A Local Law Amending Local Law Number 9 of 1991, Ulster County Solid Waste Management Law

Section 1. Short Title.

This local law shall be known as the “Ulster County Solid Waste Management Law”

Section 2. Findings and Legislative Purpose

The Ulster County Legislature finds that:

(a) In 1991, the County of Ulster and the Ulster County Resource Recovery Agency (hereinafter the Agency) prepared a Local Solid Waste Management Plan pursuant to the provisions of Environmental Conservation Law §27-0106 and §27-0107 in order to define the County’s policies with respect to solid waste management. It is the policy of the County, in accordance with the solid waste management policies of the State of New York, to reduce the amount of solid waste generated; reuse material for the purpose for which it was originally intended or recycle material that cannot be reused; recover energy from solid waste that cannot be economically or technically reused or recycled; and dispose of solid waste that is not being reused, recycled or from which energy is not being recovered by land burial or other means approved by law. This local law is intended to advance and support the policies expressed in the Local Solid Waste Management Plan.

(b) The Agency’s mission is to provide an efficient, economical and environmentally sound solid waste management system in and for the County of Ulster. The Agency strives to carry out the principles of New York’s solid waste hierarchy in its work, emphasizing reuse of materials, reduction of Municipal Solid Waste (MSW), and the carrying out of an effective and user friendly recycling program, with landfill disposal of MSW that cannot be reused, reduced or recycled. The Agency also provides a pilot organics composting project, and holds Household Hazardous Waste and Electronics recycling events for the residents of the County. Municipal drop off centers for disposal of solid waste and recycling developed by the Agency offer County residents a convenient alternative to private collection contracts. The Agency routinely negotiates contracts with area solid waste collection firms for disposal of MSW at its two conveniently placed transfer stations, and long

hauls through private contractors the processed waste to permitted landfills in New York State.

(c) Together with the preparation of the Local Solid Waste Management Plan, the County adopted Local Law Number 8 of 1991 (the Ulster County Mandatory Source Separation and Recycling Law) and Local Law Number 9 of 1991 (the Ulster County Solid Waste Management Law) with the intent that the provisions of each law should complement the other in the management of solid waste and recyclables collection and disposal in the County.

(d) Section 4 of Local Law Number 9 of 1991 provided for the restriction of competition in solid waste disposal to the extent that waste generated or brought within the County of Ulster could be directed to a solid waste facility designated by the Agency, as authorized by Public Authorities Law § 2050-t(3). Enforcement of section 4 of Local Law Number 9 of 1991 was suspended following judicial decisions calling similar provisions in the laws of other communities into question on constitutional grounds. In 2007, the United States Supreme Court affirmed the power of local government to direct the flow of solid waste and recyclables to public facilities, and this amendment to Local Law Number 9 of 1991 is adopted to advance the goals of the Ulster County Local Solid Waste Management Plan in a manner conforming to the standards established by the Court.

(e) Local Law Number 8 of 1991 (the Ulster County Mandatory Source Separation and Recycling Law) has been amended on two occasions: by Local Law No. 8 of 2007 and Local Law No 4 of 2010. The most recent amendment set forth in Local Law No 4 of 2010 sets forth Findings and Legislative Purposes with respect to County policy on recycling and solid waste management which the Legislature hereby re-affirms and adopts as additional Findings and Purposes for this amendment.

(f) In addition, the Legislature finds that the establishment of a requirement for an occupational license for persons engaged in the collection of solid waste and recyclables in Ulster County, together with the re-institution of flow control over the disposal of solid waste generated within the County will assist the County and the Agency in fulfilling the goals of the Local Solid Waste Management Plan. The license and flow control requirements established

herein are intended to enhance the ability of the Agency to gather information relevant to the generation, type and quantity of waste and recyclables in the County; assist in the environmentally sound and economical disposal of solid waste; provide sufficient user revenue to the Agency to administer the operation of an integrated solid waste management system; reduce the subsidy provided by Ulster County taxpayers to the solid waste system; and assist the County and the Agency in the enforcement of environmental laws and regulations.

