

Ulster County
Department of Emergency Management
Division of Fire Services

Training Announcement

Forcible Entry, Let's Make Sure We Win

December 4 1900 -> 2100

December 8 0800 -> 1700

10 hour class

Highland Station 1

Course Description

One of the basic duties of firefighters is to perform forcible entry. Well in some cases forcible entry may not be all that basic. Through lecture and practical skills students will learn how to size up doors, select the proper tools, and begin forcible entry. In this class the student will leave with sharpened skills that will further be honed through Instructor tips and tricks during hands on tool exercises. Upon successful completion of this class, the student will walk away with an increased level of firefighter competencies, and will be able successfully combat doors within their response areas

Instructor: William Farrell, Ulster County Fire Inst.

Maximum Students: 12

Pre-Requisites: NYS Truck Company Operations
Training Authorization Letter Required
