

ULSTER COUNTY TRANSPORTATION COUNCIL
Policy Committee Meeting

Meeting Transcript
February 22, 2022

Meeting held via zoom at 10:00 am

00:00:09.630 --> 00:00:10.260

UCTC: Hopefully.

00:00:12.269 --> 00:00:14.940

UCTC: Hopefully we'll have a forum so Brian why don't you do row.

00:00:16.049 --> 00:00:24.450

UCTC: morning everyone, I will name off the municipality if the voting Member President could please state their name Ulster county.

00:00:29.160 --> 00:00:30.030

UCTC: Ulster county.

00:00:31.980 --> 00:00:35.100

UCTC: I saw your lips moving, but I couldn't hear you.

00:00:36.240 --> 00:00:38.970

UCTC: But we know you're here city of kingston.

00:00:39.660 --> 00:00:40.200

Greg Krupp: Red Cross.

00:00:41.520 --> 00:00:42.690

UCTC: town of Socrates.

00:00:43.230 --> 00:00:44.040

Vernon Benjamin: or an Benjamin.

00:00:45.180 --> 00:00:46.320

UCTC: town of Ulster.

00:00:50.100 --> 00:00:52.440

UCTC: New York State Department of Transportation.

00:00:52.800 --> 00:00:53.730

Lance MacMillan: lance McMillan.

00:00:54.630 --> 00:00:55.980

15183395727: You ever stayed through brian's.

00:01:01.050 --> 00:01:01.410

15183395727: morning.

00:01:01.830 --> 00:01:03.750

UCTC: Just voting members to state your name.

00:01:08.970 --> 00:01:09.270

15183395727: as well.

00:01:13.980 --> 00:01:15.900

UCTC: just doing roll call at this moment.

00:01:16.170 --> 00:01:17.340

New York state thruway.

00:01:21.780 --> 00:01:22.800

UCTC: town of hurley.

00:01:23.850 --> 00:01:24.570

Peter Humphries: Peter Humphrey.

00:01:26.160 --> 00:01:27.390

UCTC: town of US opus.

00:01:30.270 --> 00:01:31.530

UCTC: town of Marlboro.

00:01:32.430 --> 00:01:34.680

iPad: Emmanuel manny kalki.

00:01:37.380 --> 00:01:38.490

UCTC: town of Sean gum.

00:01:40.290 --> 00:01:41.910

UCTC: village of new paltz.

00:01:44.070 --> 00:01:45.600

UCTC: town of overseeing.

00:01:47.490 --> 00:01:48.660

UCTC: town of kingston.

00:01:50.580 --> 00:01:51.720

UCTC: town of Rochester.

00:01:55.560 --> 00:02:01.530

UCTC: that's six Members, we are too short of a quorum at this moment Dennis is presently calling.

00:02:01.950 --> 00:02:21.540

UCTC: Our municipalities, I did confirm a quorum on Friday, I think this is largely a product of the Tuesday morning meeting after a holiday so well Dennis is working on establishing where some of our missing Members are in the office i'm going to run through.

00:02:22.560 --> 00:02:23.940

UCTC: Some other.

00:02:25.320 --> 00:02:35.430

UCTC: Meeting items, but before we do that i'd like to run through welcome and introductions of any other numbers that I didn't name out maybe David, could you name off individuals, please.

00:02:37.950 --> 00:02:39.840

David Staas (UCTC): Her I think we have.

00:02:41.070 --> 00:02:44.700

David Staas (UCTC): Alex Wade on the line her blitz.

00:02:46.620 --> 00:02:47.700

David Staas (UCTC): Ian mackenzie.

00:02:50.910 --> 00:02:52.140

David Staas (UCTC): Andrew emmerich.

00:02:53.550 --> 00:02:54.540

David Staas (UCTC): Chris hand it.

00:02:55.740 --> 00:02:56.730

David Staas (UCTC): Harriet Lewis.

00:02:58.980 --> 00:03:00.960

David Staas (UCTC): someone's on from the town of Woodstock.

00:03:02.580 --> 00:03:08.580

David Staas (UCTC): And then somebody else just joined, so if there's anybody I didn't name you please introduce yourself that'd be great.

