INTRODUCTION

MESSAGE FROM THE ULSTER COUNTY EXECUTIVE

Dear Ulster County Residents:

My budget proposal for 2022 recognizes this unique moment we find ourselves in: a moment of dizzying change and growing division, but also a moment of tremendous, once-in-a-generation opportunity. It outlines a plan to leap boldly forward, to continue to grow, and to ensure that as we move forward, we always make sure we are bringing everyone - *all* residents of our county - with us.

For 2022, we are outlining a bold vision to bring back critical mental health services, provide direct aid to our small businesses, and continue to address our housing needs. After a challenging year, I am once again proud to deliver a county budget that meets these essential needs while also holding the line on taxes.

For years we have understaffed, underfunded and undervalued mental health services in Ulster County. We have made it complicated and, at times, disjointed. This year, given what we have learned from the pandemic, we are taking a series of steps to right this wrong.

Additionally, while major businesses thrived during the economic seesaw of the pandemic, many of our local small businesses struggled to keep their doors open. This budget does right by our local businesses and lays the groundwork to continue to invest in new sectors that will position Ulster County to be truly competitive in the 21st century economy.

In 2022, we will also make major strides in tackling our housing crisis: through funding the demolition of our old County Jail and replacing it with affordable housing to hiring a full-time planner to both implement our Ulster County Housing Plan and more.

I want to thank all of my partners in Team Ulster County. Our dedicated employees have yet again stepped up to ensure that we can serve and provide for our 180,000 neighbors. In 2022, we will undoubtedly have more challenges ahead, but I am proud that we are dedicating funding today for the benefit of future Ulster County generations.

GREEN NEW DEAL

The 2022 Ulster County Executive Budget proposes home energy retrofiting, in coordination with nonprofit organizations, local contractors, colleges, and the Office of Employment and Training. This **\$3 million** investment over the course of three years will create jobs and provide home energy cost savings. Additional funds will be leveraged from HOME and CDBG dollars.

RESPONSIVE AND RESPONSIBLE

The 2022 Ulster County Executive budget proposes to leverage ARP and other grant funding to construct an emergency management and government operations facility and establish the Ulster County Service Navigator program.

HOUSING

The 2022 Ulster County Executive Budget directs **\$1.5 million** to the Ulster County Housing Development Corporation to fund the redevelopment of Golden Hill, to support 160 units of new, affordable housing. Additionally, the budget provides **\$800,000** in planning for the County's Housing Smart Communities Initiatives, to promote the development of housing across the county.

ECONOMIC DEVELOPMENT

The 2022 Ulster County Executive Budget proposes to invest **\$2 million** in the Ulster County Center for Economic Innovation at the former Tech City site, and will build on and operationalize our Ulster 2040 vision. The budget also dedicates **\$2 million** in Direct Aid to Business, with a focus on Minority-, Women-, and Veteran-owned businesses. Additionally, the budget dedicates another **\$4 million** in operating budget to support workforce training, tourism, and economic development.

JUSTICE

The 2022 Ulster County Executive Budget proposes to dedicate annual funding to our schools to provide Restorative Justice resources and diversion programming. Additionally, it provides a full-time Professional Standards Supervisor to the Sheriff's Office.

MENTAL HEALTH AND ADDICTION RECOVERY

Through the budget, the county will begin a **\$3.3 million** dollar capital project to build the Ulster County Mental Health and Addiction Recovery Center, including our own Crisis Stabilization Center, while investing **\$13.2 million** in operating budget. In addition, the County will work with school districts to coordinate and organize expanded mental health services in schools.

County property taxes only account for 12.7% of the average homeowner's tax bill.

2022 Executive Budget Proposals

Grow and Diversify our Economy for All: Ulster County Center for Economic Innovation

To continue to accelerate the Ulster 2040 strategy - supporting both existing and new businesses - the Ulster County Executive Budget invests \$2 million to build and launch the Ulster County Center for Economic Innovation at the former IBM site in the Town of Ulster. This new hub will bring together key economic development agencies and partners from education and workforce development sectors, as well as our County team, along with anchor tenants from a number of our key economic cluster areas.

