondo de Reserva de Puentes de \$10 millones** para reparar y construir una infraestructura más resiliente, y fortalece al Departamento de Obras Públicas con **nuevos puestos de operadores de equipo y de reparación de carreteras**.

JÓVENES

Invierte en **capacitación y educación** para ampliar las oportunidades profesionales, apoya **programas para jóvenes en viviendas de emergencia**, y financia un nuevo **programa de inspección de alquileres por peligro de plomo** en áreas de alto riesgo.

FAMILIAS DE VETERANOS

Aborda la falta de apoyo necesario para los cuidadores familiares de veteranos y miembros de servicio activo al establecer un **programa de apoyo entre pares y asistencia para familias**.

EXPANDIENDO OPORTUNIDADES ECONÓMICAS

Apoya micro-subvenciones, préstamos de bajo interés, capacitación y otros **tipos de apoyo para emprendedores y pequeñas empresas que enfrentan barreras de capital**, incluidas pequeñas negocios de minorías, mujeres y veteranos.

DEL SISTEMA CORRECCIONAL A LA EXPANSIÓN DE CARRERAS

Expande un programa de **preaprendizaje para personas encarceladas**, permitiéndoles convertirse en aprendices completos con la Unión de Carpinteros u otro oficio de su elección una vez que sean liberados.

AYUDANDO A LOS GOBIERNOS LOCALES A ADOPTAR PRÁCTICAS ECOLÓGICAS

Financia subvenciones para **ayudar a las municipalidades a contratar gerentes de energía** e instalar **cargadores públicos de vehículos eléctricos (EV)**, y establece un **grupo intermunicipal de trabajo sobre clima**.

EFICIENCIA GUBERNAMENTAL

Incrementa la eficiencia operativa y ahorra dinero a los contribuyentes mediante la consolidación de ciertos departamentos y funciones bajo dos nuevos departamentos: **Servicios Generales** y **Administración de Riesgos**.

2025 Executive Budget Initiatives

The 2025 Executive Budget strives to balance the needs of our community now and in the future by making fiscally responsible and strategic investments that yield the most ‘bang for our buck,’ bolstering County services and investing in our people.

Holding Property Taxes Flat

The 2025 Executive Budget does not raise property taxes.

Guarding Against Future Economic Uncertainty

Ulster County’s Fund Balance Policy, as amended last year, requires the unrestricted fund balance to be between 15 and 20 percent. This “rainy day fund” helps protect taxpayers against changing economic and fiscal conditions from one year to the next. The Executive Budget takes a prudent approach by keeping a 19.9% percent unrestricted General Fund balance after appropriations and reserves.

New Reserves

- **\$10M Bridge Reserve Fund:** The 2025 Executive Budget proposes to establish a \$10 million fund to support bridge repairs and replacements, reducing borrowing costs for taxpayers in the future while keeping the unrestricted General Fund balance in compliance with the County’s Fund Balance Policy.
- **\$2M Retirement Reserve:** The 2025 Executive Budget proposes the creation of a \$2 million Retirement Contribution Reserve Fund to help protect taxpayers by offsetting the projected rising costs of retirement contributions while keeping the unrestricted General Fund balance in compliance with the County’s Fund Balance Policy. Over the past two years alone, the cost of retirement contributions paid to New York State have increased by \$4 million, making this reserve a prudent move for the future.

Improving Government Efficiency

In 2025, the County will enhance operational efficiency and save taxpayer money by consolidating certain County government functions into two new departments: General Services and Risk Management. The Department of General Services will handle purchasing, central services (mail and printing), and a new business services division to streamline administrative support for smaller departments. The Risk Management Department will integrate the Safety and Insurance Departments.

Housing Investments

In the face of a housing affordability crisis, the 2025 Executive Budget includes a suite of initiatives to help preserve and expand housing that residents can afford while improving services for those in immediate need:

- **Housing Action Fund (\$15M, with additional \$1.5M of dedicated occupancy tax revenues annually)** - The Executive Budget builds upon the new \$15M Ulster County Housing Action Fund (HAF) created in partnership with the County Legislature to catalyze development of housing that is healthy, green, and most importantly, affordable to our residents. To ensure a sustained investment over time, the County Executive worked with the Legislature to adopt a policy that allocates 25% of annual occupancy tax revenues for housing.
- This year saw approval of the first round of Housing Action Fund awards, with \$2M committed to five projects in five different communities (City of Kingston and Towns of Hurley, New Paltz, Saugerties and Ulster) that will provide affordable homes for over 200 individuals and families. These projects represent a diverse mix, with both home ownership and rental opportunities, supportive housing for our homeless residents, senior housing for our elders, and new homes for families for whom homeownership has been out of reach.
- **ADUs / "Plus One" Home Program** - The Ulster County Planning Department has successfully secured a \$5 million state award to expand the 'Plus One' Home Program, offering grants of up to \$125,000 to homeowners for the construction of Accessory Dwelling Units (ADUs) on their properties in exchange for keeping the rent for the units affordable. This program not only increases housing availability but also provides homeowners with supplemental funds to manage their expenses. This state award will go directly to RUPCO, the County's non-profit administrator for the program, with no County budgetary allocation.
- **Homelessness Prevention (\$260,000)** - Bipartisan legislation to extend and expand the contract with Legal Services of the Hudson Valley to assist residents facing eviction, and additionally utilize nearly \$155,000 In ARPA funding to help with rental arrears.
- **"Better Homes for All" Program (\$200,000)** This energy equity initiative will directly connect struggling households with state and federal energy programs that cover all or most of the costs of weatherization and energy efficient upgrades and appliances, reducing carbon footprint and energy bills and improving residents' health, safety, and comfort.
 - **Outreach & Implementation (\$60,000)** - The "Better Homes for All" Program will be coordinated by a Climate Justice Fellow, who will collaborate with County service departments, state agencies, and local community-based partners to implement this initiative. The Fellow will be assisted by Climate Corps interns doing outreach in their own communities as part of "Better Homes for All," helping neighbors and fellow community members.
 - **Mobile Home Resilience Grants Program (\$140,000)** - A proposal to create a grant program, thanks to federal funding, to fill a gap in state funding for improvements to mobile and manufactured homes. The grants will be administered through a contract with Ulster County Community Action, the local administrator of the federal Weatherization Assistance Program, to enable these households to shift from costly propane heat to an efficient heat pump that provides both heating and cooling more affordably.
- **Protecting Renters from Home Lead Hazards (\$550,000, fully state-funded)** - To address lead paint hazards in rental housing, a new New York State law establishes a statewide lead rental registry and requires County Health Departments to inspect rental units in designated communities of concern. Building owners must remediate hazards, and a lead safety certificate will be issued and tracked in a state registry. More than 4,200 buildings will require inspection in Ulster County, 85% of them in Kingston and the rest, in nearby towns. The County will partner with the City of Kingston's Building Department for lead-hazard inspections, leveraging their existing code compliance inspections for efficiency.

Investments in Transit & Infrastructure

The free UCAT bus system serves as an essential and affordable means of transportation for residents, facilitating access to work, education, and appointments, and also supports our Tourism industry by providing convenient transportation to attractions around the County.

- **UCAT Route Optimization Assessment** - Undertaken by the Ulster County Transportation Council, the goal is to better meet riders' needs by increasing the frequency of service, extending certain routes, and reducing wait times at connections. The public will have opportunities to provide input on proposals in the Fall, with changes expected to be finalized by the end of the year. Service improvements will be implemented over three years, and the budget will be amended to reflect added costs, if any, in 2025. Thanks to a new Occupancy Tax policy, which dedicates 25% of tax revenues from visitor stays to transportation, the additional revenue is expected to offset the cost of improvements.
- **Microtransit** - The County has applied for \$3.4 million in funding from the NYS Department of Transportation's Innovative Mobility Initiative — a five-year pilot program to provide on-demand bus service in three areas of the County where there are higher numbers of residents without personal transportation. In the County's proposal, small UCAT buses would provide service to appointments, shopping plazas, and other local destinations, either directly or by connecting riders to buses on fixed routes. News on this grant application should come by the end of the year.
- **Improving our Bridges (\$10M capital reserve; \$350,000 operating)** - The impacts of climate change, including more severe weather and flooding, increases wear and tear on transportation infrastructure and underscores the importance of preventive maintenance and resilient design.
 - **New Bridge Reserve Fund (\$10M)** The County Executive proposes to establish a \$10 million reserve to reduce borrowing costs for the bridge replacement program, which will provide long-term savings to taxpayers.
 - **New Department of Public Works Positions** - Four positions would be added to road and bridge crews to meet increasing needs and reduce costs by keeping more of the work in-house rather than contracting it out.

Helping Local Governments Go Green

- **Clean Energy Municipality Assistance (\$2.5M)** - Using federal American Rescue Plan Act funding, the County is helping local governments reduce climate-damaging emissions and provide long-term taxpayer savings. Twelve municipal solar and electric vehicle charging projects were awarded funding in 2024 totaling \$750,000. A second round of grants, drawing on remaining funds, will be made available in 2025:
 - **Energy Manager & EV Charging Grants** - The County will offer grants to offset the local share of a NYSERDA-funded program for local governments to hire an on-site energy manager for up to two years. The program will also continue to offer grants for public electric vehicle charging facilities.
 - **Intermunicipal Climate Task Force** - The County will also establish an intermunicipal climate task force of the Environmental Management Council, with staff support from the Department of Environment, to coordinate and enhance municipal climate initiatives and facilitate information-sharing.

Emergency Medical Services Investments

In an emergency situation involving health or injury, it is critical that our residents can count on prompt medical service. While many areas of the county have robust Emergency Medical Service (EMS) coverage, certain regions face significant gaps, reflecting wider state and national trends in declining recruitment and other challenges. This budget proposes initiatives to enhance EMS recruitment, provide necessary training and equipment for volunteers, and support a multijurisdictional approach to address service gaps.

- **Legal Services to Support a Shared Model (\$10,000)** - Several County municipalities are discussing a joint contract for Advanced Life Support (ALS) services to improve emergency response for critical situations (like heart attacks and strokes), which make up about 60% of calls. The Emergency Services Department is facilitating these talks, and the Executive Budget proposes contracting with a law firm specializing in EMS contracts to supplement this support with legal expertise.
- **EMS Recruitment & Training (\$176,000 net County cost)** - The County, in partnership with SUNY Ulster, will seek state approval to offer EMS certification programs, incentivizing program completion and field service with a work-study stipend, modeled on the State Fire Service work-study program. Additionally, the County will establish an EMS Training Unit within the Department of Emergency Management to ensure first responders are current on all training requirements and best practices.
- **EMS Grant Program (\$500,000)** - The County would establish an EMS Grant Program to assist volunteer EMS services with purchasing equipment that bolsters their capability to provide a higher level of patient care.
- **EMS Advisory Board:** An EMS Advisory Board will be established to gather and relay information regarding ongoing needs and possible solutions related to Emergency Medical Services.

Investing in Our People

- **Supporting Veteran Families (\$50,000)** - The County will launch a new program to support caregivers of current or former military members. These caregivers often lack formal support and frequently care for individuals with service-related mental health challenges. This funding will establish peer support for military-connected families and ensure they have access to the necessary local, state, and federal resources.
- **Supporting Youth in Emergency Housing (\$215,000)** - The Executive budget includes funding to extend after-school and summer programming opportunities to youth in emergency housing. The Youth Bureau, in partnership with the Department of Social Services, will coordinate placements and also ensure that transportation is available if needed. In 2025, the primary focus will be on the Kingston Motel, where the majority of families in emergency housing are currently placed.
- **SUNY Ulster (\$7.1M)** - To help all our young people realize their full potential, education is key, and the Executive Budget continues to reflect a strong commitment to our community college with an increase in operational support of over \$200,000 in 2025, for a total County contribution of \$7.1 million.
- **A New Start for Incarcerated Individuals (\$38,000)** - “Corrections to Careers,” a partnership with the Carpenters’ Union Local 279 launched by the County Executive in partnership with the Sheriff, provides incarcerated individuals with pre-apprenticeship training. In 2025, the program will be expanded to include next-level training in the union apprenticeship program upon release from jail for a rewarding career in the trades.
- **New Entrepreneurs and Small Business Opportunities** - The County Economic Development Department is applying for a \$300,000 Community Development Block Grant to fully fund a new **Ulster County Entrepreneur Employment Grant Program**. The program would offer micro-grants and support services to entrepreneurs and businesses, with more than half of the grants dedicated to entrepreneurs with incomes at or below 80% of the area median income. The goal is to expand opportunities, foster a diverse and inclusive business environment, and create jobs.
 - In addition to the micro-grant program, the County will restructure and re-energize the existing **Revolving Loan Fund, (already capitalized at approximately \$1.2 million)** to help small businesses facing barriers to accessing capital, including minority-, women-, and veteran-owned businesses. These low-interest loans can be used for working capital, energy efficiency and facility upgrades, as well as machinery and equipment purchases.

Personnel Changes

The 2025 Adopted Budget provides an additional 23 Full-Time Equivalent (FTE) positions, while removing 5 FTE positions, resulting in a net increase of 18 FTE positions. These additions reflect the need to hire additional professional staff to address the continued increase in demand for services.

SECTION 3: FUND SUMMARY

All Funds Summary

A fund is a grouping of related accounts that are used to maintain control over resources that have been dedicated for specific activities or objectives. The County, like other state and local governments, uses fund accounting to ensure and demonstrate finance related legal compliance. The following outlines a list of important data and statistics that apply to the General Fund, Special Grants Funds, County Road Fund, Road Machinery Fund, Self Insurance Fund and Debt Service Fund.

Governmental Fund Types - These are the funds that the majority of governmental activities are recorded. Governmental funds use the modified accrual basis of accounting. In Ulster County, governmental fund types include the General, Capital Projects, Debt Service, and Special Revenue funds. Permanent Funds are also governmental fund types, which Ulster County currently does not have.

- **General Fund (AA)** – The General Fund is the government’s primary operating fund. It is used to account for and report all financial resources of the general government, except those required to be accounted for and reported in another fund. For the County, the General Fund includes such activities as public safety, public health, transportation, public assistance, education and culture and recreation services. The major revenue sources of the General Fund are real property taxes, sales tax, and State and Federal aid.
- **Debt Service Fund (VV)** – The Debt Service Fund is used to account for and report the financial resources that are restricted, committed or assigned to expenditures for principal and interest on long-term general obligation debt of governmental funds not accounted for in the General Fund, Capital Projects Fund and the component units. The major revenue source of the Debt Service Fund is real property taxes, and for purposes of this report, Tobacco Settlement Revenues.
- **Special Revenue Funds** – The Special Revenue Funds are used to account for and report the proceeds of specific revenue sources that are restricted, committed, or assigned to expenditures for specified purposes other than debt service or capital projects. Each fund is established on a functional basis and may include one or more grants or other funding sources. The County utilizes the following special revenue funds:
 - The Special Grant Fund (BB) accounts for and reports the proceeds received under the Workforce Investment Act and Community Development Block Grant Funds.
 - The Housing Action Fund (CH) Fund supports the County’s commitment to equitable and sustainable community development through the construction, development, revitalization, and preservation of affordable, workforce, and supportive housing.
 - The County Road Fund (DD) accounts for and reports the acquisition and maintenance of roads and bridges pursuant to Section 114 Highway Law.
 - The Road Machinery Fund (EE) accounts for and reports the acquisition and maintenance of road machinery and equipment pursuant to Section 133 of Highway Law.
- **Capital Projects Fund (HH)** – The Capital Projects Fund is used to account for and report financial resources that are restricted, committed or assigned to expenditure for capital outlays including the acquisition or construction of capital facilities and other capital assets, such as equipment. Capital projects are budgeted on an individual project basis and the legal and contractual requirements will vary from one project or class of projects to another.

Proprietary Fund Types – Proprietary funds are used to account for activities that are similar to those often found in the private sector and follow accounting standards promulgated by the Governmental Accounting Standards Board. The measurement focus is upon determination of net income, financial position, and changes in financial position.

- **Medical Self-Insurance Fund (MM)** is an internal service fund used to account for the County’s self-insured activities related to its employees’ Hospital, Medical and Prescription coverage. The reimbursements and premiums are treated as operating revenues of the internal service fund and as expenditures/expenses of the reimbursing or insured fund. In Ulster County, The MM Fund charges the General, Special Revenue, County Road, Road Machinery and Self Insurance - Workers Compensation Funds (SS) for the employer portion of Health Insurance premium equivalent provided to the employees paid from those respective funds.
- **Self-Insurance - Workers’ Compensation Fund (SS)** is a workers’ compensation claims-servicing pool, which is accounted for and reported as the Workers’ Compensation Pool and is considered a major proprietary fund. The Workers’ Compensation Pool is used to account for a workers’ compensation claims-servicing pool, which was created in 1979 under Article 5 of the NYS Workers’ Compensation Law. Each of the approximately 62 participants in the pool are responsible for their share of the liabilities of the pool and risk is not shared among the members.

Personnel Services Summary

Personal Services Summary

The 2025 Executive Budget includes Personnel Services, more commonly known as Salary and Wages, across all operating funds totaling \$113,533,134. These costs can be further broken down into 5 broad categories described in greater detail below:

- Regular Pay - This expenditure object represents the earnings of employees of the county paid on a salary basis or who work full-time.
- Part-Time Pay - This expenditure object represents the earnings of part-time employees of the county.
- Overtime Pay - This expenditure object represents the earnings of full-time employees who are eligible to earn overtime pay for time worked beyond their normal schedule, in accordance with the Collective Bargaining Agreements, State and Federal Laws.
- Contractual Pays - This expenditure object represents earnings for employees based on the applicable Collective Bargaining Agreements, or, in the case of non-represented employees, the County's Personnel Policy Manual. Contractual pays include:
 - Expanded Duty Pay
 - Holiday Pay
 - Longevity Payments
 - On-call Pay
 - Out of Title Pay
 - Shift Differential
 - Stipends
 - Separation Pay
- Vacancy Savings - The 2025 Executive Budget includes, for the first time, an estimated savings due to unfilled vacancies of County positions through-out the year. The estimate was based on a 4 year analysis of unspent regular pay, offset by increased overtime costs and budgeted reimbursements not received, to create a net estimated reduction in regular pay of \$2.15M.

Fund Balance Estimate

Estimated Operating Fund Balance After Deducting Reserves

As of December 31, 2024

FUND	12/31/2023	2024 Change	Bridge Reserve	Retirement Reserve	Estimated 12/31/2024	Housing Action	Appropriated Fund Balance 2025	Estimated 12/31/2025
General Fund (Unrestricted)	\$113,467,076	\$4,597,896	(\$10,000,000)	(\$2,000,000)	\$106,064,972	(\$13,000,000)	(\$18,397,723)	\$74,667,249
Special Grant Fund	\$245,923	\$0	\$0	\$0	\$245,923	\$0	\$0	\$245,923
Housing Action Fund	\$0	\$2,000,000	\$0	\$0	\$2,000,000	\$13,000,000	\$0	\$15,000,000
County Road Fund	\$5,350,770	(\$704,250)	\$0	\$0	\$4,646,520	\$0	\$0	\$4,646,520
Road Machinery Fund	\$918,245	(\$135,579)	\$0	\$0	\$782,666	\$0	\$0	\$782,666
Debt Service Fund	\$2,712,900	\$0	\$0	\$0	\$2,712,900	\$0	\$0	\$2,712,900

The County's Fund Balance Policy requires the County Executive's Recommended Budget to request and disclose the use of Committed and/or Assigned Fund Balance. Included in this disclosure, the Executive Budget must include:

- o A schedule detailing each affected fund balance's beginning balance
- o The name of the vendor associated with the use of the funds
- o A description of the recommended use
- o The value of the recommended use
- o The account's budgeted ending balance assuming all recommendations be authorized and executed.