00:03:09.840 --> 00:03:14.310

UCTC: I see Michael Boston is joined That brings us to seven numbers.

00:03:18.360 --> 00:03:19.770

UCTC: And the other individuals.

00:03:23.040 --> 00:03:24.390

UCTC: Great Thank you.

00:03:25.800 --> 00:03:27.510

UCTC: So while we're waiting for our last.

00:03:27.510 --> 00:03:28.380

UCTC: Member to join.

00:03:28.920 --> 00:03:29.340

UCTC: I.

00:03:29.700 --> 00:03:30.630

Mike Baden: We could climb.

00:03:30.840 --> 00:03:34.230

Mike Baden: Mike Baden i'm in here now, thanks great Thank you supervisor.

00:03:34.650 --> 00:03:43.170

UCTC: Welcome, if we could move on to Item number two on the agenda, call for citizen comments are there any citizen comments this morning.

00:03:49.380 --> 00:03:49.650

UCTC: I got.

00:03:50.370 --> 00:03:51.060

Herb Litts: sure you.

00:03:51.180 --> 00:03:53.070

UCTC: know her blitz please.

00:03:55.260 --> 00:03:59.010

Herb Litts: yeah I want to thank y'all scanning transportation Council.

00:04:00.810 --> 00:04:05.460

Herb Litts: or reaching out and talking to one, and also the county.

00:04:06.510 --> 00:04:09.450

Herb Litts: talking to the town about the intersection of.

00:04:10.800 --> 00:04:13.050

Herb Litts: North Ltd spawners road and.

00:04:14.970 --> 00:04:28.230

Herb Litts: Old new paltz road I know it's a high action and area and, unfortunately, before they could actually put the four way stops on we had another bad accident, it was a head on collision with multiple injuries.

00:04:29.610 --> 00:04:30.690

Herb Litts: But we need to.

00:04:31.770 --> 00:04:32.970

Herb Litts: work faster I guess.

00:04:34.170 --> 00:04:39.360

Herb Litts: But I appreciate the efforts that the Council put on to to get that moving Thank you.

00:04:42.240 --> 00:04:42.870

UCTC: you're.

00:04:44.190 --> 00:04:46.590

UCTC: welcome any other citizen comments this morning.

00:04:51.210 --> 00:04:56.130

UCTC: Hearing none Dennis I will relinquish the agenda back to you, sir.

00:04:57.150 --> 00:05:06.840

UCTC: Thanks Ryan Item number Okay, so we can't approve we don't have a quorum yet so we certainly can't approve the Minutes so we're going to move on the communications and announcements.

00:05:07.710 --> 00:05:20.370

UCTC: I have a number of communications and announcements that i'd like to share, I believe it was last week, perhaps the week before some of you may have seen use etc send out a flash blast to Members.

00:05:22.320 --> 00:05:27.690

UCTC: And there were three important items I think everyone should be aware of the first is the rays.

00:05:28.500 --> 00:05:45.960

UCTC: grant program sponsored by the US Department of Transportation re stands for rebuilding the American infrastructure with sustainability and equity, this is the former tiger program, which is intended to provide funding for significant.

00:05:47.040 --> 00:06:05.070

UCTC: major infrastructure projects that have significant economic development impacts on regions and communities in the past day of kingston has put forth an application that while not successful did score very well so well typically these are awards are provided to.

00:06:06.810 --> 00:06:16.140

UCTC: larger cities throughout the United States, I wouldn't rule out smaller cities like kingston or even villages, so if you are interested in a significant.

00:06:16.590 --> 00:06:26.640

UCTC: Funding application raises now available, the White House issued a guidebook to the bipartisan infrastructure law, this is a 400 page document.

00:06:27.090 --> 00:06:39.450

UCTC: That goes over in detail all funding programs within the bipartisan infrastructure law, so if you do have any questions regarding what sort of funding opportunities.

00:06:40.230 --> 00:06:48.660

UCTC: will become available within the next five years of the surface transportation authorization act that is a good desk reference to.

00:06:49.800 --> 00:06:50.820

UCTC: To check out.