Grow and Diversify our Economy for All: Direct Aid to Business

Over the next two years, the Ulster County Executive Budget dedicates \$2,000,000 to small businesses in Ulster County. With a focus on Minority- & Women-Owned Businesses and Veteran-Owned Businesses, these funds will be critical to businesses for the purchase of new equipment, assistance with rent and even to make payroll costs.

American Rescue Plan: Housing

The Ulster County Executive Budget directs an additional \$1.5 million to the County-led Housing Development Corporation to accelerate the demolition of the old Ulster County Jail and support the construction of 160+ units of much-needed senior and workforce housing. Funding the demolition from the Rescue Plan funds will decrease the project cost and speed up the project timeline. Leveraging the federal funds will also improve our tax credit application scoring, making it more likely that the project receives funding in its first round. It will also give the County more control over the timing and conduct of the demolition process, and ultimately increase the proceeds the County receives back on the sale of the property to the developer.

The budget also proposes an investment of an additional \$2 million over the next two years to work with town, city, and village leaders across the County - along with trusted development partners - to accelerate the siting and construction of more housing for seniors, frontline workers, veterans, and more. Additionally in this year's budget, for the first time the County will hire a full-time planner dedicated to housing issues and focused on implementing the Ulster County Housing Action Plan.

Infrastructure: Trails and Recreation

The Ulster County Executive Budget proposes to dedicate \$1.9 million dollars to substantially improve two of the major recreational rail trails in Ulster County and complete ongoing work that has spanned over a decade. Major improvements will be made to the 27-mile-long O&W Rail Trail, which runs from Kingston south to the Village of Ellenville, and to the 22-mile-long Wallkill Valley Rail Trail, which runs from Kingston to the southern border of the Town of Gardiner. An additional \$200,000 will be made available to municipalities in Ulster County to expand other recreation facilities for residents.

Make County Government More Responsive and Responsible: Government Operations Center

The Ulster County Executive Budget proposes to construct a state-of-the-art emergency management and government operations facility that centralizes critical functions from across County government in a hardened and energy self-sufficient structure. An expanded 911 Center will better serve residents during emergencies.

Tackle the Opioid Epidemic: Expanded Mobile Mental Health

Ulster County Mobile Mental Health is a service provided by Access: Supports for Living. The program, which launched in 2015, will be expanded in 2022 to include New Paltz, adding a third Mobile Mental Health Team to respond to appropriate 911 calls.

Tackle the Opioid Epidemic: Separate Health/Mental Health

The Ulster County Executive Budget proposes to re-establish a fully functioning Department of Mental Health, helping to elevate mental health services as a top priority. This means having a full-time Mental Health Commissioner and staff who can expand and improve mental health delivery, hold our team and partners accountable, and push for desperately needed reforms at the State and Federal levels.

American Rescue Plan: Mental Health and Addiction Recovery Services

The Ulster County Executive Budget proposes to dedicate \$3.3 million in federal relief funds for design and construction of the County's first-ever Ulster County Mental Health and Addiction Recovery Center, to provide residents a single location for the full continuum of care for people dealing with mental health and addiction related illness. This first major component of this will be a Crisis Stabilization Center, which will begin development in 2022. There has been success with this type of program in Dutchess County and, with a \$2 million dollar jump start, Ulster County will soon see these essential services right here.

Ensure Justice for All Residents: AVERT

The Ulster County Executive Budget directs funding to the newly-created AVERT unit, which is a multi-agency team led by Sheriff Juan Figueroa and District Attorney Dave Clegg that will use innovative, proactive approaches to divert our young people from violent crime and get illegal guns off our streets. In particular, it provides funding to bolster the team with social workers and mental health experts.