For the 2025 Fiscal Year, the Operating Fund does request the use of Assigned Fund Balance for Jail Telephone Commissions.

Assignment	12/31/2023	2024 Revenues	2024 Expenditures	Estimated 12/31/2024	2025 Revenues	2025 Expenditures	Estimated 12/31/2025

Revenue Summary

- Non-Property Tax Items - This revenue center represents all taxes collected by the County besides Real Property Taxes
 - Hotel/Motel Taxes - In 2023, the County requested Home Rule legislation that the Hotel & Motel Occupancy Tax rate be increased from 2% to 4%. The State Legislature has passed this Home Rule legislation and a local law has been adopted ratifying this change. The 2025 Executive Budget reflects this rate change and budgets \$6.3M for 2025. 25% of the total collections be dedicated for Housing purposes and another 25% of the total collections will be dedicated to supporting a robust public transit system.
 - Sales Tax remains the County's single largest revenue source, and is also one of its most volatile. The 2025 projection of sales tax is based on the forecasted collections for the current year, current economic trends, and the anticipated impact of those forecasts and trends in the next year. In 2023, Sales Tax collections totaled \$170.5M, exceeding 2023 budgeted levels of \$167M. The 2025 Executive Budget projects that sales tax collections will increase by about 3% from 2023 actuals and total \$175.5M. The 2025 Executive Budget projects that collections will slow in 2025 and remain flat from 2024 projected actual collections, therefore the 2025 Executive Budget includes an increase Sales Tax collections equal to the projected 2024 collections.
- Real Property Taxes - The 2025 Executive Budget proposes to keep the Real Property Tax Levy flat for 2025, at \$74,028,225. The 2025 Executive Budget also proposes to keep the allowance for uncollectible taxes flat at \$1,000,000.
- State Aid - The 2025 Executive Budget projects an \$8M increase in State Aid. This increase is primarily related to increased reimbursement from New York State for mandated services, such as Child Welfare Services, Safety Net and Early Intervention, which have corresponding projected expenditure increases.
- Federal Aid - The 2025 Executive Budget includes a \$1.5M increase in Federal Aid. This increase is directly attributable to federal reimbursement of American Rescue Plan Act (ARPA) expenditures budgeted in 2025 for transit, separate from the \$34M in State and Local Fiscal Relief funds allocated to Ulster County in response to the COVID-19 pandemic.

Expenditures by Fund

2025 Expenditures by Fund

Historically, Ulster County's Operating Budget has been comprised of the General, Special Revenue, County Road, County Machinery, Self Insurance - Workers' Compensation and Debt Service Funds. These charts present the expenditure and revenues for these funds. Additionally, the Housing Action Fund has been included since it is an additional new governmental fund. The new Medical Self-Insurance Internal Service Fund has been excluded from these charts since its primary source of revenues have been captured as expenditures in the various other governmental funds of the County that are displayed above.

Governmental Funds Summary

These are the funds that the majority of governmental activities are recorded. Governmental funds use the modified accrual basis of accounting. In Ulster County, governmental fund types include the General, Capital Projects, Debt Service, and Special Revenue funds. Permanent Funds are also governmental fund types, which Ulster County currently does not have. The Governmental Funds shown below are made up of the following funds in Ulster County: (AA) General Fund, (BB) Special Grant Revenue Fund, (CH) Housing Action Fund, (DD) County Road Fund, (EE) County Machinery Fund, and the (VV) Debt Service Fund.

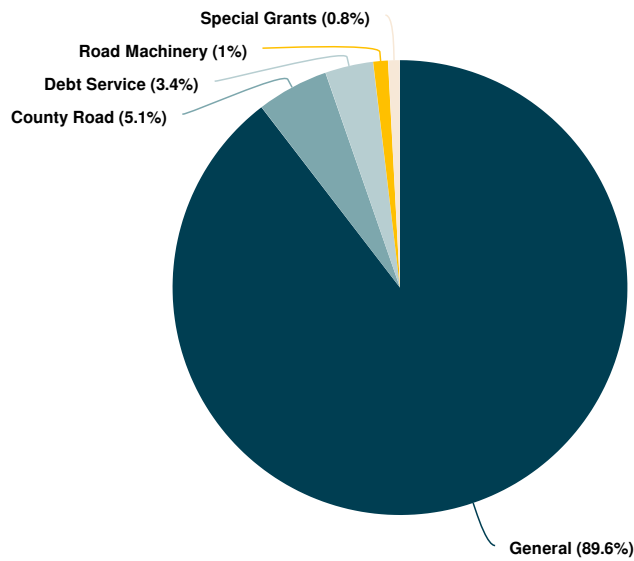

Summary

The County of Ulster is projecting \$422.16M of revenue in FY2025, which represents a 4.6% increase over the prior year. Budgeted expenditures are projected to increase by 4.6% or \$18.56M to \$422.16M in FY2025.

General

The General Fund (A) is the government’s primary operating fund. It is used to account for and report all financial resources of the general government, except those required to be accounted for and reported in another fund. For the County, the General Fund includes such activities as public safety, public health, transportation, public assistance, education and culture and recreation services. The major revenue sources of the General Fund are real property taxes, sales tax, and State and Federal aid.

Summary

Budgeted and Historical Expenditures by Fund

Please note the following, for all financial figures located in this budget document:

- o 2022 Actual financial figures are calculated as of December 22, 2023.
- o 2023 Actual financial figures are calculated as of December 22, 2023.

Special Grants

The Special Grant Fund (B) accounts for and reports the proceeds received under the Workforce Investment Act and Community Development Block Grant Funds.

The Special Grants Fund is considered a Special Revenue Fund, which is used to account for and report the proceeds of specific revenue sources that are restricted, committed, or assigned to expenditures for specified purposes other than debt service or capital projects. Each fund is established on a functional basis and may include one or more grants or other funding sources.

Summary

Budgeted and Historical Expenditures by Fund

Please note the following, for all financial figures located in this budget document:

- 2022 Actual financial figures are calculated as of December 22, 2023.
- 2023 Actual financial figures are calculated as of December 22, 2023.

Housing Action Fund

The Housing Action Fund (CH) Fund supports the County's commitment to equitable and sustainable community development through the construction, development, revitalization, and preservation of affordable, workforce, and supportive housing. Local Law 3 of 2023 provided that the development, maintenance, management, and/or provision of affordable housing is a public purpose in accordance with the New York State Constitution Sections IX and Municipal Home Rule Law Section 10. Originally established as an assignment of the General Fund via Resolution 330 of 2023, this fund was created pursuant to Resolution 475 of 2024 to record the first planned disbursements of the Housing Action Fund and transferred those funds from the General Fund. The remaining Housing Action Fund assignment remains in the General Fund.

The Housing Action Fund is categorized as a governmental fund, and considered a special revenue fund, specifically a miscellaneous funds type.

County Road

The County Road Fund (D) accounts for and reports the acquisition and maintenance of roads and bridges pursuant to Section 114 Highway Law.

The County Road Fund is considered a Special Revenue Fund, which is used to account for and report the proceeds of specific revenue sources that are restricted, committed, or assigned to expenditures for specified purposes other than debt service or capital projects. Each fund is established on a functional basis and may include one or more grants or other funding sources.

Hospital/Medical

Medical Self-Insurance Fund (MM) is an internal service fund used to account for the County's self-insured activities related to its employees' Hospital, Medical and Prescription coverage. The reimbursements and premiums are treated as operating revenues of the internal service fund and as expenditures/expenses of the reimbursing or insured fund. In Ulster County, The MM Fund charges the General, Special Revenue, County Road, Road Machinery and Self Insurance - Workers Compensation Funds (SS) for the employer portion of Health Insurance premium equivalent provided to the employees paid from those respective funds.

Summary

The County of Ulster is projecting \$27.05M of revenue in FY2025, which represents a 0% increase over the prior year. Budgeted expenditures are projected to increase by 0% or \$27.05M to \$27.05M in FY2025.

Self Insurance

The Self Insurance Fund (S) is used to account for a workers' compensation claim-servicing pool. This was created in 1979 under Article 5 of the NYS Workers' Compensation Law. Each of the 62 participants in the pool are responsible for their share of the liabilities of the pool and risk is not shared among the members.

Summary

Budgeted and Historical Expenditures by Fund

Please note the following, for all financial figures located in this budget document:

- o 2022 Actual financial figures are calculated as of December 22, 2023.
- o 2023 Actual financial figures are calculated as of December 22, 2023.

Debt Service

The Debt Service Fund (V) is used to account for and report the financial resources that are restricted, committed or assigned to expenditures for principal and interest on long-term general obligation debt of governmental funds not accounted for in the General Fund and Capital Projects Fund. The major revenue source of the Debt Service Fund is real property taxes.

SECTION 4: DEPARTMENTS

All Departments Summary

Expenditures Summary

\$459,187,097 **\$46,055,737**
(11.15% vs. prior year)

All Departments Summary Proposed and Historical Budget vs. Actual

Expenditures by Department and Subject Area

The All Departments Summary fund's expenditures by function for the years 2023, 2024, and 2025 show significant increases in Economic Assistance and Opportunity, General Government, and Public Safety categories.

- o In 2023, Economic Assistance and Opportunity expenditures increased by 10% to \$128,941,466. This trend continued in 2024 with an 11% increase to \$142,936,134. The upcoming 2025 budget will see an 8% increase to \$153,823,644.
- o Public Safety expenditures had a smaller increase in 2023, rising by 3% to \$53,240,166, and a 15% increase to \$61,142,551 in 2024. The 2025 budget will see a 3% increase to \$63,041,689.

These changes reflect the county's commitment to investing in economic assistance and opportunity, general government, and public safety. With these increases, the county is poised to continue providing essential services and support to its residents in the upcoming budget year.

All Departments Summary Proposed and Historical Budget vs. Actual

Please note the following, for all financial figures located in this budget document:

- o 2022 Actual financial figures are calculated as of December 22, 2023.
- o 2023 Actual financial figures are calculated as of December 22, 2023.

Revenue by Department and Subject Area

The All Departments Summary fund's expenditures by source for the years 2023, 2024, and 2025 show a mix of increases and decreases in spending across the top three categories.

- In the General Government category, there was a 3% increase in 2023 to \$263,122,441, followed by a 5% decrease in 2024 to \$250,329,880. The upcoming 2025 budget will see a 3% increase to \$258,680,391.
- Economic Assistance and Opportunity expenditures saw a 15% increase in 2023 to \$70,362,445, but remained unchanged in 2024 at \$70,539,560. The 2025 budget will see a 7% increase to \$75,765,251.
- Transportation expenditures also saw a mix of increases and decreases, with a 2% increase in 2023 to \$28,721,092, followed by an 11% increase in 2024 to \$31,945,731. The 2025 budget will see a 4% increase to \$33,071,693.

Overall, these changes reflect a continued focus on economic assistance and opportunity, while also addressing the needs of general government and transportation. It is important to note that these figures do not include any N/A values and are reported in exact \$ and % values, ensuring accuracy and transparency.

Revenues by Source

The All Departments Summary fund's expenditures by source for the years 2023, 2024, and 2025 show a mix of increases and decreases across the top three categories.

- Non-Property Tax Items expenditures increased by 3% in 2023 to \$176,517,353, decreased by 1% in 2024 to \$175,326,000, and are expected to increase by 5% to \$183,956,000 in the upcoming 2025 budget. This category shows a steady overall increase in expenditures.
- State Aid expenditures saw a significant increase of 17% in 2023 to \$67,451,116, followed by a 2% decrease in 2024 to \$66,302,501. However, in the 2025 budget, State Aid expenditures are expected to increase by 12% to \$74,238,251. This category shows a fluctuation in expenditures, but with an overall increase.
- Real Property Taxes expenditures decreased by 7% in 2023 to \$72,040,080, followed by a slight increase of 1% in 2024 to \$73,028,225. In the upcoming 2025 budget, there will be no change in Real Property Taxes expenditures, remaining at \$73,028,225. This category shows a decrease followed by a stabilization of expenditures.

Overall, the All Departments Summary fund's expenditures by source for the years 2023, 2024, and 2025 demonstrate a mix of increases and decreases, with the majority of categories showing an overall increase in expenditures.

PL Notes:

11751225 - Resolution 503 of 2024

Aging, Office For The

Susan Koppenhaver
Director

The Ulster County Office for the Aging (OFA) aids older adults in maintaining their independence through advocacy, development, and delivery of person-centered, consumer-oriented, and cost-effective policies, programs, and services that support and empower them and their families. We accomplish this in partnership with a broad network of public and private organizations that serve seniors and their families.

Mission

It is the mission of the Ulster County Office for the Aging to assist and empower older adults and their families to live as independently as possible, with dignity and purpose.

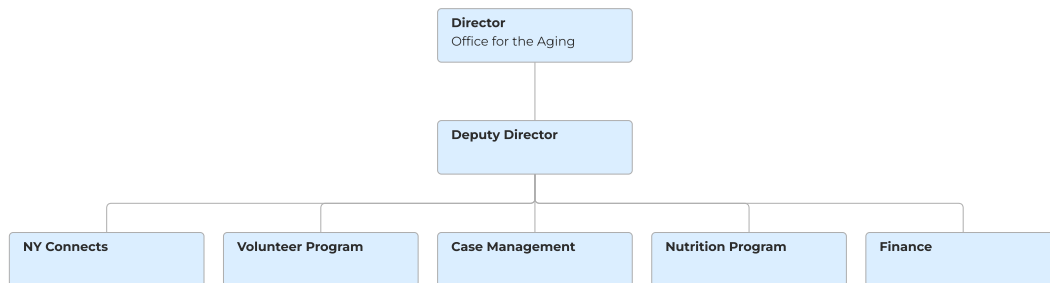

Vision

Ulster County Office for the Aging will strive to reach more older adults by bringing services to remote and underserved areas of the County. The Office will expand educational health programs, enrollment in services, and advocacy program opportunities, so that seniors can stay in, and contribute to, their community.

Core Values

- Client Centered
- Mindful of Needs
- Equitable
- Respectful
- Knowledgeable of Services and Local Resources
- Empathetic and Compassionate

Budget

Ken Juras
Budget Director

This department is responsible for preparation of the County Executive's annual budget, and monitoring and analyzing revenues and expenditures throughout the year. Additionally, the Department of Budget is responsible for working with the County's Executive Departments to evaluate performance, streamline operations and deliver improved outcomes for County residents.

Mission

To be the stewards of responsible and accurate allocation of taxpayer dollars.

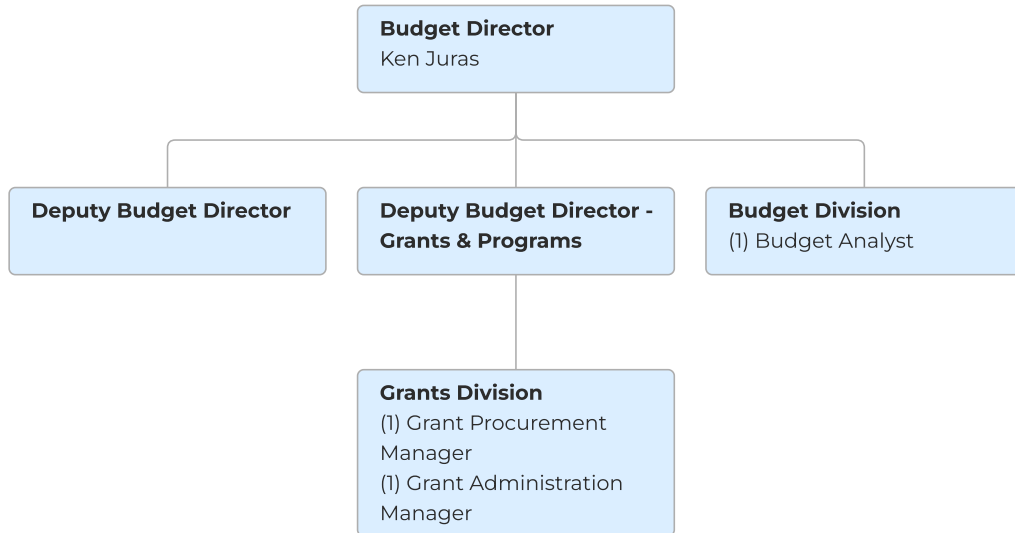

Vision

The creation of a data-informed county budget that responsibly allocates taxpayer dollars for maximum benefit and utilization.

Core Values

- Accuracy
- Integrity
- Responsibility

County Comptroller

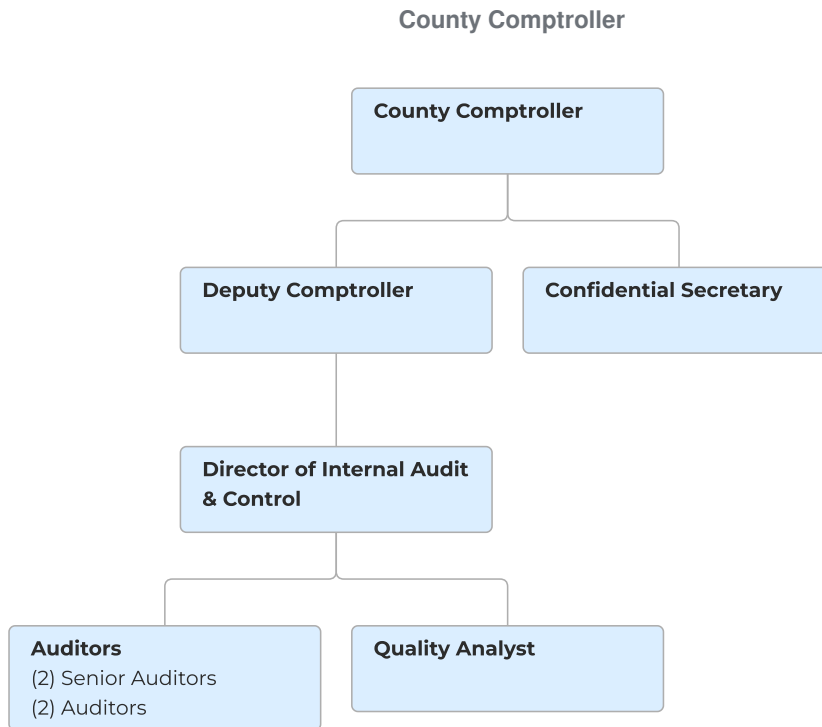

March Gallagher
County Comptroller

The function of the Ulster County Comptroller’s Office is to independently verify expenditures, track revenues, monitor the stewardship of funds of the County, evaluate internal controls and County program performance, and provide advice on the financial and economic health of the County.

Mission/Vision

To serve as Ulster County’s trusted watchdog and advisor and to work in partnership with the County Legislature, County Executive, and the community to facilitate transparency and accountability without compromising independence, objectivity or integrity.

County Attorney

Clinton G. Johnson, Esq
County Attorney

In an environment of increasing litigation and legal exposure, the County Attorney's Office serves a critical function for the County, handling claims ranging from property damages to serious injuries and fatalities, supporting legal proceedings initiated by other Departments, acting as the presentment agency in the prosecuting of juveniles in Family Court, and providing general guidance on legal matters to all Departments. In addition, the County Attorney's Office negotiates, when required, and tracks all vendor contracts to help ensure compliance with legal requirements - including assisting each Departments preparation of the requisite resolutions for contracts in the amount of \$50,000 or more. In August 2019, the Extreme Risk Protection Order law (commonly known as the "red flag law") was passed, wherein an order may be granted to prohibit an individual who is deemed to be a potential harm to themselves and others from purchasing any firearms, and further requires that that individual surrender any firearms they currently own. The County Attorney's Office is responsible for prosecuting such matters in court on behalf of the Ulster County Sheriff's Office.