00:06:52.050 --> 00:07:07.830

UCTC: Also, I provided a statement from the US Department of Transportation Secretary booted judge on the national roadway safety strategy, this is a 40 page response document to.

00:07:10.050 --> 00:07:27.570

UCTC: The reason increase in crashes that have been occurring since the pandemic started this is the first increase in serious crashes, and they tell us on us throats that we've seen after a nearly I believe it's a three decade trend of downward.

00:07:29.610 --> 00:07:31.800

UCTC: a decrease in serious crashes.

00:07:32.880 --> 00:07:49.380

UCTC: And the safety strategy addresses the safe systems approach, which is a pretty significant change in strategy to addressing roadway safety, and I hope to be able to present more information on the safe systems approach in the months ahead.

00:07:50.910 --> 00:08:01.380

UCTC: Finally, i'd also like to bring to your attention a number of very interesting bills that are presently making their way to the New York state legislature.

00:08:02.130 --> 00:08:10.590

UCTC: This spring, there are a number of interesting initiatives that we have seen raised in the past but seem to be gaining much.

00:08:11.580 --> 00:08:23.250

UCTC: attention and potential for passage and those include bills, there are at least five, maybe even six different bills that will address the following subjects.

00:08:24.120 --> 00:08:35.730

UCTC: statewide speed limits, providing municipalities and greater local authority to set their own local speed limits below the standard 30 miles per hour limit.

00:08:36.840 --> 00:08:39.090

UCTC: Complete streets funding and maintenance.

00:08:40.410 --> 00:08:47.940

UCTC: Rules and funding mechanisms for complete streets safe passing distance for cyclists on roadways.

00:08:49.290 --> 00:09:00.960

UCTC: new requirements for licensing of new drivers, including training to make new drivers better aware of the issues faced by pedestrians and cyclists on the roadways and also crash.

00:09:01.020 --> 00:09:02.190

Vernon Benjamin: victim and goes through boy.

00:09:02.190 --> 00:09:07.350

UCTC: Right, so I would encourage everybody to take a look at those.

00:09:09.510 --> 00:09:12.240

UCTC: New issues that are out there, I don't have one.

00:09:15.210 --> 00:09:27.330

UCTC: Quick website or source for all these potential wise, but please be aware of that that you may be hearing more of them in the months to come, as the legislature works through the budgeting process.

00:09:28.440 --> 00:09:39.720

UCTC: Really Those are all of the announcements, I can pretend Oh yes, thank you Dennis and also the uc TC recently sent out an email blast that is.

00:09:40.530 --> 00:09:47.910

UCTC: goes to our highest elected officials technical committee members and our human service transportation providers.

00:09:48.450 --> 00:10:04.140

UCTC: such as the irc Rocco and other agencies family Woodstock, for example, just to name a few regarding the section 5310, this is an FDA funding source for rolling stock and operations, it can be used for vehicle purchases, to provide.

00:10:05.970 --> 00:10:15.180

UCTC: Increased transit and transportation opportunities for people with disabilities so as well and seniors as well, thank you, so I would encourage.

00:10:18.180 --> 00:10:30.000

UCTC: municipalities to reach out to any human service transportation agencies that they may be aware of if they have vehicle needs this could be a potential funding source for them.

00:10:30.480 --> 00:10:42.900

UCTC: And that is a tight turnaround I believe that is a deadline of April for applications, so you should have received that email blast as well yeah and typically is nonprofits that use these in the past we funded.

00:10:44.730 --> 00:10:48.480

UCTC: Special specialty vehicles to provide services to.

00:10:49.710 --> 00:11:01.830

UCTC: Various projects that are owned by nonprofits there's also work to be done with respect to the county's office of aging, and some of our neighbor programs.

00:11:02.640 --> 00:11:15.660

UCTC: So supervisor quickly, I know is on the call, we have reached out to her up co relative to a project that they have in the town holster rocco's already been received, have a have a grand for this for a project in kingston as well.

00:11:16.980 --> 00:11:21.300

UCTC: Anything else no I just like to go back on the agenda and note that.

00:11:21.720 --> 00:11:28.290

UCTC: Thank you supervisor quickly and mayor Rogers for joining us that brings us to nine Members present, that as a quorum Thank you.