Tackle the Opioid Epidemic: Youth/Mental Health Wellness Initiative in Schools

The Ulster County Executive Budget dedicates an additional \$1 million to expand desperately-needed mental health resources in our schools, leveraging some of the County's recently-announced multi-million dollar statewide opioid settlement funds to meet this urgent need.

Ensure Justice for All Residents: Expanded Restorative Justice to Schools

The Ulster County Executive Budget proposes to dedicate funds to allow Ulster County schools to provide resources for Restorative Justice Circles, so they can divert kids away from suspension and offer rehabilitative instead of punitive outcomes. Family of Woodstock will be expanding their Restorative Justice Program to include 4 school districts: Kingston, Saugerties, Ellenville and Wallkill at a cost of \$65,000 per year.

Infrastructure: Water and Sewer

The Ulster County Executive Budget continues to make major investments in maintaining and enhancing our infrastructure, including \$48.2 million to improve our roads and bridges and \$3.9 million to help spur and accelerate much-needed municipal water and sewer projects.

This program provides matching funds for infrastructure investments such as water and sewer to assist economic development and housing projects, community service facilities such as health and child care, and public facilities that result in shared services and lower costs at the community level. The level of required match will be determined on a case-by-case basis but will not exceed 75% of the project costs. Applications from municipalities participating in the County's Housing Smart Communities Initiative will be prioritized, along with projects supporting a community-identified housing and/or economic development priority.

Green New Deal: Brownfields Redevelopment

Ulster County has approximately three dozen properties languishing on the foreclosure-eligible lists year after year due to real or perceived environmental conditions. The County has identified a list of twelve properties to remediate and put back on the tax rolls.

This project would create a process to prioritize, evaluate, investigate and ultimately reuse these properties for community and economic benefit. The County will utilize ARP funding to complete the necessary studies to move these properties back onto the tax rolls.

Green New Deal: Home Energy Retrofits

Retrofitting homes can dramatically lower home energy costs, saving as much as \$200 per month, and improving housing affordability. This is also a huge opportunity for job creation. Draft recommendations from the NYS Climate Action Council's Energy Efficiency and Housing Panel call for 75% of all buildings in the state to be retrofitted by 2050 with approximately 50% complete by 2040. For Ulster County, this means retrofitting nearly 60,000 homes over the next 30 years – a scale-up of approximately 30-fold over the rate at which this work is being done now.

This is a 3-year/\$3,000,000 investment. The program would work with one or more nonprofit organizations who run home retrofit programs to rehab low-to-moderate income homes to high efficiency standards. Working with local contractors, SUNY Ulster, Ulster BOCES and our Office of Employment and Training will initiate an on-the-job training program. SUNY Ulster will provide Building Performance Institute classes and certification.

It is anticipated that the maximum rehabilitation cost will be \$35,000 with the average costing \$25,000. Additional funds will be leveraged from HOME or CDBG dollars. A total of 30 units are expected to be rehabilitated.

2022 Executive Budget Expenses and Revenues Summary

The 2022 Ulster County Executive Budget proposes to spend \$351.1M across all funds. This is a 5% increase over the 2021 Adopted Budget, and a 2.4% increase over the 2020 Adopted Budget. It is important to note that the 2021 Adopted Budget was based on dire economic forecasts at the Federal and State level. At the time of the budget preparation, the County was experiencing significantly higher unemployment and major revenue sources were still down in the double digits percentagewise. The State Government was also withholding, or threatening to cut 20% of our State Aid, jeopardizing a major revenue source for the County. In the end, with the assistance of the Federal Government, significant reductions in spending at the County level, and a return to normal in revenues, the County was able to withstand the pressures the economy and pandemic posed to its finances. This year's budget growth is modest when properly compared to the 2020 Adopted Budget and continues the path of investing in our community and recognizing the contributions of our workforce providing critical services to our residents.