Mission

The County Attorney serves as the sole legal advisor for the County. The County Attorney's Office advises all County Officers, Departments, Agencies and units, in all County legal matters of a civil nature. The Office prosecutes and defends all civil actions and proceedings brought by or against the County and prepares necessary legal papers and instruments pertaining to County government, including but not limited to: all County contracts, Executive resolutions, and assistance in the drafting of some local laws.

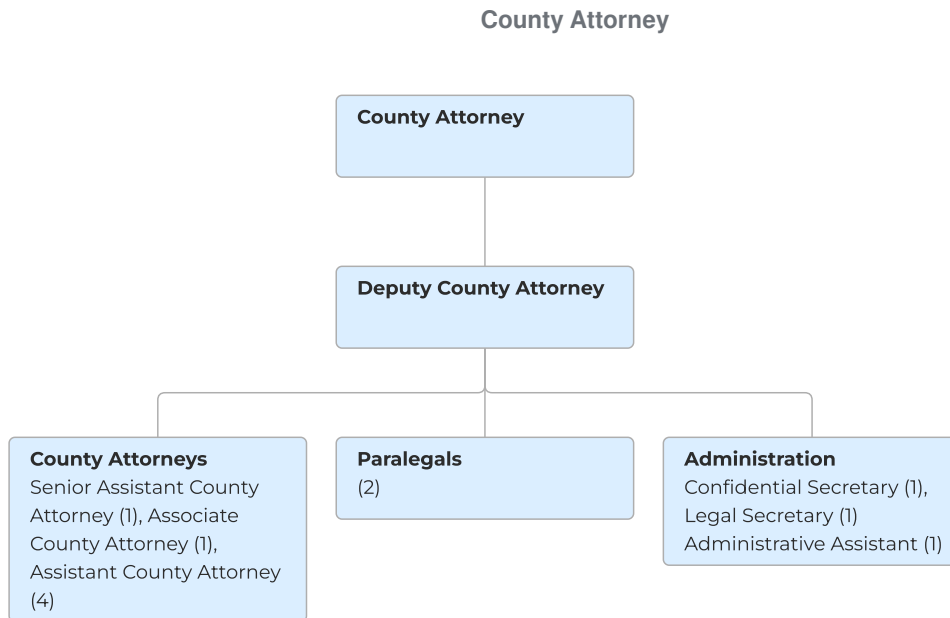

Vision

To provide maximum legal protection to the County with the least amount of liability exposure, while maintaining a competent and dedicated legal team.

Core Values

- Ethics
- Integrity

County Clerk

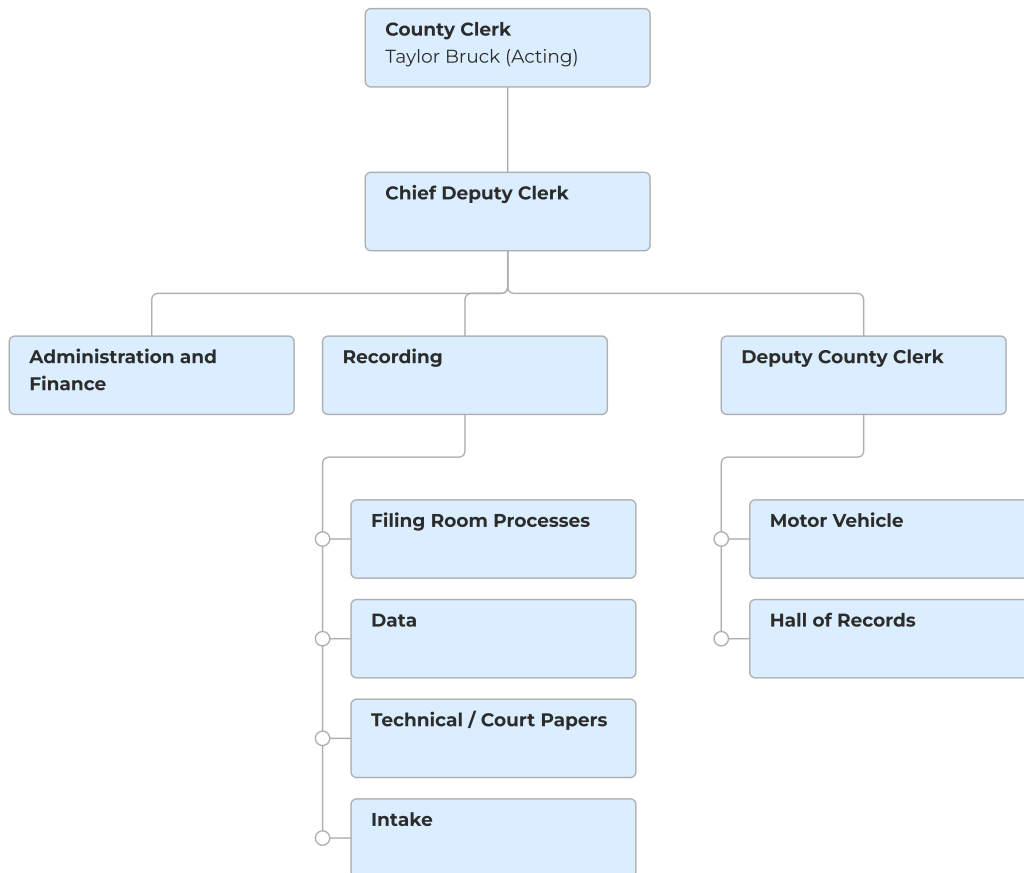

Taylor Bruck
Acting County Clerk

The duties of the County Clerk as “keeper of the records” requires the filing, processing and preserving of County documents including the responsibility of Clerk of the Court for the Supreme and County Courts. In addition, as an agent for the NYS Department of Taxation and Finance, the department collects mortgage tax and transfer tax. On a federal level, the department processes passports for the US Department of State and conducts Naturalization Ceremonies for the US Department of Homeland Security. The County Clerk is the Records Manager for the County overseeing the Ulster County Hall of Records, the County Archives and the Matthew Persen House. In the capacity as agent for the New York State Department of Motor Vehicles the Clerk’s Office offers full-service Motor Vehicle processing as well as mobile services throughout the towns in Ulster County.

Mission/Vision

It is the mission of the Ulster County Clerk’s Office to maintain, docket and preserve the integrity of the records of Ulster County and to be responsive to the needs of our residents by developing increased awareness of services offered by our office. Our mission will be accomplished through the utilization of technology, expanding our present programs and evaluating new and innovative ways of offering these services.

County Executive

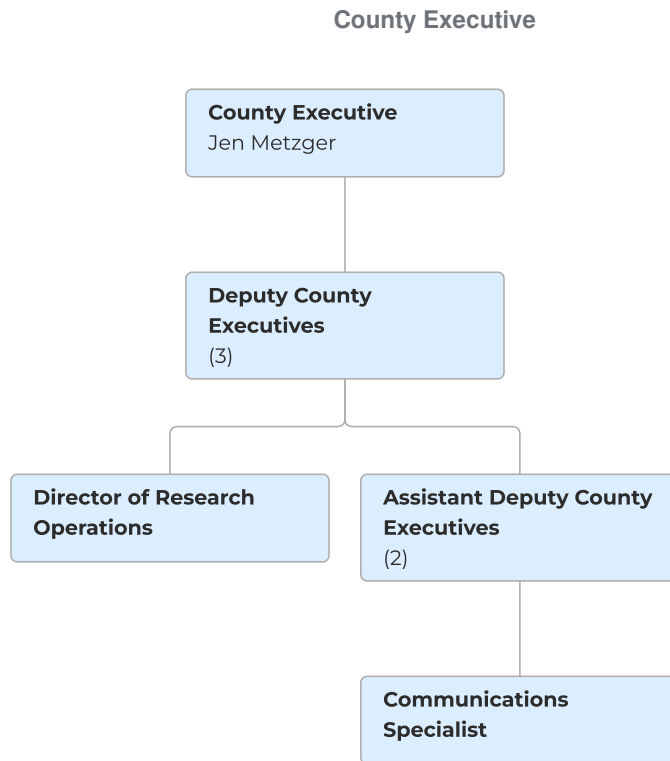

Jen Metzger
County Executive

With a Charter form of government in Ulster County, the executive authority is vested in an independently elected County Executive who is responsible for the proper administration of all County affairs. The County Executive is elected to a 4-year term. As the chief executive, some of the County Executive's authorities include: serving as the chief budgetary officer of the County, and as such, preparing and submitting the annual budget, capital program, and accompanying message; appointing all department heads and other officers and employees; supervising and directing every executive department of County government; conducting collective bargaining negotiations with the legally designated bargaining agents of the county employees; and approving or vetoing in writing every proposed local law, and the appropriate resolutions.

Mission/Vision

The Office of the Ulster County Executive works to deliver a county government that is effective and fully accountable to the people. The office works to provide a single, strong, clear voice that represents residents' interests across all levels of government. The office works to protect County taxpayers, while striving to provide the exceptional level of service that residents expect and deserve.

County Legislature

Perform the duties and functions as dictated by the Code of the County, the Rules of the Legislature, and all State and Federal Laws.

Mission/Vision

The Legislative Office's overall mission is to facilitate communication and collaboration between Legislators, County Departments, and the public, to provide support services to the full Legislative body and individual Legislators, and to foster productive, mutually beneficial relationships for the good of Ulster County residents.

Expenditures Summary

Clerk of the Legislature

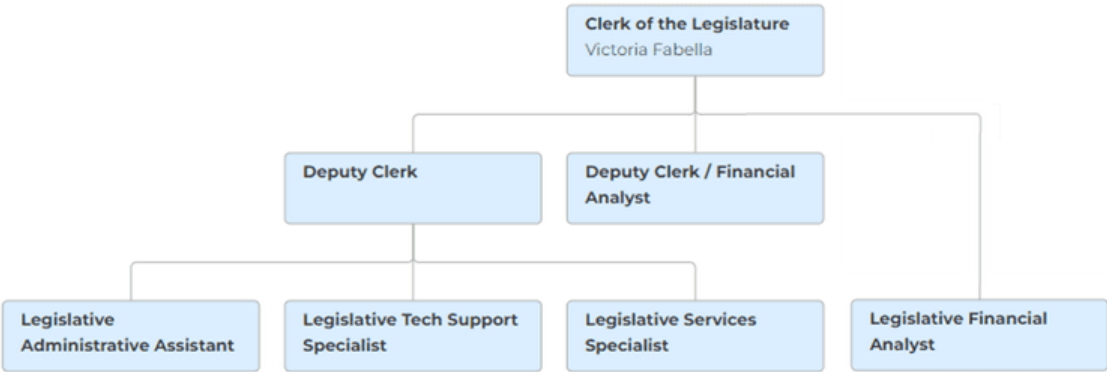

Victoria Fabella
Clerk of the Legislature

Perform the duties and functions as dictated by the Code of the County, the Rules of the Legislature, and all State and Federal Laws.

Mission/Vision

The Legislative Office's overall mission is to facilitate communication and collaboration between Legislators, County Departments, and the public, to provide support services to the full Legislative body and individual Legislators, and to foster productive, mutually beneficial relationships for the good of Ulster County residents.

District Attorney

Emmanuel Nneji
District Attorney

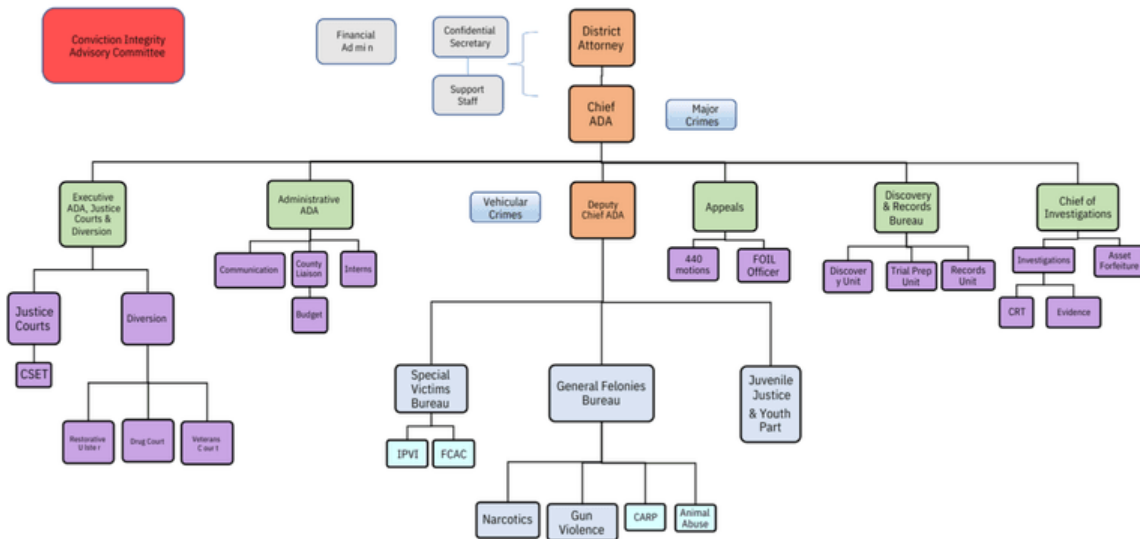

Ulster County District Attorney Nneji Mission Statement:

My career as a prosecutor was born right here in Ulster County, my home since I arrived in America 43 years ago. As a prosecutor, the duty and ultimate aim is to do justice – justice for the community, justice for the victim, justice for the accused, unfettered by fear or favor, or any outside agenda or influences. The District Attorney, though elected through our Constitutional political process, is a servant of all, and is bound by the maxim, “Justice For All.”

In pursuit of justice for all, an open mind and door, a commitment to making decisions based on the facts and circumstances of each case, a positive use and exercise of discretion, respect and dignity for all even as we vigorously prosecute violent crimes and undeterred recidivists, are necessary to assure community confidence in the outcome of every case and in the execution of the functions of the office. It is the mission of the Ulster County District Attorney’s Office to seek “Justice For All.” Read the full statement and learn more about the Office of the District Attorney [\(external link\)](#).

Economic Development

Kevin Lynch
Director

The Department of Economic Development functions as a key resource for economic development activity in Ulster County. We support local businesses at every stage of development with financing, grants and site selection. The Department engages with local stakeholders in attracting businesses to support the growth and diversity of the County's economy. We are also focused on the green transition, workforce development and catalyzing investment to seize on opportunities that ensure and support our community's prosperity. Operationally, we manage the County's revolving loan fund and provide administrative support to the Ulster County Economic Development Alliance (UCEDA). UCEDA provides financial support, marketing and infrastructure programs in collaboration with government and community stakeholders in attracting and supporting local businesses. The Department also works with other County departments and agencies, including the Planning Department, Office of Employment & Training, Tourism Department, Department of the Environment, SUNY Ulster, Ulster County Industrial Development Agency and the Ulster County Capital Resource Corporation in support of the County's economic development goals.

Mission

UCDED's mission is to 1) grow our local economy; 2) improve equity and access to opportunity; and 3) protect and invest in our communities' economic assets.

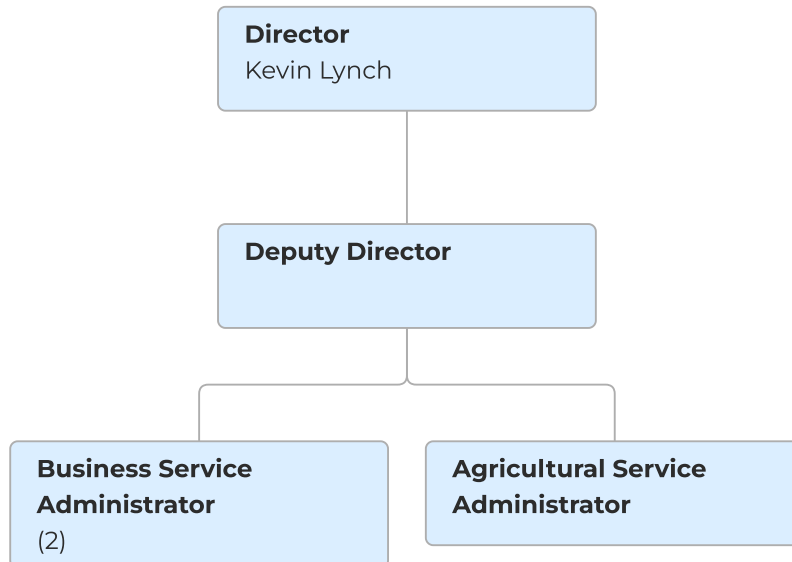

Vision

Ulster County's residents achieve sustainable and equitable prosperity.

Core Values

- Sustainability
- Equity and Inclusion
- Continuous improvement

Emergency Services

Everett Erichsen
Director

The Emergency Services of Ulster County are comprised of the traditional emergency responders such as police, fire, and emergency medical services (EMS), along with the 9-1-1 dispatchers and the entire emergency management community. The common goal of all these groups is to save life and protect property. There are thousands of members of the emergency services community ranging from career personnel to volunteers. These men and women work around the clock to ensure the safety of Ulster County’s citizens. They do it with compassion, dedication, and professionalism.

Mission

To provide the residents and visitors of Ulster County with rapid access to an emergency response system that is professional, compassionate, and highly capable.

Vision

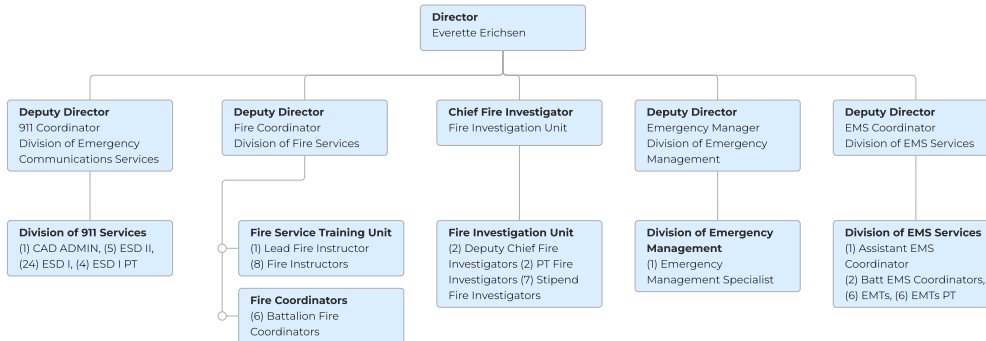

The Ulster County Department of Emergency Services envisions a future in which Ulster County and its residents are fully prepared to prevent and rapidly respond to emergencies with minimal impact to lives, property, and well-being.

Core Values

- Teamwork
- Dedication
- Safety
- Excellent Customer Service
- Integrity
- Accountability
- Respect and Trust
- Professionalism

Emergency Services - Public Safety Communications (E911)

Everett Erichsen
Director

Division Description

Emergency Communications / 911 is a Division of the Ulster County Department of Emergency Services. The function of Emergency Communications / 911 is to answer 911 calls from every community in Ulster County, process the information, then dispatch the appropriate police, fire or ambulance squad to those needing assistance.

Emergency Services - Arson Task Force

Everett Erichsen
Director

Division Description

In September of 1979, New York State enacted Section 204C of the General Municipal Law which requires that each county within the State create an Arson Task Force. The purpose of this enactment was to ensure the local governments throughout the State took steps to coordinate the activities of existing agencies involved in the investigation and prosecution of arson. The objective of the Ulster County Fire Investigation Unit since its creation has been to implement a plan which would effectively combat the activities of arsonists.