00:11:28.590 --> 00:11:36.990

UCTC: So i'll go back to number three on the agenda, which is the approval of the October 28 2021 policy committee meeting summary, can I have emotion for discussion purposes.

00:11:37.590 --> 00:11:38.640

Mike Baden: So Mike Baden.

00:11:38.970 --> 00:11:40.650

UCTC: Thank you, Mr Bay do I have a second.

00:11:46.050 --> 00:11:48.930

UCTC: Oh, this is crazy, how would somebody second this all right.

00:11:48.960 --> 00:11:49.980

Tim Rogers: Roger second.

00:11:50.280 --> 00:11:54.570

UCTC: Thank you very much, Mr supervisor Roger appreciate america's I apologize.

00:11:56.520 --> 00:11:58.860

UCTC: Thank you, I have a motion and a second any discussion.

00:12:01.740 --> 00:12:02.730

UCTC: Anyway, any opposed.

00:12:05.550 --> 00:12:06.660

UCTC: Any extensions.

00:12:08.850 --> 00:12:09.960

UCTC: So Carrie Thank you.

00:12:11.730 --> 00:12:24.570

UCTC: New business Item number a use etc resolution 2022 01 approval of the US etc state fiscal year 2022 to five planning work program and I have emotional for discussion purposes.

00:12:26.370 --> 00:12:27.450

iPad: I make that motion.

00:12:28.590 --> 00:12:30.540

UCTC: Thank you i'm sorry, who was that.

00:12:32.190 --> 00:12:34.170

iPad: Many kalki tomorrow.

00:12:34.470 --> 00:12:36.840

UCTC: Thank you so much, and do, I have a second.

00:12:37.290 --> 00:12:39.360

Mike Baden: Wait a second wait.

00:12:39.990 --> 00:12:41.520

UCTC: A second, I have a motion, the second.

00:12:41.550 --> 00:12:42.720

Vernon Benjamin: Brian sure.

00:12:44.490 --> 00:12:55.680

UCTC: man on the juicy TC website, we have version 3.1 of the draft up wp it's been available for review.

00:12:56.370 --> 00:13:04.830

UCTC: We did receive comment from New York State do T planning bureau in Albany regarding the up wp and they noted some minor.

00:13:05.280 --> 00:13:19.170

UCTC: errors and need for revision on a few items which i'll go over right now on table one, the biggest error that was identified which is really not a significant one is on table one.

00:13:20.100 --> 00:13:32.850

UCTC: And that if you can draw your attention to line 22 under the FDA funds, it was noted that we indicate FDA carry over programmed in the.

00:13:33.450 --> 00:13:58.440

UCTC: In the up wp as 130 \$4,267 that figure is actually only \$55,012 we're only programming \$55,000 out of our savings, so we need to either change the figure or change the row title to identify that the hundred and \$34,000 is actually.

00:13:59.550 --> 00:14:09.720

UCTC: Our savings are on programs dollars that from previous years that we have available for program would make it consistent with the one above so it would be.

00:14:11.490 --> 00:14:17.100

UCTC: Switching it to \$55,000 to show that the actual FDA carry over programmed.

00:14:17.580 --> 00:14:37.470

UCTC: Is \$55,012, so why don't we do that from certain angles, consistent with the one about indeed and so that is what we will do in the final document also there was one project removed from between the draft program in this final, and that is project code.

00:14:40.050 --> 00:14:53.880

UCTC: Regional trail way finding plans, this is a project that's been programmed for a number of years now that hasn't gotten off the ground, it was proposed by several municipalities.

00:14:54.930 --> 00:15:08.010

UCTC: On the open web rail trail to look at way way finding opportunities on the own w rail trail and that to us seem like a project that did not in and of itself.

00:15:08.880 --> 00:15:27.150

UCTC: come up to the level of a consultant based consultant system assisted up wp project, but we thought if we could pair it with some of our other regional trails and do way finding throughout the county that it might actually be a worthwhile endeavor but.

00:15:28.290 --> 00:15:34.950

UCTC: The other issue that has arrived arisen since then, is that osi the open space Institute.