Significant increases in payroll are due to the County settling two of their Collective Bargaining Agreements with the workforce, which recognizes their contribution not only during the pandemic, but the work they do every day on behalf of the residents of Ulster County. These contractual increases represent an 8.96% increase in payroll, or \$7.7M across all funds. The County still has two employees' contracts that are in negotiations and no funds have been budgeted, but we expect them to be finalized in the coming months.

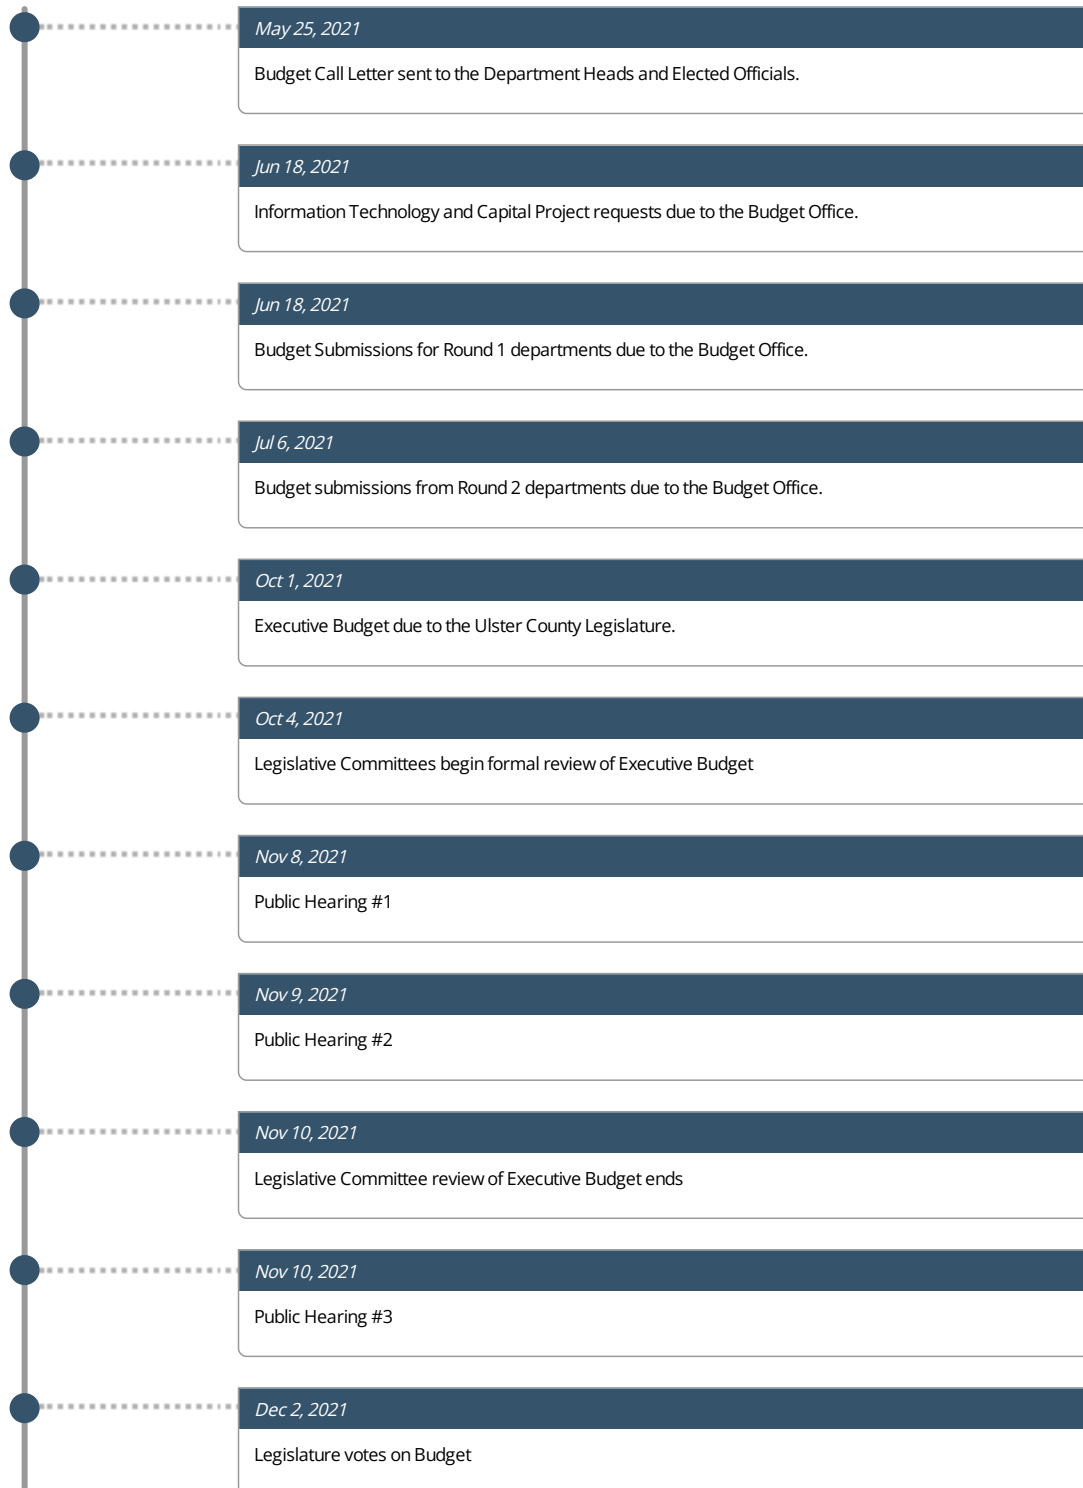

The 2022 Ulster County Executive estimates Sales Tax revenues at \$143M. This is an 18.6% increase from the 2021 Adopted Budget, and an 11.2% increase from the 2020 Adopted Budget. Current revenues are continuing to exceed all expectations throughout the State and locally in Ulster County. Projections early in the pandemic that it could take years to recover from the adverse economic impacts were blunted by extraordinary Federal aid to other governments and individuals. This extraordinary aid has begun to run dry, with extended unemployment ending and other stimulative measures for individuals expiring. While the County remains optimistic that the growth in revenues will continue to be strong, we urge caution, as the duration of this period of economic growth remains uncertain, as was the period of recession during the early days of the pandemic.

Due to increases in non-property tax items such as Sales Tax and Occupancy Tax, the 2022 Ulster County Executive Budget proposes using significantly less fund balance than in the previous budget cycle. We currently estimate a General Fund balance in excess of the County's current policy and within the recommended range by the Government Finance Officers Association and the New York State Comptrollers Office. This healthy fund balance level will ensure that the County is able to withstand fluctuations in the economy and position us well for the future.

Budget Timeline

This page contains the highlights of the budgeting process from an Executive and Legislative perspective. The entire process of developing, submitting, reviewing, and ultimately approving the budget takes over 6 months during a calendar year.

Fund Structure

General Fund

The General Fund is the government's primary operating fund. It is used to account for and report all financial resources of the general government, except those required to be accounted for and reported in another fund. For the County, the General Fund includes such activities as public safety, public health, transportation, public assistance, education and culture and recreation services. The major revenue sources of the General Fund are real property taxes, sales tax, and State and Federal aid.

Debt Service Fund

The Debt Service Fund is used to account for and report the financial resources that are restricted, committed or assigned to expenditures for principal and interest on long-term general obligation debt of governmental funds not accounted for in the General Fund, Capital Projects Fund and the component units. The major revenue source of the Debt Service Fund is real property taxes, and for purposes of this report, Tobacco Settlement Revenues.

Capital Projects Fund

The Capital Projects Fund is used to account for and report financial resources that are restricted, committed or assigned to expenditures for capital outlays, including the acquisition, construction or improvement of capital facilities and other capital assets, other than those financed by proprietary funds or assets held in trust. The major revenue sources of the Capital Projects Fund are State and Federal aid, and proceeds of obligations.