Emergency Services - Fire Protection

Everett Erichsen
Director

Division Description

The Division of Fire Services supervises an organized, coordinated, cooperative and reciprocal fire assistance program for Ulster County. The program utilizes personnel, equipment and physical facilities of the fire departments, regardless of type of size, for fire or public emergency in which the services of firefighters would be used throughout Ulster County and the State of New York. The Fire Coordinator oversees training for the fire services.

Employment and Training, Office of

Sharon Williams
Director

The Office of Employment and Training represents a welcoming environment of community-oriented, service-driven professionals, who provide a wide range of work readiness options and business services in collaboration with community partners, for Ulster County residents. The Office of Employment & Training’s primary mission is to provide job seekers with services to facilitate their efforts to find employment and training, and the tools to maximize their potential in their search for employment in Ulster County. We also work to ensure that the needs of local businesses are met as they seek a skilled and qualified workforce. We fund on-the-job training and young adult internships through employers, and provide career readiness workshops in Ellenville, at the Restorative Justice and Community Empowerment Center in Kingston, and at other agencies within the community.

Mission

Provide training to residents and work with local businesses to identify and meet their workforce needs to ensure every business has access to a skilled labor force and that every resident has access to job training opportunities that lead to high quality employment and career advancement.

Vision

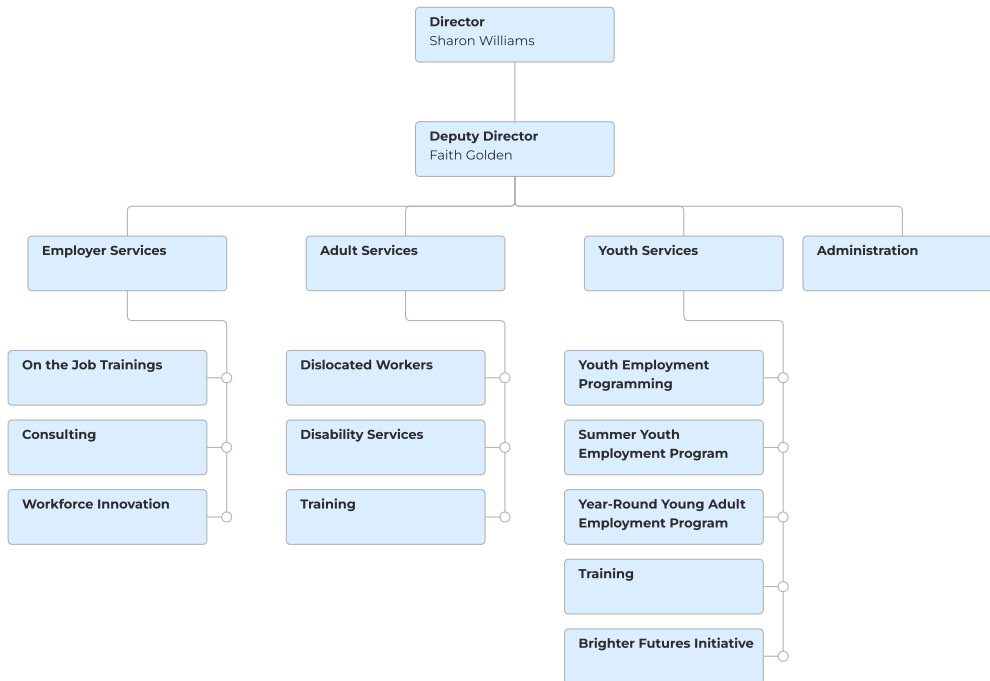

Ensuring every County resident has access to job training opportunities and the skills they need for high quality employment and career advancement, while bolstering County outreach to serve even more residents and businesses. Additionally, we hope to include more Youth in occupational skills training.

Core Values

- Welcoming
- Collaborative
- Service Driven
- Community Oriented
- Professional

Employment and Training, Office of - Administration

Sharon Williams
Director

Division Description

The Office of Employment and Training (OET) is funded from the Workforce Innovation and Opportunity Act, through US Department of Labor, and then through NY State Department of Labor. This funding comes to OET in three funding streams: Adult, Dislocated Worker, and Youth. OET provides services to job seekers and employers to increase the skill level of the workforce through funding for occupational training and work experience opportunities for eligible residents with barriers to employment, as well as, assist job seekers in their job search. Our priority goal is to better match employer staffing needs with a robust and skilled workforce.

Environment

Europa McGovern
Interim Director

Ulster County government has a long-established record of being a municipal environmental leader. The DOE plays a critical role in the implementation of environmental initiatives by coordinating environmental policy and resource planning within the County government, utilizing a unique pooled-resources model to draw on other Departments to bring the right expertise to bear on different issues. Key areas of involvement include support of County sustainability, energy efficiency, and Green Fleet and building infrastructure initiatives; natural resource planning, mapping and data management; stormwater regulation compliance; involvement in watershed planning issues; and support and facilitation of stakeholder groups, including the Environmental Management Council and the Water Quality Coordinating Committee. The County is a silver-certified community in the NYS Climate Smart Communities Program and additionally was the first designated NYSERDA Clean Energy Community in New York State.

Mission

To advance Ulster County Government's environmental policy and resource planning objectives through coordination with County Departments and community stakeholders to protect natural resources, reduce greenhouse gas emissions, adapt to climate change, and promote sustainability for both County government operations and the greater Ulster County community.

Vision

A County government that is a model of environmental stewardship through its own government operations and through the initiatives, programs, and resources it supports for the greater Ulster County community.

Core Values

- Sustainability
- Resilience
- Professionalism
- Environmental Justice
- Resource Efficiency

Finance, Department of

Roseann Daw
Commissioner

The Department of Finance approves and records the financial transactions of all County Departments. The Department releases payments in accordance with contractual obligations, collects and aggregates data necessary for all taxing jurisdictions to correctly levy property taxes, collects delinquent property taxes and initiates foreclosure proceedings, as necessary, handles tax mapping, maintains the County's Short-Term Rental (STR) Registry and collects the STR tax, issues short- and long-term financing instruments to support County operations, provides Certificates of Residency for County residents, manages the Recovery and Resilience program funding, manages the County's Assigned Counsel Program and operates many internal financial components needed for the County's financial needs. The Department is also responsible for generating the Comprehensive Annual Financial Report (CAFR) and Annual Update Document (AUD), as well as other reports required by Federal and State law.

Mission

The mission of the Ulster County Department of Finance is the efficient and accurate accounting of all financial affairs of the County, including but not limited to annual financial reporting, debt management, payroll processing, tax collection, improving the operational and financial efficiencies of all County Departments, supporting the functions and missions of the Real Property Tax Service Agency, and providing government officials and the public with comprehensive, accurate, and reliable financial information.

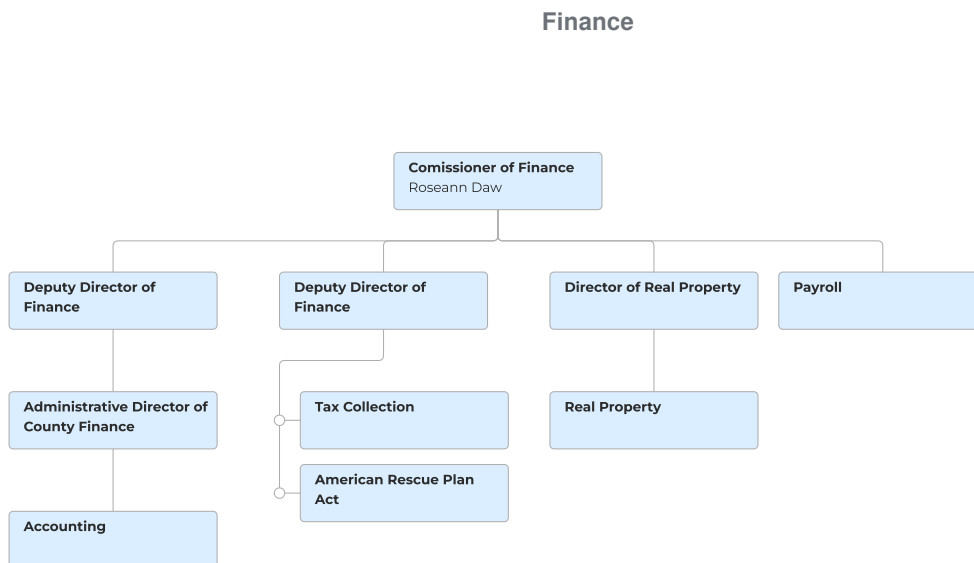

Vision

The Department of Finance seeks to instill the public's trust in, and ensure the financial integrity of, Ulster County through accurate accounting of the County's finances and transparent prompt disbursement and collection of all payments due from or due to the County on behalf of taxpayers.

Core Values

- Trust
- Integrity
- Accuracy
- Transparency

Finance - Real Property

Roseann Daw
Commissioner

Mission Statement

The division of Real Property provides government officials and the public with comprehensive, accurate and reliable real property information, assessment data, property tax data and exemption information to promote the fair and accurate distribution of property taxes.

Division Description

The RPTSA is a division of the Ulster County Department of Finance, established by Article 15A of the Real Property Tax Law. We provide specified services to local governments, including producing and maintaining tax maps and ownership records for use by local assessors in preparing assessment rolls; providing training and administrative support to local assessors and their staff; providing training for Board of Assessment Review members; reviewing subdivision maps prior to filing with the County Clerk; calculating municipal and special district tax rates; processing applications for corrected tax rolls and the refund of property taxes; assisting with the disposition of tax delinquent properties; and calculating payments in lieu of taxes for Industrial Development Agency projects.

General Services, Department Of

Edward Jordan
Director

The Department of General Services (DGS) seeks to maximize the benefits that Ulster County citizens receive from the expenditure of public funds on goods and services in a professional, ethical, and lawful manner, through a program dedicated to transparency, impartiality, accountability, and excellent customer service. DGS manages all aspects of the procurement process, including the identification and development of sources, assistance to Departments in the creation of specifications, the solicitation of bids, quotes, and requests for proposals, and the facilitation of award selection. The Department also includes the mailroom, which is tasked with delivering all interoffice, outgoing, and incoming mail for all County Departments. Additional mailroom duties include document inserting of County paychecks and invoices, inserting of local school and property tax bills, and copying work not handled by our contracted vendor.

DGS is responsible for initiating and maintaining effective and professional relationships with vendors and County Departments, and serving as the exclusive channel through which all requests for County purchases and price quotations are handled. Central to our responsibility is the administration of County purchasing policies and procedures, as stewards of Ulster County taxpayers.

Mission

To support the county and its citizens through the ethical, lawful, and professional acquisition of goods and services; through the maximization of the benefits and value of public funds; and through a program dedicated to integrity, fairness, transparency, and exceptional customer service.

Vision

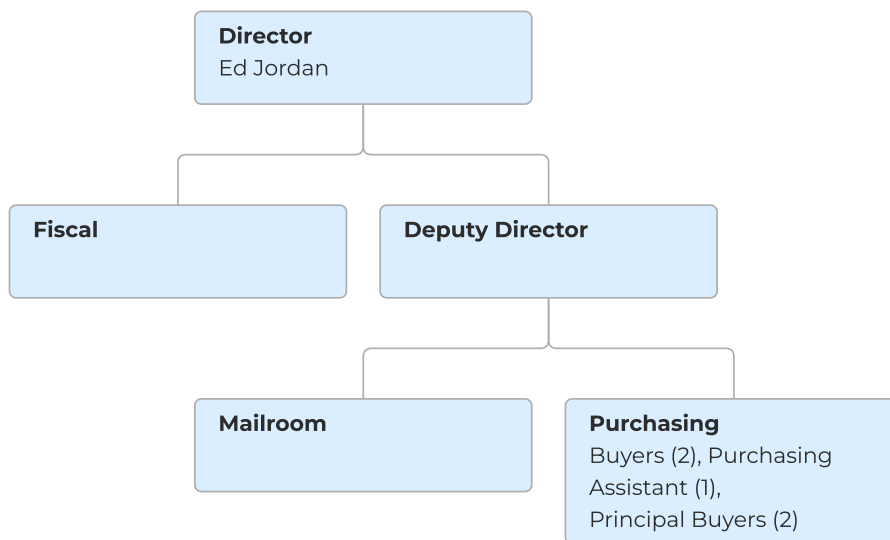

All public funds will be expended in a manner that provides maximum benefit to taxpayers.

Core Values

- Service To the County Departments and Public
- Professionalism
- Collaboration
- Sound Judgment
- Accuracy
- Accountability

Human Rights Commission

Joe McDonald
Commissioner

The Human Rights Department serves Ulster County by addressing discrimination complaints and fostering human rights awareness in the community. Through all forms of communication, we receive and respond to reports of potential human rights violations. Furthermore, we assist in filing human rights complaints, whether with our office or the New York State Division. We encourage resolution through consultation, mediation, and restorative justice practices. Cases that cannot be resolved through these mechanisms may be referred to a hearing officer or the office of the NYS Attorney General. We provide support by identifying resources and recommendations for informal complaints or situations that may not amount to discrimination but still need assistance.

During our monthly meeting with the 11 appointed members of the UC Human Rights Commission, we gain diverse perspectives on filed complaints to collectively determine the best course of action.

Our commitment extends to organizing, hosting, and attending events that promote Human Rights awareness through education and training. Additionally, we show support through participation in outreach efforts on critical topics such as Housing, Diversity, Discrimination, Mental Health, Employment, and Youth Development.

Mission

To protect against discrimination and promote fairness, equality, and Human Rights for ALL people in our community, through advocacy, education, and engagement.

Vision

We will live in a community where we are all equal. Where Life, Liberty, Freedom, and Safety are fundamental rights for all.

Core Values

- Treat all with dignity and respect
- Encourage and accept diverse perspectives
- Preserve privacy and confidentiality of information reported to the UCHR Department and Commission
- Hear complaints with an empathetic ear
- Conduct impartial investigations
- Act in the best interest of the people we serve
- Fair and equitable reconciliation of complaints
- Transparent, effective communication within and between the Department and Commission

Information Services

Alan Macaluso
Director

Ulster County Information Services (UCIS) provides technical guidance, expertise, and support in procuring, managing, and securing the County's Information Technology and telecommunications infrastructure. The Department's staff of 25 full-time employees provide top-tier customer service to over 1,300 County employees, across 54 Departments located at 40 different sites, supporting thousands of IT assets throughout Ulster County.

UCIS serves the broader Ulster County community by managing and extending support for the County's Enterprise Public Safety System to local police, fire, and EMS; generating village, school, and general tax bills; and providing access to Geographic Information Systems (GIS) and Real Property information to outside entities.

Mission

Provide strategic information technology leadership, governance, architecture, technical resources and expertise in the development and deployment of modern information technologies to enable and improve government efficiency, effectiveness, and promote innovation to improve citizen access to government information and services.

Vision

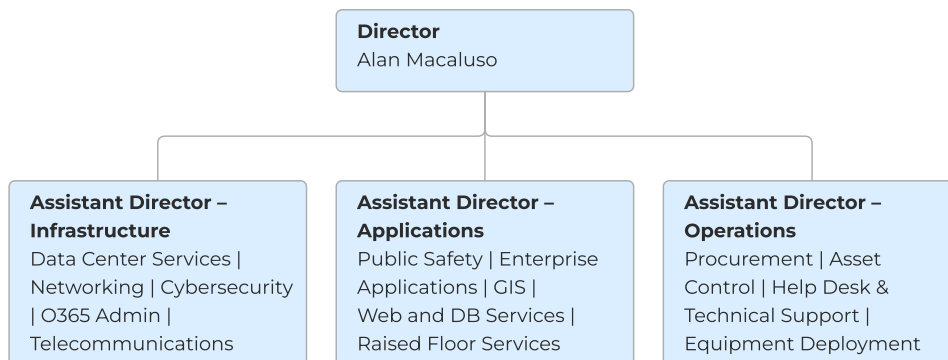

Develop, deploy and maintain information technology systems; provide secure, agile and sustainable technology infrastructure; and deliver responsive and effective customer service in support of County government.

Core Values

- Customer Service
- Collaboration
- Communication
- Commitment

Mental Health

Tara McDonald, LMSW, MPA
Commissioner

The Department of Mental Health is designated under NYS Mental Hygiene Law as the Local Governmental Unit (LGU). The LGU has a role in overseeing publicly funded services for people with mental health, substance use disorder, and developmental disabilities within Ulster County's behavioral health system. This division includes Single Point of Access (SPOA) and Assisted Outpatient Treatment (AOT) or Kendra's Law.

Mission

Ensure that all Ulster County residents with mental health challenges, struggling with substance use, or with developmental disabilities, receive the services they need to achieve the best quality of life.

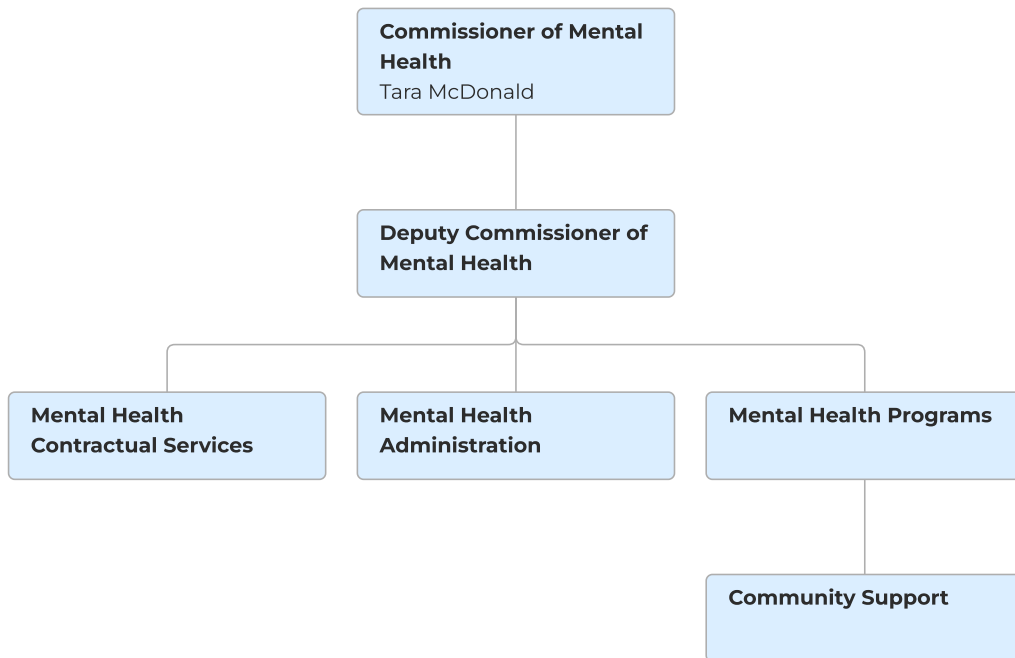

Vision

We welcome people and families with complex issues into caring relationships with a wide variety of providers across all systems of care. All people deserve the promise, hope, and help to achieve productive and meaningful lives that fulfill their vision of wellness.

Core Values

- Welcoming
- Accessible
- Person & Family Centered
- Trauma Informed
- Recovery & Resiliency Oriented
- Culturally Responsive and Integrated

Mental Health - Contracted Mental Health Services

Tara McDonald, LMSW, MPA
Commissioner

Division Description

NYS contracts with local governments to provide pass through funding to not-for-profit agencies to provide community-based mental health and substance disorder services and supports.