00:15:35.730 --> 00:15:49.290

UCTC: has put for significant funding to do trail planning on the ocean w planning in engineering I believe they have \$500,000 less is rewarded at \$500,000 grant from the environmental bond back funding.

00:15:49.740 --> 00:16:00.090

UCTC: to study the island w quarter so we'd want to duplicate a lot of that effort right so at this point, we decided to remove that project from the Program.

00:16:01.290 --> 00:16:06.750

UCTC: Otherwise, there are no significance revisions to the document I should know that.

00:16:08.070 --> 00:16:12.570

UCTC: The final draft is based on an estimated fourth quarter.

00:16:13.950 --> 00:16:24.450

UCTC: fourth quarter reimbursement request so obviously we're in the state fiscal year fourth quarter, right now, until we can close the fourth quarter, this will remain in final draft.

00:16:24.960 --> 00:16:36.930

UCTC: And the other issue that is a typical issue every year is that the FDA has not yet released its federal fiscal year 22 apportionment to any of the States.

00:16:37.410 --> 00:16:46.650

UCTC: And until they do will be awaiting the final portion and from the FDA so the near State do T is expecting all of the Info statewide.

00:16:47.220 --> 00:17:05.010

UCTC: To require a final amendment to the up wp once those portions final portion that survey, so there will be some final adjustments that are still required, but this is routine every year so as those adjustments I made will make our Members aware.

00:17:06.210 --> 00:17:21.990

UCTC: The other issue is that the up wp was released for public comment 15 day public comment and review we did not receive any public comments that's all I have any questions from the from the Council.

00:17:23.580 --> 00:17:24.300

UCTC: comments.

00:17:25.410 --> 00:17:34.950

UCTC: I have emotion on the two amendments, please one was wondering on the or the removal of the project, what we're writing and the correction of the table.

00:17:36.810 --> 00:17:39.240

UCTC: As amended and emotion.

00:17:41.340 --> 00:17:43.140

UCTC: And the amendments somebody please.

00:17:44.670 --> 00:17:46.530

Mike Baden: Do you need an emotion that is.

00:17:46.620 --> 00:17:48.960

UCTC: An emotion any amendments adopting them mentor them.

00:17:48.960 --> 00:17:51.150

Mike Baden: Okay i'll make that Mike Ben.

00:17:51.390 --> 00:17:53.070

UCTC: Thank you, Mr Ben do I have a second.

00:17:53.370 --> 00:17:54.480

Greg Krupp: Second grade crop.

00:17:54.870 --> 00:17:58.230

UCTC: Thank you Greg I have a motion and a second any discussion on the amendments.

00:18:00.000 --> 00:18:01.470

UCTC: hearing on any opposed.

00:18:03.840 --> 00:18:04.950

UCTC: Any extensions.

00:18:06.210 --> 00:18:07.050

UCTC: So carry.

00:18:08.370 --> 00:18:13.980

UCTC: On emotion and second up on the emotion and, second, for the plan itself any discussion.

00:18:16.080 --> 00:18:17.730

UCTC: Hearing none any opposed.

00:18:19.770 --> 00:18:20.700

UCTC: Any extension.

00:18:22.830 --> 00:18:24.690

UCTC: So Carrie Thank you, thank you.

00:18:25.800 --> 00:18:26.550

UCTC: I didn't be.

00:18:28.560 --> 00:18:49.170

UCTC: You ctc resolution 20 2202 it's a Member to the UCC federal fiscal year 2024 2020 2024 transportation improvement program to add a new town of Rochester bridge New York pin number 876264 shown an attachment one do I have emotion, Mr Dave and i'm assuming right.

00:18:49.380 --> 00:18:51.750

Mike Baden: Yes, I will happily make that motion.

00:18:53.460 --> 00:18:54.450

UCTC: Do I have a second.

00:18:54.960 --> 00:18:56.130

Vernon Benjamin: Second, learning.

00:18:56.340 --> 00:19:06.990

UCTC: Thank you very have emotion discussion any discussion right this project was awarded to the town of Rochester to the bridge New York solicitation from late.

00:19:08.040 --> 00:19:09.120

UCTC: leaves one that went out.

00:19:10.530 --> 00:19:23.700

UCTC: And the all the project details are shown in attachment one on page two of the resolution, and this is a replacement of the voicemail road bridge over false millbrook in the town.

