

Seasonal Influenza and Pneumonia Clinics Postponed

The Ulster County Health Department has postponed all scheduled seasonal flu and pneumonia clinics until further notice due to the vaccine manufacturers' delay.

It is good practice to call our **seasonal Flu Hotline** at (845) 340-3093 to hear the most current information regarding the schedule for future health department clinics. The information will also be posted on our website at www.UlsterCountyNY.gov/health.

Additionally, those interested should call their primary care physician and/or local pharmacy for information about where to get a flu shot or check <http://www.flucliniclocator.org/> to see if there are any seasonal flu vaccine clinics scheduled.