Contract Agency Funding (from OPIOID Settlement): Ulster County is a participating litigant in a suit against Pharmaceutical companies for their role in the opioid epidemic, and is expected to receive settlement dollars for 18 years. These funds are designated as restricted use and unrestricted use and are disbursed through direct payment from the Attorney Generals office and through inclusion in the NYS OASAS state aid letter. These funds must be expended to mitigate the impact of the opioid epidemic on our community through varying intervention modal such as: treatment, harm reduction and prevention.

Mental Health - Mental Health Programs

Tara McDonald, LMSW, MPA
Commissioner

Department Description

This department includes revenues and expenses related to specific programs managed by the Department of Mental Health, including:

- *Community Support:* The program will fill vital gaps within our system of care. Clinical staff will provide outreach, assess and clinical intervention to individuals with serious mental illness who are otherwise without care. Individuals will be served in the home or other mutually agreed upon places in the community to provide easily accessed, person-centered mental health services for the individual, families, and significant others.
- *Family Court Evaluations:* Mandated under Family Court Act. Perform evaluations for custody and PINS cases ordered by Family Court Judges.
- *Mental Health Clinic:* Provide professional staffing for a community agency run Article 31 mental health treatment clinic.
- *Assisted Outpatient Treatment:* Mandated under NYS Mental Hygiene Law §9.60, commonly referred to as Kendra's Law. Provide oversight, monitoring, coordination and administration of court-ordered assisted outpatient treatment for individuals who, in view of their treatment history and circumstances, are likely to have difficulty living safely in the community without close monitoring and mandatory participation in treatment.
- *Single Point of Access:* Centralized intake process for referrals for high-intensity mental health services for children and adults who have been diagnosed with a serious mental illness and whose illness interferes with their ability to function in the community, home, school, and/or work.

Mental Health - Psychiatric Contracted Expenses

Tara McDonald, LMSW, MPA
Commissioner

Department Description

This department is mandated under NYS Mental Hygiene Law 730, to cover 100% cost of care for a defendant in a OMH forensic facility and is the sole responsibility of the County.

Key Budgetary Highlights

The 2025 Ulster County Budget appropriates in expenses \$1,500,000 for Psychiatric Expenses.

Personnel

Dawn Spader
Director

The Personnel Department administers Civil Service and Personnel functions for the County government, towns, villages, school districts, and special districts within Ulster County, New York (excluding the City of Kingston). Under the New York State Civil Service System, competitive job vacancies are filled from eligible lists established as a result of Civil Service Examinations. The Department also oversees Employee Benefits, Unemployment Insurance, and Employee Relations, including Labor Management, for the County government, and manages its collective bargaining agreements.

Mission

Administer, in a fair and equitable manner, the provisions of the NYS Civil Service Law and Ulster County Civil Service Rules & Regulations with respect to the offices and employment in the classified service of the County & civil divisions therein, which include the towns, villages, school districts, libraries and special districts. This Department ensures taxpayers and the community have a public workforce qualified for their jobs, pursuant to the principles of selection according to merit and fitness as set forth in Article 5 §6 of the NYS Constitution. Further, the Department administers the County workforce's Benefit Program, Labor Relations expertise, and Human Resources services.

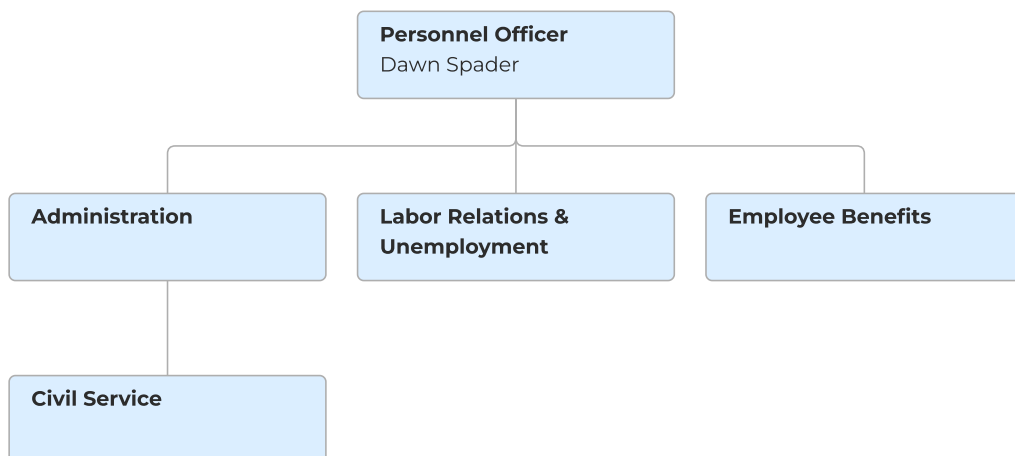

Vision

All community members have the opportunity to compete for opportunities within the County government through community outreach. Furthermore, the Ulster County workforce will be diverse and inclusive of all people.

Core Values

- Equity
- Transparency
- Respect
- Integrity

Personnel - Other Employee Benefits

Dawn Spader
Director

Division Description

The division includes additional benefits expenses based on collective bargaining agreements including Active Employee Health Insurance, Retiree Health Insurance, and EAP, and is the responsibility of the Personnel Department. Open enrollments are held each year to give employees the opportunity to change health plans and to learn more about the benefits.

Planning

Dennis Doyle
Director

The Planning Department acts as host agency for the Transportation Council, the Federally-required transportation planning entity that performs required planning studies and programs for the use of Federal capital transportation dollars; supports the 25-member County Planning Board responsible for the review of local planning projects for regional impacts; supports the Agricultural Farmland Protection Board that works to promote and foster agriculture throughout the County; manages special projects including rail trails, veteran cemetery, public safety radio tower; and manages the County's housing efforts, including Community Development Block grant funds Continuum of Care, and other housing initiatives.

Mission

Provide strategic guidance through the development of policies, plans, and data relating to land use, transportation, housing, agriculture, capital improvements, and the environment, to promote equitable and sustainable growth and development and assist in implementation.

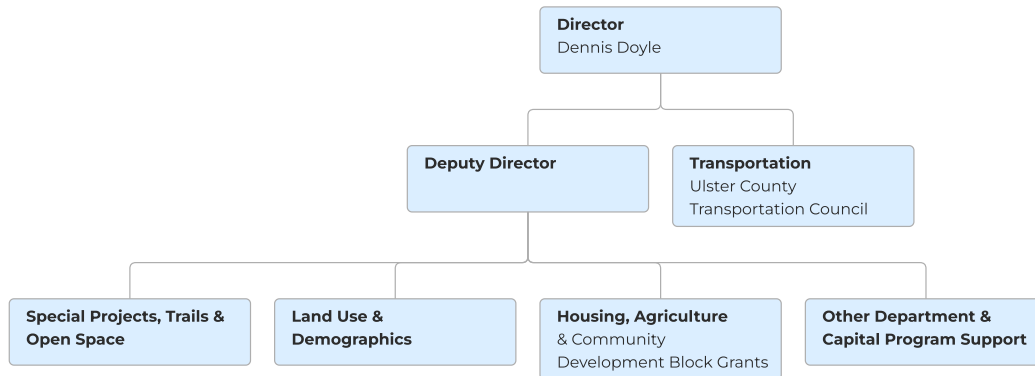

Vision

To create a sustainable and resilient future that embraces social and economic diversity where the needs of current and future generations are met without compromising the ecosystems upon which they depend.

Core Values

- Resilience
- Equity
- Transparent
- Responsive
- Knowledgeable
- Data Driven

Probation

Valerie Naccarato
Director

The Probation Department provides opportunities for prosocial change and offers a wide range of effective community justice interventions through supervision, monitoring court orders, and utilizing community partnerships. Probation is comprised of several divisions providing juvenile intake, assessment, and supervision; Pretrial Services; Community Service; Presentence Investigation and adult criminal court supervision; STOP DWI program; and the Crime Victim Assistance Program (CVAP). CVAP provides comprehensive crime victims services to all members of the community, including a 24-hour sexual assault/domestic violence hotline.

Mission

Provide opportunities for prosocial change, offer a wide range of effective community justice interventions, and help victims by assisting and advocating for safety, healing, justice, and restitution, in order to achieve a long-term reduction in crime and related behaviors while helping victims recover from their victimization.

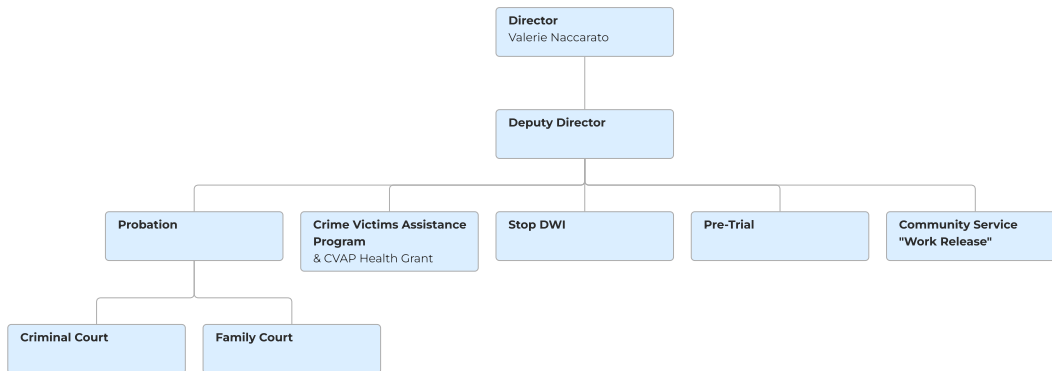

Vision

Improve public safety and the quality of community life.

Core Values

- Victim Centered
- Fairness
- Courteousness
- Respect
- Honesty
- Integrity
- Excellence

Probation - Rehabilitation Services

Valerie Naccarato
Director

Division Description

This department level includes revenues and expenses related to community services and rehabilitation and is the responsibility of the Probation Department. The Community Service program provides courts with a community-based alternative to incarceration. We screen and identify individuals appropriate for completing community service. Staff transport and oversee clients performing community service. Clients, staff and the community benefit from the service that is provided to non-profits and municipalities.

Public Defender

Elizabeth Corrado
Public Defender

The Public Defender's Office is comprised of a team of 13 full-time and 10 part-time Criminal defense attorneys, 4 full-time and one part-time Family Court defense attorneys and a robust team of paralegals, legal aides, an investigator and a defender-based advocate. Our team provides services including legal representation, case investigation, screening for financial eligibility for counsel and assistance in connecting clients with services through our defender-based advocate. We are assigned by the judges in the 20 justice courts as well as the Supreme, County and Family courts to represent those individuals unable to afford counsel when faced with criminal charges, involved in custody or support matters, or when faced with charges of neglect or abuse. This office is charged with providing the constitutionally guaranteed right to counsel to the citizens of Ulster County.

Mission

To provide exceptional legal representation to indigent clients in the Criminal and Family Courts in Ulster County. We strive to provide clients with zealous, competent, and professional legal representation from arraignment through final disposition and appeal. We are dedicated to protecting the constitutional rights of each individual, regardless of their financial circumstance.

Vision

The Office of the Public Defender envisions a Department where dedicated and compassionate attorneys work in partnership with their clients to achieve the most advantageous results in each case. Our goal is to ensure that our clients' constitutional and statutory rights are not only understood by our clients, but also protected without discrimination or bias.

Core Values

- Integrity
- Dedication
- Service
- Equity
- Responsibility
- Compassion & Empathy

Public Health

Tim Rose
Acting Public Health Director

The Department of Public Health offers a wide range of services and programs to service the entire Ulster County community of residents and visitors. Our work is performed under the authority of New York State Public Health Law intended to prevent illness and injury. We are proud of our work in communicable disease control, chronic disease prevention, public health education, public health emergency preparedness, and environmental health protection, through the enforcement of State and County Sanitary Codes, unattended death investigations, and in the support and creation of evidence-based policies and programs which are recognized to encourage healthy behaviors.

Mission

To improve the health, safety, and longevity of every person in Ulster County by leading a community-wide effort to prevent disease, protect food and water supplies, minimize environmental hazards, and promote overall wellness.

Vision

Dedication to core public health services demonstrating Professionalism, Excellence, Integrity, Teamwork, Efficiency and Innovation.

Core Values

- Teamwork
- Efficiency
- Innovation
- Professionalism
- Excellence
- Integrity

Public Works

Brendan Masterson
Commissioner

The Department of Public Works (DPW) has several divisions dedicated to operational functions in maintaining and improving County roads, bridges, and facilities. The divisions include Administration, Highways & Bridges, Buildings & Grounds, Central Auto, and Engineering. Through these divisions, DPW maintains 423 highway miles, 158 bridges, 14 miles of recreational trails, 33 buildings with a total of 818,000 sq. ft., a park, a pool complex with an occupancy rating of 950 people, and a vehicle fleet of 452. DPW also manages the majority of the County capital contracts and capital improvement projects.

Mission

To serve as an operational arm of County government in the construction, maintenance, and management of county infrastructure and facilities for their safe, economical, and efficient utilization by county personnel and the public.

Vision

To enhance the quality of life in Ulster County through innovative, sustainable, and efficient public works solutions that prioritize safety, community engagement, and environmental stewardship. We strive to build and maintain infrastructure that fosters connectivity, supports economic growth, and preserves our natural beauty for future generations.

Core Values

- Accountability
- Teamwork
- Transparency

Department of Risk Management

Diane K. Beitt
Director

The Department of Risk Management works to protect against losses by identifying, assessing, and mitigating risks that could impact operations, assets, and result in financial losses. The Department is committed to fostering a culture of proactive risk awareness and resilience, ensuring compliance with regulatory standards, and providing strategic insights that enable informed decision-making. The Department is responsible for developing and implementing the County's risk management plan, enforcing codes, and overseeing the County's Worker's Compensation program. Programs and services are limited to the County government infrastructure.

The Department also reviews and advises on insurance requirements for contracts with County vendors. It reviews certificates of insurance and insurance claims for property and casualty and manages claims for the County's self-insurance fund. The Department strives to provide excellent customer service to County departments and claimants to avoid unnecessary lawsuits and litigation costs. It works closely with the County's insurance carrier to coordinate various types of training to manage risk and limit liability to the County.

Mission

We strive to ensure a safe and healthy environment on Ulster County government properties and in operations involving Ulster County employees by adhering to accepted safety principles and mandated Federal, State and County laws, regulations, and rules.

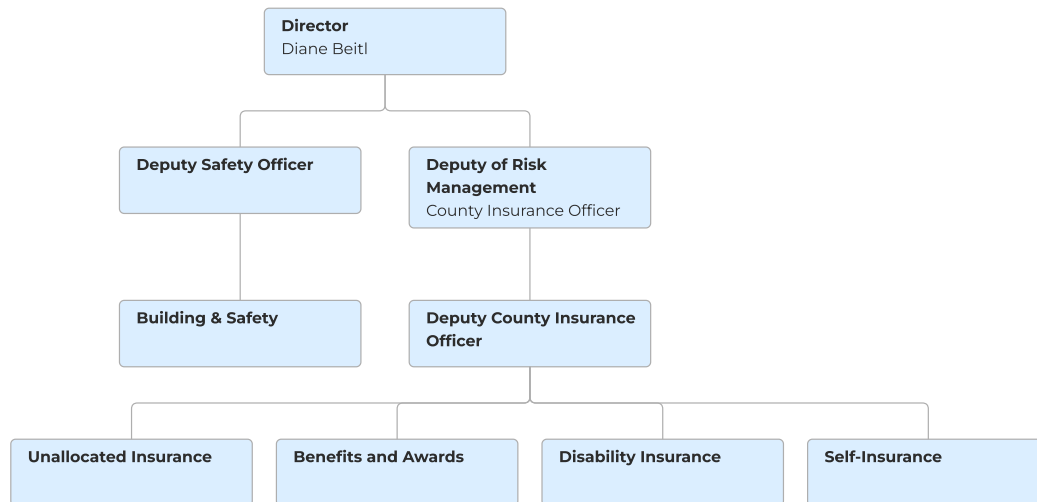

Vision

Enhanced overall safety of all who work for Ulster County, travel on our roadways, visit our facilities and properties.

Core Values

- Collaboration
- Dedication
- Safety
- Diligence
- Expertise

Sheriff

Juan Figueroa
Sheriff

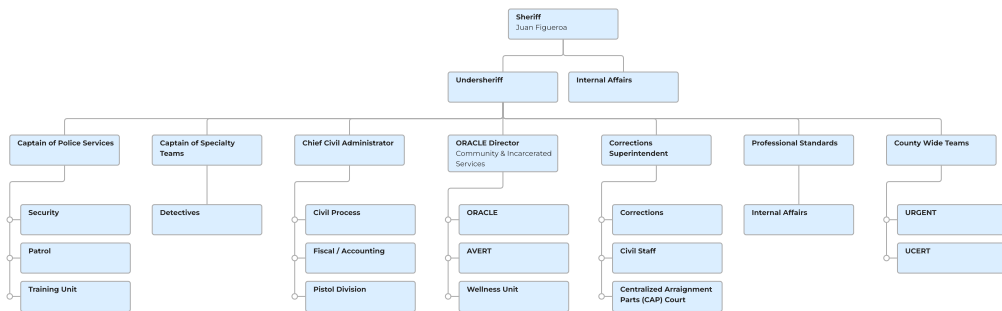

The Office of Sheriff has evolved into a modern, professionally accredited, full-service law enforcement and public safety agency, manned by fully trained police and peace officers, as well as civilians using state-of-the-art technology and applying the latest and most advanced theories and practices in criminal justice, civil process and corrections operations. The traditional role of “Conservator of the Peace,” extends into many facets of public service, including county police services, maintaining the county jail, providing security in our courts, county building, dispatching emergency services, communication systems, and serving and executing civil process and victim protection orders for our courts; and as a constitutionally empowered entity directly responsible to the people, the ancient Office of Sheriff remains, even today, responsive to public safety needs and accountable to the public it serves.

Mission/Vision Statement

It is the mission of the Ulster County Sheriff's Office to serve the public by enhancing the partnership with the community, and in so doing, protect life and property, prevent crime, solve problems and foster good will through courtesy and professionalism. The Ulster County Sheriff's Office shall maintain a correctional facility with the highest degree of security to ensure the safety of the citizens, staff and inmates.

Social Services

Michael Iapoce
Commissioner

DSS provides various vital social welfare programs to individuals and families of Ulster County. Adult Protective Services and Children’s Services, including Foster Care, Child Protective Services, and Preventive Services, are provided based on need, regardless of income. Economic support services such as Temporary Assistance, Supplemental Nutrition Assistance Program (SNAP), Medicaid, Home Energy Assistance Program (HEAP), and Daycare are subject to income and/or resource eligibility requirements in order for applicants to qualify for assistance. Social Services initiatives and programs are administered in compliance with State and Federal laws, regulations and mandates. Funding comes from a combination of Federal, State, and County dollars to meet program and administrative costs.

Mission

To serve, assist and protect individuals and families in need and vulnerable children and adults in ways that strengthen and preserve families, encourage personal responsibility, and foster self-sufficiency.

