## **Public Meeting Scheduled: Proposed Ulster County Salt Storage Shed**

The Ulster County Department of Public Works will hold a public informational meeting on a proposed salt storage shed to be located on lands owned by Ulster County on Libertyville Road in the town of New Paltz.

The meeting offers an opportunity for the public to obtain details on the proposed facility and comment on issues of concern.

The facility is designed to improve the efficiency and environmental conditions of the county's salt storage operations needed to service the New Paltz area. As proposed, the facility will include associated highway equipment storage and office space for staff that utilize the facility. Additional improvements include widening and surfacing the existing access road, installation of necessary utilities including water and sewer, and construction of stormwater improvements consistent with applicable state requirements.

The Public meeting is scheduled as follows:
