ULSTER COUNTY'S SAUGERTIES AREA IMMUNIZATION CLINIC SCHEDULED TO RELOCATE TO A LOWER COST FACILITY

New Location Maintains Saugerties Presence and Essential Services

In keeping with Ulster County's ongoing initiative to deliver essential services at a lower cost, Dr. La Mar Hasbrouck announced that as of June 30, 2010, the Ulster County Department of Health's (fixed location) Immunization Clinic at 123 Partition Street in Saugerties will be moving to a less expensive facility.

Ulster County's low or no fee clinics provide important immunizations, especially for children, up to 18 years of age, and cover a wide range of preventable diseases.

Starting with the first scheduled clinic on Tuesday, August 10th, 2010, the new location will be in the Dutch Arm Chapel of the Reformed Church of Saugerties, on 173 Main Street. The entrance is on John Street and free parking is available next to the Chapel.

For more information, call the Ulster County Department of Health at 340-3070.