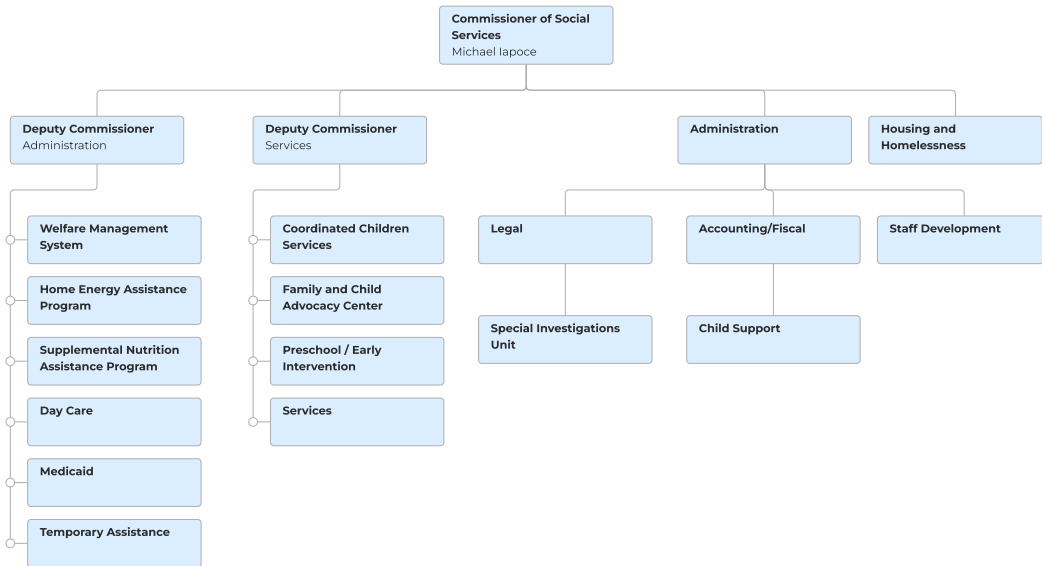

Vision

We envision delivering quality human services to children, adults and families of Ulster County to help them achieve safety, independence and improve overall well-being to enjoy a quality life.

Core Values

- Pride in Public Service
- Excellence and Integrity
- Compassion and Empathy
- Equity and Inclusion
- Collaboration
- Communication
- Learning and Innovation

Social Services - Administration

Michael Iapocce
Commissioner

Division Description

Responsible for administering public assistance and care as defined in the Social Services Law, i.e. organizing, directing and coordinating the work of all employees, both professional and non-professional, in the social services department as to achieve the effective and efficient operation of the multiple programs undertaken by the department. Administration controls, subject to financial limitations imposed by the local legislative body and the State Department of Social Services, department operations and direction of personnel to meet the goals and objectives of the department.

Social Services - Family Assistance

Michael Iapoco
Commissioner

Division Description

This division provides cash assistance to eligible needy families that include a minor child living with a parent (including families where both parents are in the household) or a caretaker relative. Family Assistance operates under Federal Temporary Assistance for Needy Families (TANF) guidelines. Under Family Assistance, eligible adults are limited to receiving benefits for a total of 60 months in their lifetime.

Tourism

Lisa Berger
Director

The Department of Tourism is responsible for promoting, developing, and managing tourism in Ulster County. This includes creating and implementing marketing strategies, managing the flow of visitation to Ulster County, and providing support and resources for tourism businesses. The Department of Tourism works closely with galleries, museums and cultural sites, state parks and land conservancy groups dedicated to outdoor recreation, attractions, hotels, restaurants, and other tourism-related businesses to help attract and retain tourists. The Department takes active responsibility for ensuring that tourism activities are sustainable and have a positive impact on local communities.

Mission

To promote and expand cultural, historical, recreational, and economic opportunities so that Ulster County is recognized as a premier destination for everyone to enjoy, discover, explore and spend tourism dollars.

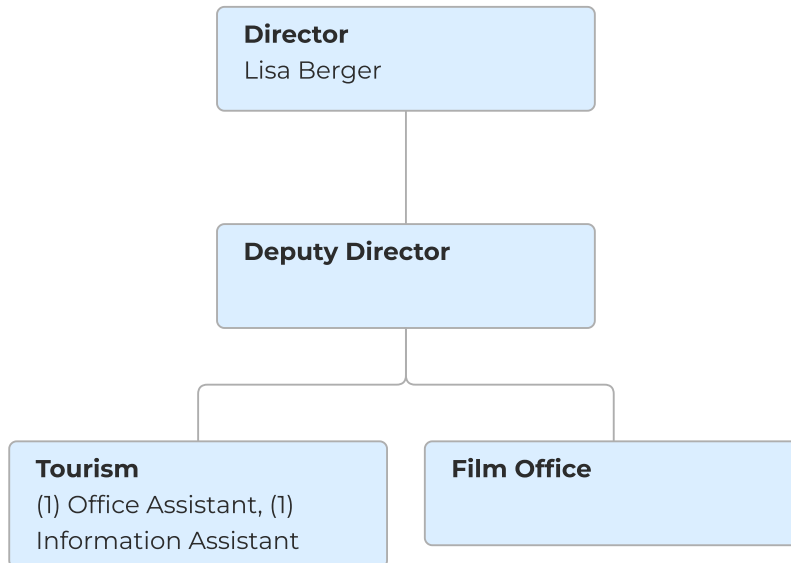

Vision

To delight, inspire, and welcome guests regardless of race, sexual orientation, gender, religion, or disability.

Core Values

- Equity
- Respect
- Integrity
- Sustainability
- Partnership
- Service
- Teamwork

Ulster County Area Transit

Toni Roser
Director

Ulster County Area Transit (UCAT) provides public transit via fixed-route bus services and Paratransit ADA services throughout the County. Limited service is provided to Dutchess and Orange County. In addition, UCAT provides service when needed to other County Departments as well as to students and faculty of the SUNY institutions located in Ulster County.

Mission

Provide quality public transportation for the residents of Ulster County in a safe, reliable and cost-effective manner.

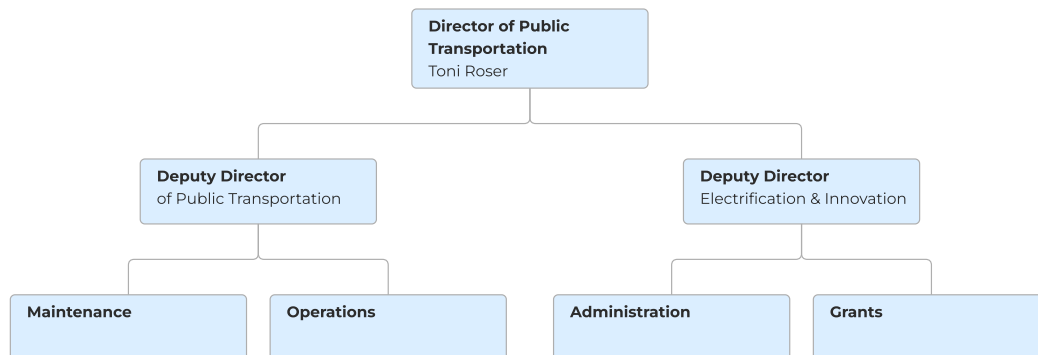

Vision

We envision a future where all residents have equitable access to high quality public transportation.

Core Values

- Equity
- Respect
- Integrity
- Empathy
- Compassion
- Service
- Teamwork
- Communication
- Responsibility

Veteran Services Agency

Mark Cozzupoli
Director

The Ulster County Veteran Services Agency (UCVSA) provides support to County veterans and their families in obtaining medical, disability, pension, and education benefits from the U.S. Department of Veterans Affairs (VA) and the NYS Department of Veterans Affairs (NYS VA). The UCVSA also helps Veterans with issues such as homelessness, burials, tax exemptions, employment, transportation, and the FAVOR discount card program, and performs outreach to local communities and service organizations. As a result, in great part to the UCVSVA, benefits paid to Ulster County veterans and family members have a direct economic impact of \$84.7 million.

Mission

The mission of the Ulster County Veteran Services Agency is to take care of our clients, the Veterans, and their families. This is an honorable duty bestowed upon us, and we must do our best to ensure “no one is left behind.” WE TAKE CARE OF VETERANS!

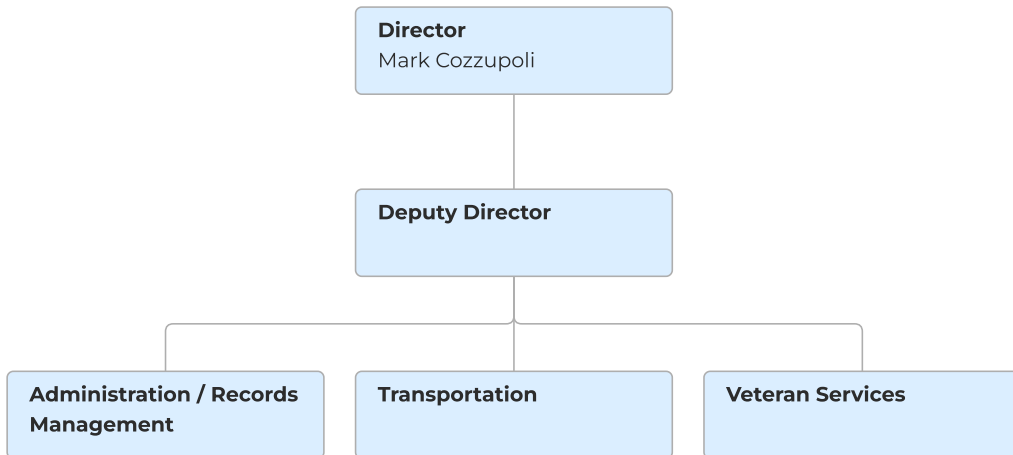

Vision

We fulfill the needs of Veterans and their families by providing the benefits, support and professional service this population deserves.

Core Values

- Integrity
- Duty
- Excellence
- Honor

Weights and Measures

James DeGasperis
Director

The Ulster County Bureau of Weights & Measures is responsible for assuring measurement accuracy in commerce throughout its region in accordance with Article 16 of the NYS Agriculture and Markets Law. To promote equity in all commercial transactions involving quality, weight, measure, or count, the Department inspects and/or tests all commercially used weighing and measuring devices and systems, as prescribed by NYS Weights and Measures laws; performs test buys and investigations to ensure proper business practices involving transactions based on weight, measure, or count (e.g. labeling or proper application of tare); keeps and maintains the applicable standards of Weights and Measures, and submits those standards, at least once every five years, to the New York State Metrology Laboratory; performs petroleum sampling and investigations at the retail level and enforces against violations; inspects and/or tests packaged commodities as prescribed by NYS Weights and Measures laws; causes any violations found to be corrected; submits, by February 1 of each year, an annual report listing all inspections performed as instructed by the New York State Bureau of Weights and Measures; and inspects and enforces Chapter 169 of the Ulster County Code (Item Pricing) to ensure consumer goods offered for sale, are accurately and adequately marked as to their selling prices.

Mission

Inspect all devices as required by NYS Weights and Measures and enforce laws and regulations related to commercial transactions to protect consumers and local businesses from errors and fraud.

Vision

To provide the residents of Ulster County the assurance of an equitable marketplace.

Core Values

- Accuracy
- Dependability
- Responsiveness
- Consistency
- Teamwork
- Relationships
- Organization
- Efficiency

Youth Bureau

Sugely Melenciano-Weed
Director

The Youth Bureau provides a safe and healthy environment that promotes the well-being of all young people in Ulster County. To that aim, we partner with individuals, organizations, and grassroots programming, and direct County funds and NYS Office for Children and Family Services funding to programs which promote youth development and prevent delinquency. We go above and beyond to provide our youth with an empowering environment where they can fully embrace their identity and gain all the skills that they need to be the leaders of tomorrow. Our goal is to empower them to live their best lives by teaching them the fundamentals of social responsibility, healthy living, and cultural acceptance.

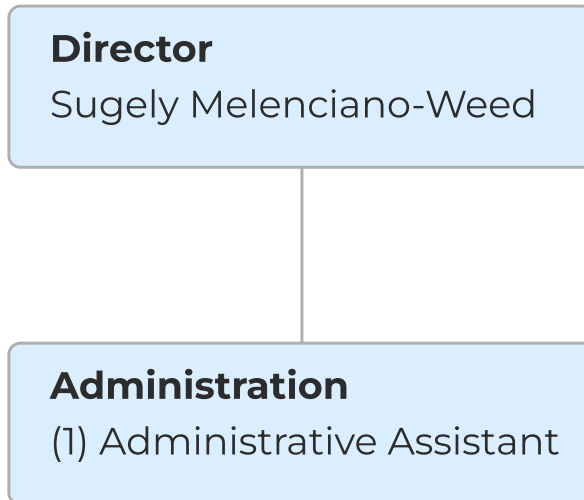

Mission

Provide safe spaces for youth of Ulster County to promote positive youth development in a diverse, equitable and inclusive environment through programming, leadership, advocacy, relatable mentorship and collaborations.

SECTION 5: STATEMENT OF DEBT

Debt Limit

The County of Ulster currently utilizes 6.86% of its Constitutional Debt Limit.

The **Constitutional Debt Limit** is specifically set by the New York State Constitution, which places limits on how much local governments, including counties, can borrow. For counties in New York, the debt limit is based on a percentage of the total assessed value of taxable real property within the county. This limit helps ensure that local governments do not borrow beyond their ability to repay, protecting the financial health of both the government and the taxpayers.

In New York, counties must also follow certain procedures to issue bonds or take on debt, sometimes requiring voter approval for larger amounts. This added layer of regulation is meant to ensure careful planning and responsible borrowing, making sure debt is used only for necessary projects that benefit the community.

Historical Percentage of Debt Limit Used

Debt Services

Debt Service is an important part of managing a county's finances. It involves paying back money the county has borrowed to pay for big projects that help the community, like building roads, schools, or parks. When a county needs to borrow money for big projects, like building schools or improving roads, it often uses bonds or bond anticipation notes (BANS).

Bond anticipation notes (BANS) are short-term loans the county can use while it prepares to issue long-term bonds. BANS typically last for up to one year, though they can be renewed or extended in some cases. Once the county is ready to issue the full bond, the money from the bond is used to pay off the BAN. This allows the county to get started on important projects without delaying them while the full bond process is completed.

A **Bond** is like a loan the county takes from investors to pay for projects. The county agrees to pay back this money, plus interest, over a certain number of years. This allows the county to start big projects now and pay for them over time, instead of all at once. There are two main types of bonds the county uses; general obligation bonds and revenue bonds.

Statement of Debt

Year	Debt Principal	Debt Interest	Total Principal + Interest
2016	\$6,641,290.00	\$3,325,062.00	\$9,966,352.00

Authorized but Unissued Debt

Sometimes, the county **authorizes debt** but doesn't actually borrow the money right away. This is called **Authorized but Unissued Debt**.

It means the county has permission to borrow a certain amount of money in the future, but they haven't used that option yet. This allows the county to plan ahead for projects without taking on too much debt at once.

Authorized and Unissued

CIP Project Name	CIP #	Authorization Date(s)	Total Amount Authorized	Borrowed to Date	Authorized and Unissued

TD Securities (USA) LLC holds the current BAN at 5.25% coupon with \$436886.31 premium, net interest rate of 4.079%.

SECTION 6: CAPITAL IMPROVEMENT PROGRAM BUDGET

Ulster County Capital Budget Reader's Guide

The Ulster County Capital Budget explains the County's investments in big and long-term projects, like building new facilities, fixing roads, and buying important equipment. When reviewing this document, it's helpful to understand the difference between the Capital Improvement Program (CIP) and the Capital Budget. These two terms are closely related, but they serve different purposes. Knowing how they work together will make it easier to follow the County's spending and planning for big projects like building new facilities, upgrading roads, or investing in long-lasting equipment. Below is a side-by-side comparison to show what each one covers and how they fit into the overall budget process.

Capital Improvement Program	Capital Budget
<p>The Capital Improvement Program (CIP) is a 5-year plan that lists major projects, like building new roads, bridges, and public facilities. It helps the County decide which projects are most important and how to pay for them in the future. It's like a map that shows the County's big plans, but it doesn't mean the money is guaranteed yet. It helps the County plan for future needs and prioritize which projects are most important.</p>	<p>The Capital Budget is a one-year plan that shows what the County will spend this year on capital projects. While the CIP is for long-term planning, the Capital Budget shows what will be funded now. The Capital Budget, unlike the CIP, includes only projects that will start or continue during the budget year.</p>

Changes and Additions to the 2025 Capital Budget

The Budget Department, in preparing the 2025 County Budget, has continued efforts to enhance the Capital Improvement Program Budget to improve accessibility and the overall reader experience.

1. In previous years, the Capital Improvement Program Budget was presented as a stand-alone document in the form of a 5-year Capital Improvement Program. The 2025 County of Ulster Executive Budget now includes both the Operating Budget and the One-Year Capital Budget (which is covered in this section).
2. The Capital Improvement Program will still be presented as a stand-alone document that includes the 2025-2030 Capital Projects and their associated budgets.
3. The Department worked to enhance accessibility and readability by ensuring pages align with best practices, are ADA Compliant, and include simple definitions for terms considered "Budget jargon".
4. Enhanced uniformity of communications and branding (icons, pictures, layout, language) to provide a cleaner and more cohesive product.

Accessing the Capital Improvement Program (CIP):

The 2025 Capital Budget includes brief descriptions of proposed and active capital projects. By clicking on the Project hyperlink, you will be able to see more information, but you can also view more information about all projects included in the 5-year Capital Improvement Plan through:

- The [Ulster County Capital Improvement Program Website](#) features a list of all current and proposed projects from the 2025–2030 proposed Capital Budget. The projects can be accessed by following the link to an interactive map displaying the location of each project.
- The [Capital Project Dashboard](#) page lists all active projects and, when available, their current status.

Capital Budget Key Terms

Appropriations: The amounts of money that the County officially sets aside in its budget for a specific purpose. For example, if the County decides to build a new community center, it will appropriate a certain amount of money just for that project. The County cannot spend more than what has been appropriated without making changes to the budget.

Bond: A bond is like a loan. The County borrows money from investors by selling bonds and then promises to pay it back over time with interest. Bonds are used to raise large sums of money for big projects like building a new courthouse or fixing major roads. This allows the County to start projects now and pay them off over many years.

Bond Anticipation Notes (BANs): Short-term loans that the County uses to start a project while waiting to issue long-term bonds. It's like taking out a smaller loan now and planning to get a bigger, more permanent loan later. BANs are usually paid off in a few years when the County issues the long-term bonds.

Capital Asset: A piece of property or equipment that the County owns and expects to use for a long time, like a fire station, a police car, or a piece of land. These assets are important because they help provide services to the community.

Capital Budget: The capital budget is a plan for how the County will spend money on big projects in a single year. These projects include things like building new roads, fixing public buildings, or buying large equipment like fire trucks. The capital budget is different from the **operating budget**, which covers everyday costs like salaries and office supplies.

Capital Improvement Program (CIP): A 5-year plan that outlines the County's biggest projects and how much they will cost. It helps plan for future needs but doesn't guarantee money for each project right away. The CIP provides a roadmap for what the County wants to build or improve over the next few years.

Capital Outlay: Money spent on buying or improving large items that will last a long time, such as land, buildings, and vehicles. For example, buying a new fire engine would be considered a capital outlay because it's a big, one-time purchase that will be used for many years.

Capital Projects: Large projects that involve building, fixing, or buying things that will last a long time, like new bridges, public buildings, or vehicles. These projects usually cost a lot of money and are expected to last many years, so they require special planning and budgeting.

Capital Reserve Fund: A special savings fund set aside for future big projects or emergencies. It's like having a savings account that the County can use to pay for new projects or fix old buildings when needed.

Cash Flow: The movement of money in and out of a project over a period of time. Managing cash flow is important to make sure there is enough money available when bills need to be paid.

Contingency Fund: Extra money set aside in the budget to cover unexpected costs during a project. For example, if construction costs are higher than expected, the contingency fund can help cover those extra expenses.

