

Ulster County Behavioral Health *Community Needs Assessment*

Join a community listening session

Share your ideas to improve Ulster County's mental health and substance use disorder service system.

What we want to learn

1. Experiences with service availability and quality
2. Strengths and gaps of the system
3. Recommendations to improve services and supports

Who we are

Human Services Research Institute (HSRI) is a nonprofit organization with a mission of helping develop sustainable policies that support inclusive and person-centered practices. The Ulster County Department of Mental Health (DMH) has engaged HSRI to conduct a community needs assessment.