Special Revenue Funds

The Special Revenue Funds are used to account for and report the proceeds of specific revenue sources that are restricted, committed, or assigned to expenditures for specified purposes other than debt service or capital projects. Each fund is established on a functional basis and may include one or more grants or other funding sources. The County utilizes the following special revenue funds: a) The Special Grant Fund accounts for and reports the proceeds received under the Workforce Investment Act and Community Development Block Grant Funds. b) The County Road Fund accounts for and reports the acquisition and maintenance of roads and bridges pursuant to Section 114 Highway Law. c) The Road Machinery Fund accounts for and reports the acquisition and maintenance of road machinery and equipment pursuant to Section 133 of Highway Law.

Proprietary Fund Types

Proprietary funds are used to account for activities that are similar to those often found in the private sector and follow accounting standards promulgated by the Governmental Accounting Standards Board. The measurement focus is upon determination of net income, financial position, and changes in financial position. The County operates a workers' compensation claims-servicing pool, which is accounted for and reported as the Workers' Compensation Pool, and is considered a major proprietary fund. The Workers' Compensation Pool is used to account for a workers' compensation claims-servicing pool, which was created in 1979 under Article 5 of the NYS Workers' Compensation Law. Each of the approximately 62 participants in the pool are responsible for their share of the liabilities of the pool and risk is not shared among the members. The County reports the following additional proprietary funds: a) The Ulster County Economic Development Alliance (UCEDA) accounts for and reports on the financial activity related to job growth, economic development, and community revitalization for Ulster County. b) The Ulster County Capital Resource Corporation (UCCRC) accounts for and reports on the financial activity related to the promotion of community and economic development and the creation of jobs in the non-profit sector.

2022 Personnel Changes

The 2022 Ulster County Executive Budget contains 59 positions restored or added to the workforce. These additions reflect the need for the County to return to a more normal course of operations coming out of the pandemic as well as modernizing the workforce, and responding to community needs. These positions bring the County near the 2019 Adopted Budget workforce count. In an effort to maximize transparency we have included all position changes and the the justification for the addition to this section.

Department of Finance - Distribution of Sales Tax (1985)

Burt Gulnick
Commissioner

Department Description

This department includes the collection of Sales Tax from the state and distribution of sales tax to the City and Towns within the County and is the responsibility of the Department of Finance.

Key Budgetary Highlights

The 2022 Ulster County Executive Budget proposes total revenues for Sales Taxes are proposed at \$143,000,000. This amount is 18.61% higher than the 2021 Adopted Budget. The first half of 2021 has seen dramatic increases in Sales Tax receipts throughout the State and we are projected to exceed the amount budgeted in 2021 based on early returns and growth projections. However, due to the volatility of this revenue source, this is a conservative estimate and we will be closely monitoring returns throughout the year.

The 2022 Ulster County Executive Budget proposes \$20,735,000 in total appropriations for the Department of Finance - Distribution of Sales Tax. Distributions from this department are made by formal agreement between the County, City of Kingston, and the Towns within Ulster County.

Key Budgetary Highlights

The 2021 Ulster County Executive Budget proposes \$5,575,445 in total appropriations for the Ulster County District Attorney's Office.

Total revenues for the Ulster County District Attorney's Office are proposed at \$520,861, leaving the County responsible for \$5,054,584 of this department's proposed expenses.

Mission Statement

Our office's mission is to provide equal justice while focusing on those crimes and individuals that threaten the safety of the people of Ulster County. Our number one priority is keeping our community safe. We take seriously our obligation to the community, to law enforcement, and to victims of crime.

We are guardians of the rights and liberties of everyone involved in the criminal justice system. We evaluate each case on its merits to ensure that justice is administered fully and without bias or favoritism. We embrace new ideas, best practices, and technologies to serve the community and advance justice. We are committed to building resilient partnerships with community organizations recognizing that a united and cohesive effort to prevent crime and heal harm allows us to achieve the highest level of public safety for our community.