Debt Service: The yearly payments the County makes to pay back its debt. It includes paying the original amount borrowed (called the **principal**) plus interest. Debt service is a regular part of the County's budget and is planned for until the entire debt is paid off.

Depreciation: The loss of value of a capital asset (like a building or vehicle) over time. Just like a car loses value the longer you drive it, a County asset also becomes less valuable due to wear and tear. This loss of value is called depreciation.

Encumbrance: Money that has been set aside in the budget to pay for a future expense. For example, if the County signs a contract to build a new park, the money for that project is marked as an encumbrance, even if the work has not started yet. This way, the County knows it has the funds to pay the contractor when the work is done.

Fund Balance: The money left over in a fund after all expenses have been paid. It's like the County's savings account for a particular fund. If there is extra money, it can be used for future projects or kept as a safety net for emergencies.

General Obligation Bonds: These are bonds that the County pays back using its ability to collect taxes. If the County needs to borrow a lot of money for a big project, it can issue General Obligation Bonds, which are backed by the County's promise to repay the debt using tax dollars. Because they are considered very secure, they often have lower interest rates.

Infrastructure: Basic physical systems that a community needs to function, like roads, water pipes, bridges, and public buildings. Maintaining infrastructure is important because it keeps the community running smoothly.

Operating Impact: The effect a new capital project has on the County's day-to-day budget. For example, building a new park may mean extra costs for staffing, utilities, and maintenance. The County needs to plan for these additional costs in the operating budget to make sure it can afford to keep the new park running.

Pay-As-You-Go: Paying for projects using current money (like tax revenue or savings) instead of borrowing money. It's like paying cash instead of using a credit card. This way, the County avoids debt, but it might take longer to save up for large projects.

Project Timeline: A schedule showing when different parts of a project will start and end. It helps the County stay on track and complete the project on time.

Capital Improvement Program - 2025 Capital Budget

Total Capital Requested
\$122,868,739

80 Capital Improvement Projects

Total Funding Requested by Department

● Culture and Recreation (2%)	\$2,895,598.00

Health Requests

Itemized Requests for 2025

ARPA - Crisis Stabilization Center

\$381,961

Ulster County will seek to create a Mental Health and Substance Use Recovery Center to provide our residents a single location that provides the full continuum of care for people dealing with mental health and substance use related illness. For too...

Total: \$381,961

Home and Community Services Requests

Itemized Requests for 2025

ARPA - 114 Route 28: Water & Sewer Ext. **\$1,912,872**

\$2,000,000 has been provided to the Town of Ulster as a subrecipient of ARPA-SLFR funds. The town will run a project to extend water and sewer infrastructure under the New York State Thruway in order to benefit a planned redevelopment of the...

ARPA - Brownfields Redevelopment **\$1,202,937**

This project will create a process to prioritize, evaluate, investigate, and reuse dozens of properties for community and economic benefit that are languishing and are unable to be sold at the Ulster County Public Auction because of potential...

ARPA - Geothermal Silver Gardens **\$500,000**

RUPCO, a non-profit affordable housing provider, will receive \$600,000 as a federal sub-recipient of ARPA funding from Ulster County, to construct Silver Gardens, a senior Supporting Housing development on Argent Drive in the Town of Lloyd. The...

ARPA - Green Energy Job Training **\$460,000**

This project is for ARPA funds to be used to support a three-year program manager position with the non-profit, Communities for Local Power. The position shall initiate and provide job training opportunities in the area of residential home air...

ARPA - Water and Sewer Infrastructure **\$3,611,329**

The purpose of this project is to create a Municipal Water and Sewer grant program in order to provide financial assistance for municipal water and sewer systems in Ulster County. Each proposal cannot exceed 33% of the total cost of each water or...

Total: \$7,687,138

Culture and Recreation Requests

Itemized Requests for 2025

ARPA - Aid to Parks **\$1,579,598**

This project aims to make fair investments across the County via a partnership with its municipalities to establish a program to award grants of up to \$100,000 for eligible municipal parks projects. In no event shall the County support more...

Planning - U&D Corridor Trail -Shandaken Phase 1 **\$1,316,000**

This project will construct a 5.0 mile long abandoned stretch of the U&D Corridor from Highmount to Big Indian in two phases. The first phase of the project will offer an amazing opportunity to access the Shandaken Wild Forest area with...

Total: \$2,895,598

General Government Requests

Itemized Requests for 2025

ARPA - Solar and EV Charging Infrastructure	\$2,500,000
<p>This project aims to make solar and EV charging infrastructure investments across the County through a municipal grant of \$2.5 million. Project addresses will be established as specific projects are planned and created. Until such time, the...</p>	
DPW - Boiceville Substation Improvement	\$440,000
<p>This capital funds concrete slab replacement work at the Boiceville Substation where concrete slabs have degraded extensively from salt exposure and are in dire need of replacement. Work consists of replacing overhead garage doors, adding radiant...</p>	
DPW - Building Management System Control Upgrades	\$500,000
<p>This project is to implement recommendations of DPW staff in conjunction with the Ulster County On-Site Energy Manager to upgrade the building management systems (BMS) for nine buildings. Three buildings have existing BMS that were installed and...</p>	
DPW - County Fleet Vehicles	\$2,360,000
<p>This project is for the replacement of county fleet vehicles on a scheduled basis. Projects are established on an annual basis with a new corresponding Capital Project number set annually. These vehicles will replace aging vehicles (ranging from 10...</p>	
DPW - Department Relocation Management	\$500,000
<p>In alignment with the results of the ongoing space needs study, this project will move County Departments to various new locations, maximizing the use of county-owned properties and reducing the reliance on rental space. A number of County...</p>	
DPW - DSS Basement Restoration	\$125,928
<p>The bottom level portion of the DSS basement is flooding and being infiltrated with water. This project is to find the cause of the flooding and infiltration from the foundation and slab as determined by engineers. Upon review of the engineer's...</p>	
DPW - Elevator Modernization Projects	\$400,000
<p>This project is to modernize elevators at the County Courthouse and the Department of Public Works Administration Building. The condition of the physical equipment merits planning now of either total modernization of all elevators included in this...</p>	
DPW - Facility Improvement Program	\$520,000
<p>The project will be utilized for DPW's job order contracting service (JOCS) for small to medium scale interior and exterior projects, consisting of renovation of walls, flooring, windows, signage, flooring, lighting, sheetrock, ceilings along with...</p>	
DPW - Fairground Improvements	\$2,766,164
<p>This project is to upgrade domestic water and electrical systems at the Ulster County Fair Grounds. A new sanitary waste collection station was completed in 2022. The new sanitary waste collection stations collect waste from motor...</p>	
DPW - Fire Alarm and Access Control Upgrade Program	\$550,000
<p>This project funds new fire alarm systems, access control features, and security cameras in county-owned buildings. It is critical to update the facility's emergency equipment and access control features in working order and correct any...</p>	
DPW - Golden Hill Office Building Interior Renovation	\$150,000
<p>The proposed capital project aims to renovate the interior of the Golden Hill Office Building, located on Golden Hill in Kingston, New York. This building encompasses a total area of 39,600 square feet. In 2023, the Ulster County Department of...</p>	
DPW - Government Operations Center	\$22,283,923
<p>This project involves comprehensive architectural, engineering, and consulting services for the design and construction of the new Emergency Services Operations Center. The facility will house critical components such as the Ulster County Public...</p>	

DPW - Historic Preservation of County Facilities	\$200,000
This project will refurbish or stabilize the county's historic assets and reduce further damage and decay as a result of age. Targeted facilities include the following: Perrines Bridge in the Town of Esopus, Persen House in the City of...	
DPW - HVAC/Weatherization Various Buildings	\$520,000
This project is to implement recommendations of the Climate Action plan in conjunction with routine replacement of HVAC/Weatherization equipment. The type of replacement / repair will vary depending on the building(s) renovated. The project will...	
DPW - Roof Replacement Program	\$3,100,000
This program replaces aging roof systems on County-owned buildings that are reaching the end of their useful lives. Recent projects include the Hall of Records Storage Building, Golden Hill Office Building, 733 Broadway, New Paltz Pool...	
DPW - Solar Array Siting Project	\$450,000
This project aims to maximize the use of solar arrays on county property. Solar arrays come in many different forms and uses, such as covered carports; stand-alone ground-mounted; rooftop; and side-mounted to a building, to name a few design...	
DPW - Trudy Resnick - Farber Office Building Repairs	\$250,000
This project will be a 2 phase project: The first phase will be for light to medium building maintenance and renovation, including a new roof and basic upkeep in 2024. In-house labor is to be used for a portion of the work. The second phase of this...	
DPW - UCLEC Energy Upgrades	\$2,088,148
This project includes energy upgrades to the County Law Enforcement Center to reduce carbon emissions and improve energy efficiency throughout the building. This project included various energy upgrades to the Law Enforcement Center. The...	
DPW - Ulster County Pool Upgrades	\$2,000,000
The Ulster County Pool, a vital community asset established in the mid-1970s, experienced significant usage in 2023, with over 17,625 visitors and an average daily attendance of 220. However, shortly after the pool's reopening in June 2024,...	
Environment - EV Charging Stations	\$189,635
This project is to install EV charging stations (Level 2 and/or DC fast chargers at priority locations) at multiple sites to support fleet operations, workplace, and public charging. The capital supports Executive Order 1 of 2023 and the Ulster...	
Environment - UCAT - Rooftop Solar	\$911,015
UCAT Phase 2.2: This project is for the design and construction of a rooftop solar array at UCAT. The estimated capacity is 204KW DC. There are anticipated MW Block incentives from NYSERDA (discounted from County contracted pricing), a \$100,000...	
Planning - Cornell Street Park	\$160,000
The Cornell Street Park is a small (pocket park) adjacent to the Mid Town Linear Park (Rail Trail) at Cornell Street in the area that once housed the rail yard for the Ulster and Delaware Railroad. This area would be converted with additions of...	
Planning - Golden Hill Solar Project	\$684,980
This project is for the construction of solar facilities associated with the Golden Hill affordable housing project - the County has received a NYSDEC grant that is attributable to the project. However, the county must own the solar facility....	
UCIS - IT / Enterprise Service Management Software	\$175,000
The County's IT Service Management (ITSM) software (Cherwell) will be at its end of life in Q3 2025 and will need to be replaced with a modern, more capable Service Management platform. This, combined with the chronic interdepartmental...	
UCIS - Network Detection and Response (NDR) software	\$300,000
As part of a layered Cybersecurity program, Network Detection and Response (NDR) capabilities, with enriched analytics and reporting, are crucial for Information Services to maintain operational effectiveness. Modern Cybersecurity best...	
Total: \$44,124,793	

Public Safety Requests

Itemized Requests for 2025

Emergency Management - County Wide Radio System	\$11,038,064
<p>This is a project to fund a countywide radio system for police, fire and EMS agencies to achieve interoperability and at the same time improve radio coverage. Components of the existing radio system are over 40 years old and provide only limited...</p>	
Emergency Management - Mobile Command Post	\$1,500,000
<p>The Ulster County Department of Emergency Services recognizes the essential need for communications across the various Emergency Services organizations that utilize various different radio systems. This practice, referred to as Interoperability,...</p>	
Emergency Medical Services BLS Grant Program	\$500,000
<p>Establishment of a \$500,000 EMS Grant Program to assist BLS agencies in purchasing equipment to enable a higher level of patient care.</p>	
Sheriff - Brazo's Upgrade	\$149,220
<p>Ulster County is now looking towards a new universal traffic ticket and accident reporting system which fully integrates into our current records management system. This system has the capabilities built in to properly track every...</p>	
Sheriff - Facility Garage/Impound Yard	\$250,000
<p>This project is to purchase a 100' x 200' steel building to house the Sheriff's Office specialty equipment and vehicles including: MRAP, NOC, MCP, Dive, UCERT1, UCERT2, 4 Boats, and 4 ATV's, with trailers. From time to time, equipment under...</p>	
Sheriff - Axon Body Worn Cameras	\$22,000
<p>The use of body-worn cameras (BWCs) by criminal justice practitioners (e.g., patrol, corrections, SWAT and other tactical responders) offers potential advantages in keeping officers safe, enabling situational awareness, improving community...</p>	
Sheriff - Axon In-car Camera Upgrade	\$320,000
<p>Currently, our fleet comprises 32 patrol cars equipped with Panasonic cameras. We propose upgrading these cameras to the Axon platform, thereby transitioning to cloud-based storage while seamlessly integrating with our existing system. This upgrade...</p>	
Sheriff - Axon Taser Replacement	\$110,000
<p>This project is to replace outdated and unsupported tasers used in the field by officers for less lethal actions. The current tasers are becoming obsolete and un-repairable. This project will allow officers' body worn cameras to automatically...</p>	
Sheriff - BEARCAT G3	\$100,000
<p>This capital project funds the purchase of a Bearcat G3. This purchase will replace the current MRAP maintained by the County. The MRAP will be returned under the 1030 program as it is not owned by the County. The Bearcat will be used in critical...</p>	
Sheriff - Flock LPR Upgrade/Replacement	\$155,000
<p>Ulster County, spanning approximately 1,161 square miles, is home to around 182,000 residents across twenty towns, three villages, and one city. With approximately 2,303 miles of roadway, maintaining public safety on our highways remains a top...</p>	
Sheriff - Jail Axon Body Cameras	\$124,136
<p>A substantial step towards enhancing transparency and accountability, our proposed implementation of Axon jail body cameras aligns with our commitment to modernizing law enforcement practices. With a grant amount of \$248,000.00 secured in 2023,...</p>	
Sheriff - Jail Kitchen/Laundry Equipment	\$100,000
<p>This capital is to replace costly kitchen and laundry equipment that is original with building. The 2024 request was for 2 counter top convection ovens, 1 PVC roller conveyor, 2 soup kettle warmers, 4 heated holding and proofing cabinets and 4...</p>	

Sheriff - Law Enforcement Equipment Replacement **\$200,000**

Replacement of outdated equipment used regularly for patrol in remote locations and on our waterways. All existing equipment is over 15 years old and in need of replacement. Equipment to be replaced includes:ATV's and UTV's for...

Sheriff - Technology Purchase **\$146,334**

This capital project is for the replacement of aging and outdated Sheriff Technology & Equipment. Current approved replacements include:Axon Dronce LicenseAxon Detective Interview Room Upgrades - Conforming to NYS Law RequirementsBlack...

Total: \$14,714,754

Education Requests

Itemized Requests for 2025

SUNY - Equipment and Technology **\$640,000**

This project provides funding for the acquisition of Plant Operations equipment as well as addressing the campus technology needs.Current Capital Projects include: 481,541,545,546.2025: Facilities Equipment: 1 Public Safety vehicle and Mobile LPR...

SUNY - Infrastructure Improvements **\$3,050,000**

This project provides funding for infrastructure improvements including a new internal water service line evaluation and repair to reduce the number of water main breaks during cold weather. In addition, this project includes backup generator...

SUNY - Roof Replacement and Exterior Site Work **\$18,989,659**

These projects are to address aging exterior infrastructure at the college campus. Projects included will prolong the useful life of various campus buildings and assets and will generate operating budget savings for the College. Current...

SUNY - Site Work Improvements **\$10,000,000**

This project provides funding for the construction of a new Plant Operations Facility on the Stone Ridge campus. This project replaces an existing temporary building that was installed in the early 1980s. The Plant Operations Facility will...

Transportation Requests

Itemized Requests for 2025

DPW - Big Pond Bridge Replacement (BIN# 3347000)	\$450,000
<p>The Big Pond Bridge (BIN 3347000), County Bridge No. 89, in the Town of Hardenburgh is in need of replacement. Ulster County performed minor abutment repairs in 2023 and confirmed during that work that the bridge is beyond its useful life,...</p>	
DPW - Bridge Flag Response	\$121,551
<p>Biannual inspections of 158 county-owned bridges are administered by NYSDOT. Ulster County DPW receives yellow and red flags as an outcome of some of these inspections which require a response, sometimes an immediate emergency response. This...</p>	
DPW - Bridge Program	\$923,321
<p>This project seeks to repair deficient bridges utilizing in-house engineering and labor. The County DPW continually identifies bridges to be replaced with in-house labor and engineering. In 2022 and 2023, the County replaced, the Oaks...</p>	
DPW - Bridge Substructure Repairs	\$400,000
<p>Bridge substructures are a primary structural element for all bridges. Ulster County owns several bridges which have deteriorating substructures which support superstructures that are in fine condition. Once a bridge substructure fails, the entire...</p>	
DPW - Bridge Substructure Repairs - Leggs Mills Bridge (BIN# 3347530)	\$600,000
<p>This project is for the Leggs Mills Bridge rehabilitation construction project on County Road 31, in the Town of Ulster. It includes the replacement of the concrete bridge deck, localized steel painting and substructure repairs, among...</p>	
DPW - Bridge Substructure Repairs - Rosendale Bridge (BIN#3347460)	\$150,000
<p>This project is for the Rosendale Bridge rehabilitation construction project on Keator Avenue, in the Town of Rosendale, which includes the replacement of the bridge bearings and substructure repairs of a two-span steel girder bridge, among...</p>	
DPW - Bridge Superstructure Repairs	\$1,165,500
<p>Bridge superstructures are a primary structural element for bridges. Some Ulster County owned superstructures exhibit heavy section loss in certain areas and/or bridge bearings. This project intends to make repairs to County bridge superstructures...</p>	
DPW - Fantinekill Bridge (BIN# 3347600)	\$400,000
<p>The Fantinekill Bridge carrying Samsonville Road (CR 3) over the Mombaccus Creek located in the Town of Rochester has reached the end of its service life. The existing bridge will be replaced with a new bridge, including new abutments. This...</p>	
DPW - Galeville Bridge Replacement (BIN#3347430)	\$800,000
<p>The Galeville Bridge (BIN 3347430) is located in the Town of Shawangunk on the Wallkill River. It is a 300 foot two span steel truss constructed in the 1940s. The truss has over 40% section loss in areas and is nearing the end of its useful life....</p>	
DPW - Highway Equipment - Roads & Bridges	\$3,360,000
<p>This project is for the replacement of heavy machinery and vehicles on a scheduled basis for the Highways & Bridges Division. This project is established on an annual basis with a new corresponding Capital Project number set annually. This...</p>	
DPW - Highway Safety Program	\$50,000
<p>This project will evaluate the opportunities for passing zones on County roads. Increased aggressive driving and lack of passing zones have caused an increase in vehicles illegally crossing the double yellow lines. Appropriately...</p>	
DPW - Hurley Mountain Road Bridge Replacement (BIN# 3347260)	\$515,000
<p>Ulster County DPW was awarded \$5 million in Bridge NY funding to rehabilitate this Bridge. There is a 5 % local match. The Cantine Bridge (BIN 3347260) carries Hurley Mountain Road over the Esopus Creek in the Town of Marbletown. The existing...</p>	

DPW - Large Culvert Program	\$210,000
Large culverts are structures having spans ranging from 5 to 20 feet. Ulster County has 152 large culverts in its inventory. This project seeks to repair deficient culverts utilizing in-house engineering and labor. The project also covers the...	
DPW - Mount Marion Traffic Signal	\$215,000
This project includes replacement of the signal at the intersection of Glasco Turnpike and Kings Highway in the Town of Saugerties. Included in the replacement is new controller and signal heads. Replacement is necessary due to the age of the...	
DPW - Pavement Preservation of Various Roads	\$650,000
This project is for the pavement preservation of various County roads to extend their service life. Sealing prevents the degradation of the roads addressed. These roads must be sealed every three to four years. Project addresses will be established...	
DPW - Phoenicia Bridge Replacement (BIN#3347800)	\$75,000
The Phoenicia Bridge (BIN 3347800) is located in the Town of Shandaken . The bridge was constructed in the 1970s and has undergone numerous repairs due to flood damage. The structure is a known hydraulic constriction, carries a water main to the...	
DPW - Roadway Embankment Slope Stabilization (Beaverkill Road)	\$350,000
Approximately 185 linear feet of the Beaverkill Road Embankment is in need of structural stabilization. UCDPW engineering staff evaluated the site in 2024 and determined that soiling nail would be the most efficient and cost-effective...	
DPW - Roadway Embankment Slope Stabilization Program	\$208,000
As flood events continue, embankments along County Road in various mountainous valleys along the Esopus Creek and other waterways are becoming more prone to fail and require immediate attention and stabilization. Project addresses will be...	
DPW - Route 299 Shoulder Widening	\$194,283
This project is to install shoulders along Route 299 from Butternut Road to Route 44/55 in the Towns of New Paltz and Gardiner. It is currently listed on the Transportation Improvement Program (TIP) under PIN 8051.11. The County procured and...	
DPW - Samsonville Road Culvert Replacement	\$300,000
This project aims to replace the Samsonville Road Culvert situated near the intersection with Rochester Center Road in the Town of Rochester. The construction timeline has been extended to 2025. This delay is necessary due to Ulster County's...	
DPW - Scudder Brook Bridge (BIN# 3347570)	\$325,000
The Scudder Brook Bridge (BIN 3347570) carries Hurley Mountain Road over the Esopus Creek in the Town of Hardenburgh in the Town of Marbletown. The existing bridge is a 264 foot span (comprised of 2 equal 132 foot spans) steel plate girder...	
DPW - Tongore Bridge (BIN# 3041140)	\$2,000,000
This project is to fund the Route 213 Extension/ Tongore Creek Bridge (BIN# 3041140) rehabilitation project in the Town of Olive. The project is listed on the Transportation Improvement Program (TIP) under PIN 8757.13. A redesign for this project...	
DPW - Turnwood Bridge Replacement (BIN# 3347160)	\$677,719
The Turnwood Bridge is an 83 foot span thru girder fracture critical structure with a high hydraulic vulnerability classification for catastrophic failure. The bridge received yellow and red flags in 2020. The original bridge was constructed in...	
DPW - Ulster Landing Road Improvements	\$520,000
Ulster Landing Road in the Town of Ulster exhibits signs of settlement which has led to instability and movement of asphalt, guardrails, trees, and overhead utility posts. The scope of the engineering work consists a landscape of...	
DPW - Wolven Bridge Replacement (BIN# 3346510)	\$600,000
The Wolven Bridge carrying Zena Road (CR 30) over the Sawkill Creek located in the Town of Woodstock has reached the end of its service life. The existing bridge will be replaced with a new bridge, including new abutments. This project is listed...	

