

SINGLE-USE PLASTIC

BEVERAGE STRAWS, CUTLERY, STIRRERS, ^{AND}/_{OR} CONDIMENT PACKETS*

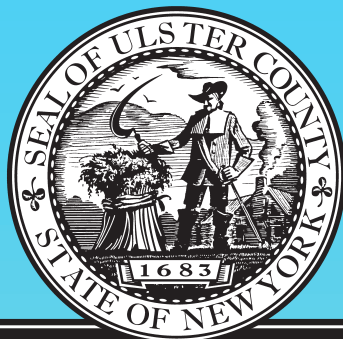

AVAILABLE UPON REQUEST

Here in Ulster County, we pride ourselves on beautiful natural areas. But plastic pollution is a threat to our environment. Plastic litters our waterways, finds its way into our soil or food and can even impact human health.

The Skip the Straw law empowers individuals to help reduce plastic pollution in our environment by only requesting these items if needed. **Small steps add up!**