Function/Description

The Ulster County District Attorney is the county's chief law enforcement officer. The District Attorney has the sole responsibility for the prosecution of all crimes and offenses which occur within Ulster County. The District Attorney's Office partners with local, county, state, and federal law enforcement agencies with a common goal to promote public safety and protect the people and property in our community.

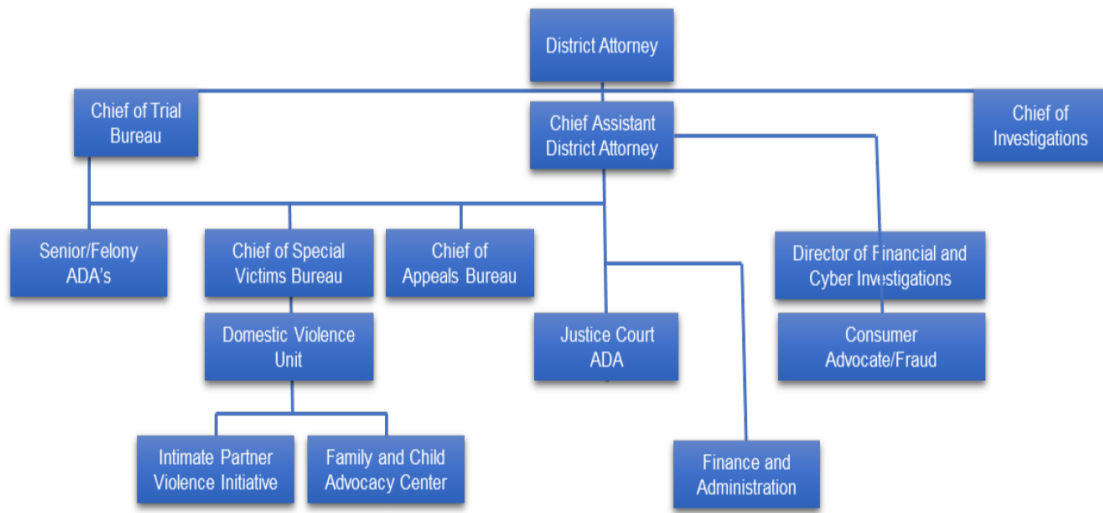

Both investigators and assistant DA's participate in investigations of serious cases that occur throughout the county, i.e. drug trafficking and homicides. The Ulster County District Attorney's office covers criminal prosecutions in the 22 town and village justice courts, Kingston City Court, and Ulster County Court. Said prosecutions involve charging decisions, case assessment, Grand Jury presentations, motion practice, hearings, trials, sentencing, and appeals. This requires communication with victims, witnesses, law enforcement, defense counsel, advocates for both the victim and defendant, forensic experts, and medical experts.

The District Attorney's Office is responsible for the law enforcement side of The Ulster County Family and Child Advocacy Center, which is a partnership with The Ulster County Department of Social Services conducting both criminal and Child Protective Service investigations while streamlining, personalizing and coordinating services to child victims of physical or sexual abuse and/or domestic violence. The Ulster County District Attorney's Office was selected as only the second county in the United States to create an Intimate Partner Violence Initiative devoted to offender accountability through community involvement. The program, which was introduced in the City of Kingston, has now expanded to the Town of Saugerties and will soon include the Town of New Paltz and is continually managed as new offenders need to be continually evaluated and repeat offenders reassessed depending on the degree of escalation in their behavior.

The District Attorney's Office is also responsible for coordination with the Department of Social Services to orchestrate the investigation and prosecution of Welfare Fraud and Non-Payment of Child Support cases. The District Attorney's Office heads the Ulster County Consumer Fraud Bureau fielding reports of local scams which require investigation and community notification if founded. The District Attorney's Office participates in numerous task forces such as those combatting domestic violence, elder abuse, arson, and cruelty to animals, as well as, special projects and community outreach. The District Attorney's office is also in the process of developing diversion and Restorative Justice programs.