DPW - Woodstock Culvert #2 **\$40,000**

The project will alleviate flooding events and connect 2.2 miles of aquatic habitat in the Lower Esopus Watershed. New York State Department of Environmental Conservation ("DEC") Water Quality Improvement Projects (WQIP) Grant Program for...

Planning - Golden Hill Transportation Improvement **\$429,463**

This project includes the installation of a signal at the intersection of Rt. 32 and Golden Hill Drive and the installation of a traffic control gate at the intersection of Glen Street and Golden Hill Drive. The project addresses safety and...

UCAT - Electric Vehicle (EV) Connections **\$1,634,452**

UCAT has a corresponding recurring Capital Project Fleet Electrification Program that focuses on the successful procurement of 100% electric, zero-carbon vehicles. As UCAT continues to transition away from fossil fuels to renewable fueling...

UCAT - Fleet Electrification Program **\$3,020,547**

This capital project addresses fleet and infrastructure electrification integration with a long-term goal of having 100% of all fleet vehicles electric/zero carbon by 2035. The UCAT Fleet Electrification Program (previously named UCAT Bus...

Total: \$20,384,836

Capital Outlays

Capital Outlays are expenses that a county spends to buy or improve things that will last a long time, like buildings, vehicles, or equipment. These are items the county uses to provide services to the community for many years. Capital outlays can also include money spent on big repairs that help these items work better or last longer. In a county's budget, this usually means spending money on things like new computers for government offices, fire trucks, or fixing roads. It's different from everyday expenses because these purchases are meant to help in the future, not just right now.

Year	Capital Outlays
2014	\$7,894,984
2015	\$20,425,979
2016	\$20,343,361
2017	\$17,895,800
2018	\$36,036,194
2019	\$24,088,785
2020	\$17,521,373
2021	\$23,148,968
2022	\$27,000,919
2023	\$25,800,755
2024*	\$31,750,000

*based on amounts scheduled to be expended through December 31, 2024

Glossary

Abatement: A reduction or elimination of a real or personal property tax, motor vehicle excise, a fee, charge, or special assessment imposed by a governmental unit. Granted only on application of the person seeking the abatement and only by the committing governmental unit.

Accounting System: The total structure of records and procedures that identify record, classify, and report information on the financial position and operations of a governmental unit or any of its funds, account groups, and organizational components.

Accrued Interest: The amount of interest that has accumulated on the debt since the date of the last interest payment, and on the sale of a bond, the amount accrued up to but not including the date of delivery (settlement date). (See Interest)

Amortization: The gradual repayment of an obligation over time and in accordance with a predetermined payment schedule.

Appropriation: A legal authorization from the community's legislative body to expend money and incur obligations for specific public purposes. An appropriation is usually limited in amount and as to the time period within which it may be expended.

Arbitrage: As applied to municipal debt, the investment of tax-exempt bonds or note proceeds in higher yielding, taxable securities. Section 103 of the Internal Revenue Service (IRS) Code restricts this practice and requires (beyond certain limits) that earnings be rebated (paid) to the IRS.

Assessed Valuation: A value assigned to real estate or other property by a government as the basis for levying taxes.

Audit: An examination of a community's financial systems, procedures, and data by a certified public accountant (independent auditor), and a report on the fairness of financial statements and on local compliance with statutes and regulations. The audit serves as a valuable management tool in evaluating the fiscal performance of a community.

Audit Report: Prepared by an independent auditor, an audit report includes: (a) a statement of the scope of the audit; (b) explanatory comments as to application of auditing procedures; (c) findings and opinions. It is almost always accompanied by a management letter which contains supplementary comments and recommendations.

Available Funds: Balances in the various fund types that represent non-recurring revenue sources. As a matter of sound practice, they are frequently appropriated to meet unforeseen expenses, for capital expenditures or other one-time costs.

Balance Sheet: A statement that discloses the assets, liabilities, reserves and equities of a fund or governmental unit at a specified date.

Betterments (Special Assessments): Whenever a specific area of a community receives benefit from a public improvement (e.g., water, sewer, sidewalk, etc.), special property taxes may be assessed to reimburse the governmental entity for all or part of the costs it incurred. Each parcel receiving benefit from the improvement is assessed for its proportionate share of the cost of such improvements. The proportionate share may be paid in full or the property owner may request that the assessors apportion the betterment over 20 years. Over the life of the betterment, one year's apportionment along with one year's committed interest computed from October 1 to October 1 is added to the tax bill until the betterment has been paid.

Bond: A means to raise money through the issuance of debt. A bond issuer/borrower promises in writing to repay a specified sum of money, alternately referred to as face value, par value or bond principal, to the buyer of the bond on a specified future date (maturity date), together with periodic interest at a specified rate. The term of a bond is always greater than one year. (See Note)

Bond and Interest Record: (Bond Register) – The permanent and complete record maintained by a treasurer for each bond issue. It shows the amount of interest and principal coming due each date and all other pertinent information concerning the bond issue.

Bonds Authorized and Unissued: Balance of a bond authorization not yet sold. Upon completion or abandonment of a project, any remaining balance of authorized and unissued bonds may not be used for other purposes, but must be rescinded by the community's legislative body to be removed from community's books.

Bond Issue: Generally, the sale of a certain number of bonds at one time by a governmental unit.

Bond Rating (Municipal): A credit rating assigned to a municipality to help investors assess the future ability, legal obligation, and willingness of the municipality (bond issuer) to make timely debt service payments. Stated otherwise, a rating helps prospective investors determine the level of risk associated with a given fixed-income investment. Rating agencies, such as Moody's and Standard and Poors, use rating systems, which designate a letter or a combination of letters and numerals where AAA is the highest rating and C1 is a very low rating.

Budget: A plan for allocating resources to support particular services, purposes and functions over a specified period of time. (See Performance Budget, Program Budget)

Capital Assets: All real and tangible property used in the operation of government, which is not easily converted into cash, and has an initial useful life extending beyond a single financial reporting period. Capital assets include land and land improvements; infrastructure such as roads, bridges, water and sewer lines; easements; buildings and building improvements; vehicles, machinery and equipment. Communities typically define capital assets in terms of a minimum useful life and a minimum initial cost. (See Fixed Assets)

Capital Budget: An appropriation or spending plan that uses borrowing or direct outlay for capital or fixed asset improvements. Among other information, a capital budget should identify the method of financing each recommended expenditure, i.e., tax levy or rates, and identify those items that were not recommended. (See Capital Assets, Fixed Assets)

Cash: Currency, coin, checks, postal and express money orders and bankers' drafts on hand or on deposit with an official or agent designated as custodian of cash and bank deposits.

Cash Management: The process of monitoring the ebb and flow of money in an out of municipal accounts to ensure cash availability to pay bills and to facilitate decisions on the need for short- term borrowing and investment of idle cash.

Certificate of Deposit (CD): A bank deposit evidenced by a negotiable or non-negotiable instrument, which provides on its face that the amount of such deposit plus a specified interest payable to a bearer or to any specified person on a certain specified date, at the expiration of a certain specified time, or upon notice in writing.

Classification of Real Property: Assessors are required to classify all real property according to use into one of four classes: residential, open space, commercial, and industrial. Having classified its real properties, local officials are permitted to determine locally, within limitations established by statute and the Commissioner of Revenue, what percentage of the tax burden is to be borne by each class of real property and by personal property owners.

Collective Bargaining: The process of negotiating workers' wages, hours, benefits, working conditions, etc., between an employer and some or all of its employees, who are represented by a recognized labor union. regarding wages, hours and working conditions.

Consumer Price Index: The statistical measure of changes, if any, in the overall price level of consumer goods and services. The index is often called the "cost-of-living index."

Cost-Benefit Analysis: A decision-making tool that allows a comparison of options based on the level of benefit derived and the cost to achieve the benefit from different alternatives.

Debt Burden: The amount of debt carried by an issuer usually expressed as a measure of value (i.e., debt as a percentage of assessed value, debt per capita, etc.). Sometimes debt burden refers to debt service costs as a percentage of the total annual budget.

Debt Service: The repayment cost, usually stated in annual terms and based on an amortization schedule, of the principal and interest on any particular bond issue.

Encumbrance: A reservation of funds to cover obligations arising from purchase orders, contracts, or salary commitments that are chargeable to, but not yet paid from, a specific appropriation account.

Enterprise Funds: An enterprise fund is a separate accounting and financial reporting mechanism for municipal services for which a fee is charged in exchange for goods or services. It allows a community to demonstrate to the public the portion of total costs of a service that is recovered through user charges and the portion that is subsidized by the tax levy, if any. With an enterprise fund, all costs of service delivery--direct, indirect, and capital costs--are identified. This allows the community to recover total service costs through user fees if it chooses. Enterprise accounting also enables communities to reserve the "surplus" or net assets unrestricted generated by the operation of the enterprise rather than closing it out to the general fund at year-end. Services that may be treated as enterprises include, but are not limited to, water, sewer, hospital, and airport services.

Equalized Valuations (EQVs): The determination of the full and fair cash value of all property in the community that is subject to local taxation.

Estimated Receipts: A term that typically refers to anticipated local revenues often based on the previous year's receipts and represent funding sources necessary to support a community's annual budget. (See Local Receipts)

Exemptions: A discharge, established by statute, from the obligation to pay all or a portion of a property tax. The exemption is available to particular categories of property or persons upon the timely submission and approval of an application to the assessors. Properties exempt from taxation include hospitals, schools, houses of worship, and cultural institutions. Persons who may qualify for exemptions include disabled veterans, blind individuals, surviving spouses, and seniors.

Expenditure: An outlay of money made by municipalities to provide the programs and services within their approved budget.

Fiduciary Funds: Repository of money held by a municipality in a trustee capacity or as an agent for individuals, private organizations, other governmental units, and other funds. These include pension (and other employee benefit) trust funds, investment trust funds, private- purpose trust funds, and agency funds.

Fixed Assets: Long-lived, assets such as buildings, equipment and land obtained or controlled as a result of past transactions or circumstances.

Fixed Costs: Costs that are legally or contractually mandated such as retirement, FICA/Social Security, insurance, debt service costs or interest on loans.

Float: The difference between the bank balance for a local government's account and its book balance at the end of the day. The primary factor creating float is clearing time on checks and deposits. Delays in receiving deposit and withdrawal information also influence float.

Full Faith and Credit: A pledge of the general taxing powers for the payment of governmental obligations. Bonds carrying such pledges are usually referred to as general obligation or full faith and credit bonds.

Fund: An accounting entity with a self-balancing set of accounts that are segregated for the purpose of carrying on identified activities or attaining certain objectives in accordance with specific regulations, restrictions, or limitations.

Fund Accounting: Organizing financial records into multiple, segregated locations for money. A fund is a distinct entity within the municipal government in which financial resources and activity (assets, liabilities, fund balances, revenues, and expenditures) are accounted for independently in accordance with specific regulations, restrictions or limitations. Examples of funds include the general fund and enterprise funds. Communities whose accounting records are organized according to the Uniform Municipal Accounting System (UMAS) use multiple funds.

GASB 34: A major pronouncement of the Governmental Accounting Standards Board that establishes new criteria on the form and content of governmental financial statements. GASB 34 requires a report on overall financial health, not just on individual funds. It requires more complete information on the cost of delivering value estimates on public infrastructure assets, such as bridges, road, sewers, etc. It also requires the presentation of a narrative statement the government's financial performance, trends and prospects for the future.

GASB 45: This is another Governmental Accounting Standards Board major pronouncement that each public entity account for and report other postemployment benefits in its accounting statements. Through actuarial analysis, municipalities must identify the true costs of the OPEB earned by employees over their estimated years of actual service.

General Fund: The fund used to account for most financial resources and activities governed by the normal appropriation process.

General Obligation Bonds: Bonds issued by a municipality for purposes allowed by statute that are backed by the full faith and credit of its taxing authority.

Governing Body: A board, committee, commission, or other executive or policymaking body of a municipality or school district.

Indirect Cost: Costs of a service not reflected in the operating budget of the entity providing the service. An example of an indirect cost of providing water service would be the value of time spent by non-water department employees processing water bills. A determination of these costs is necessary to analyze the total cost of service delivery. The matter of indirect costs arises most often in the context of enterprise funds.

Interest: Compensation paid or to be paid for the use of money, including amounts payable at periodic intervals or discounted at the time a loan is made. In the case of municipal bonds, interest payments accrue on a day-to-day basis, but are paid every six months.

Interest Rate: The interest payable, expressed as a percentage of the principal available for use during a specified period of time. It is always expressed in annual terms.

Investments: Securities and real estate held for the production of income in the form of interest, dividends, rentals or lease payments. The term does not include fixed assets used in governmental operations.

Line Item Budget: A budget that separates spending into categories, or greater detail, such as supplies, equipment, maintenance, or salaries, as opposed to a program budget.

Local Aid: Revenue allocated by the state or counties to municipalities and school districts.

Maturity Date: The date that the principal of a bond becomes due and payable in full.

Municipal(s): (As used in the bond trade) "Municipal" refers to any state or subordinate governmental unit. "Municipals" (i.e., municipal bonds) include not only the bonds of all political subdivisions, such as cities, towns, school districts, special districts, counties but also bonds of the state and agencies of the state.

Note: A short-term loan, typically with a maturity date of a year or less.

Objects of Expenditures: A classification of expenditures that is used for coding any department disbursement, such as “personal services,” “expenses,” or “capital outlay.”

Official Statement: A document prepared for potential investors that contains information about a prospective bond or note issue and the issuer. The official statement is typically published with the notice of sale. It is sometimes called an offering circular or prospectus.

Operating Budget: A plan of proposed expenditures for personnel, supplies, and other expenses for the coming fiscal year.

Overlapping Debt: A community's proportionate share of the debt incurred by an overlapping government entity, such as a regional school district, regional transit authority, etc.

Performance Budget: A budget that stresses output both in terms of economy and efficiency.

Principal: The face amount of a bond, exclusive of accrued interest.

Program: A combination of activities to accomplish an end.

Program Budget: A budget that relates expenditures to the programs they fund. The emphasis of a program budget is on output.

Purchased Services: The cost of services that are provided by a vendor.

Refunding of Debt: Transaction where one bond issue is redeemed and replaced by a new bond issue under conditions generally more favorable to the issuer.

Reserve Fund: An amount set aside annually within the budget of a town to provide a funding source for extraordinary or unforeseen expenditures.

Revaluation: The assessors of each community are responsible for developing a reasonable and realistic program to achieve the fair cash valuation of property in accordance with constitutional and statutory requirements. The nature and extent of that program will depend on the assessors' analysis and consideration of many factors, including, but not limited to, the status of the existing valuation system, the results of an in-depth sales ratio study, and the accuracy of existing property record information.

Revenue Anticipation Note (RAN): A short-term loan issued to be paid off by revenues, such as tax collections and state aid. RANs are full faith and credit obligations.

Revenue Bond: A bond payable from and secured solely by specific revenues and thereby not a full faith and credit obligation.

Revolving Fund: Allows a community to raise revenues from a specific service and use those revenues without appropriation to support the service.

Sale of Real Estate Fund: A fund established to account for the proceeds of the sale of municipal real estate other than proceeds acquired through tax title foreclosure.

Stabilization Fund: A fund designed to accumulate amounts for capital and other future spending purposes, although it may be appropriated for any lawful purpose.

Surplus Revenue: The amount by which cash, accounts receivable, and other assets exceed liabilities and reserves.

Tax Rate: The amount of property tax stated in terms of a unit of the municipal tax base; for example, \$14.80 per \$1,000 of assessed valuation of taxable real and personal property.

Tax Title Foreclosure: The procedure initiated by a municipality to obtain legal title to real property already in tax title and on which property taxes are overdue.

Trust Fund: In general, a fund for money donated or transferred to a municipality with specific instructions on its use. As custodian of trust funds, the treasurer invests and expends such funds as stipulated by trust agreements, as directed by the commissioners of trust funds or by the community's legislative body. Both principal and interest may be used if the trust is established as an expendable trust. For nonexpendable trust funds, only interest (not principal) may be expended as directed.

Uncollected Funds: Recently deposited checks included in an account's balance but drawn on other banks and not yet credited by the Federal Reserve Bank or local clearinghouse to the bank cashing the checks. (These funds may not be loaned or used as part of the bank's reserves and they are not available for disbursement.)

Undesignated Fund Balance: Monies in the various government funds as of the end of the fiscal year that are neither encumbered nor reserved, and are therefore available for expenditure once certified as part of free cash.

Unreserved Fund Balance (Surplus Revenue Account): The amount by which cash, accounts receivable, and other assets exceed liabilities and restricted reserves. It is akin to a "stockholders' equity" account on a corporate balance sheet. It is not, however, available for appropriation in full because a portion of the assets listed as "accounts receivable" may be taxes receivable and uncollected. (See Free Cash)

Valuation (100 Percent): The legal requirement that a community's assessed value on property must reflect its market, or full and fair cash value.