(g) The Legislature further finds that the amendments contained herein will assist the Agency in establishing a structured disposal fee for all haulers operating within the County and thereby encourage competition among haulers, for the benefit of all consumers of solid waste services within the County.

Section 8. Revocation or Denial of Licenses

(a) The Agency shall be authorized to deny an application or suspend or revoke a Hauler license issued pursuant to this local law where one (1) or more of the following situations is found to exist:

2. That the Hauler has failed to account or pay, without reasonable cause, any disposal bills to the Agency.

3. That the Hauler is insolvent or has made a general assignment for the benefit of creditors or has been adjudged a bankrupt, or a money judgment has been secured against it upon which an execution has been returned wholly or partly unsatisfied.

4. That the Hauler has failed to keep and maintain records or has refused to allow the inspection thereof as otherwise provided in this local law.

5. That the Hauler has violated any of the provisions of this local law or the provisions of Local Law No. 4 of 2010 as it currently exists or may be amended from time to time.

6. That the Hauler has ceased to operate as a private refuse collector for which a license was previously issued.

(b) Procedure. Whenever, in the judgment of the Executive Director of the Agency, sufficient evidence exists to support a determination that a license held by any Hauler should be suspended or revoked, or that civil penalties should be imposed pursuant to this local law, the Agency shall serve written notice of such suspension or revocation, and/or the amount of civil penalty imposed, upon the Hauler, together with notice of the effective date of such suspension, revocation or penalty, which date shall be not less than twenty (20) days from the date of such notice. Such notice shall contain factual allegations sufficient to inform the Hauler of the nature and circumstances of the violation charged, and shall further inform the Hauler of the right to a hearing to contest the suspension, revocation and/or penalty. The Hauler may invoke the right to a hearing by serving a written demand for hearing upon the Agency at any time prior to the effective date of the suspension, revocation or penalty, and service of such demand shall serve to stay such suspension, revocation or penalty pending the determination of the Independent Administrative Hearing Officer, pursuant to the procedures set forth in section 20 of Local Law No 4. Of 2010. Any applicant aggrieved by the denial of a license after application pursuant to this section may request that the Agency hold a hearing on such denial.

Agency to establish standards and promulgate regulations to accomplish such control. 1. The placement of a Municipal Solid Waste container that is marked or identified with the name of a Hauler holding or required to hold a license for the collection of Municipal Solid Waste pursuant to this local law at any location within the County shall be presumptive evidence that such Hauler is providing Solid Waste collection service at said location.

2. Evidence of Municipal Solid Waste in a container located in the County as described in sub-section (1) above, and subsequent observation of the same Container empty, shall be presumptive evidence that Municipal Solid Waste was collected from the container by the Hauler whose name is marked on the container.

3. The failure to deliver any Municipal Solid Waste to an Agency designated Solid Waste Management Facility within three (3) days of the collection of Municipal Solid Waste from any location within the County shall be presumptive evidence of a violation of this section.

(c) Penalties. Any Hauler who violates any of the provisions of this section 9 of this local law, or who fails to perform any duty imposed by this local law or any rule or regulations promulgated pursuant thereto, may be liable for a civil penalty not to exceed $5,000 and/or revocation of all licenses issued pursuant to this local law.
Section 10. Priority.

Pursuant to Title 13-G of the Public Authorities Law of the State, this local law takes precedence over and shall supersede any inconsistent provisions of any local law enacted by any municipality within the County.

If any section, provision, or part thereof, in this local law, or the application thereof to any person or circumstances, is adjudged invalid or unconstitutional by a court of competent jurisdiction, then such adjudication shall not affect the validity of the remainder of the local law or the validity of the local law as a whole or any sections, provision or part thereof, not so adjudged invalid or unconstitutional and the application of the local law or any section, provision or part thereof to other persons or circumstances shall not be affected by said adjudication.