00:19:24.210 --> 00:19:31.080

UCTC: Total project cost is to just over 2.1 million I should know that this is probably one of the first bridge New York.

00:19:31.500 --> 00:19:37.830

UCTC: Project pins this is that it's being put forth, and there are quite a few projects statewide and in region eight.

00:19:38.460 --> 00:19:43.620

UCTC: Some of the project details are likely to change at a later point in time.

00:19:44.040 --> 00:19:52.410

UCTC: But we're doing a whole new tip update later this spring and i'm sure that any of those minor details that will probably be ironed out.

00:19:52.830 --> 00:20:02.400

UCTC: By the time the tip update and we can capture them during the tip update, but this will allow the project to get programmed on the tip and give the town, the ability to begin.

00:20:02.970 --> 00:20:10.590

UCTC: Moving forward along the federal aid process and to identify consultant, thank you, Brian any any questions from the Council members.

00:20:13.830 --> 00:20:15.570

UCTC: hearing them any opposed.

00:20:17.820 --> 00:20:19.020

UCTC: Any extensions.

00:20:20.580 --> 00:20:37.200

UCTC: So Carrie Item number six on the agenda other old business new members, Brian yeah sure I had mentioned that we have a number of new members, thank you, those of you who joined us in 2022 and we're here this morning I.

00:20:38.340 --> 00:20:56.400

UCTC: mentioned the possibility of doing a short training seminar for new members, and I still would like to pull something together it's been a busy February and January for everyone, so please stay tuned it's we have a typical dog and pony show that we'd like to call.

00:20:58.200 --> 00:21:09.240

UCTC: I know that my colleagues in Dutchess county at the npr actually during that training seminar later today it's Unfortunately I don't think it's open to just anyone.

00:21:09.990 --> 00:21:20.190

UCTC: But i'll check in with that and see if there any new issues that I can borrow from them we'll see if we can do a training for new members, those of you who are interested.

00:21:21.090 --> 00:21:23.280

iPad: Yes, I am interested interested in it.

00:21:23.670 --> 00:21:25.050

UCTC: Great Thank you manny.

00:21:26.820 --> 00:21:28.860

UCTC: Next time, you see TC tip update.

00:21:30.210 --> 00:21:43.590

UCTC: I during our friday's mpl directors call the statewide directors call, there is no new information to be offered regarding the looming or pending tip update.

00:21:44.040 --> 00:21:58.650

UCTC: Other than that, the region's statewide are updating and finalizing their capital program until all the capital of programs across the state and are finalized, they are unable to move forward with.

00:21:59.910 --> 00:22:03.750

UCTC: Detailed financial targets and guidance regarding that tip update.

00:22:04.770 --> 00:22:11.340

UCTC: So that is what we're waiting for, but we're still looking at an end of February early March target.

00:22:12.450 --> 00:22:24.780

UCTC: For for the call the guy the guy at that point Nice that will issue guidance to all the NGOs on how we can proceed the big issue with the guidance is looking at.

00:22:26.310 --> 00:22:38.940

UCTC: Our fiscal target we have copies of the county's core program of uc casey's core programming and where we stand on that we do have some concerns, thank you for putting that up David.

00:22:39.840 --> 00:22:53.760

UCTC: We do have some concerns about will worsen, who I know is not on this call, but the worst thing project is is have some concerns, given that it's behind schedule and here we're not sure how far it's been advancing.

00:22:54.900 --> 00:23:13.650

UCTC: I would also say that part of this is the county is looking at a part of this funding for aarp arpa funds coming out of the county for part of these these systems as well, in the worst in here, so we need to make sure that we're seeing is we're needing back with Nice.

00:23:14.850 --> 00:23:16.080

UCTC: um any other questions.

00:23:16.140 --> 00:23:16.470

Vernon Benjamin: have been.

00:23:16.530 --> 00:23:20.250

UCTC: One of the things I would say is if you're short funding and your Program.

00:23:21.270 --> 00:23:23.070

UCTC: Tilson avenue folks cannabinoid.

00:23:24.300 --> 00:23:29.610

UCTC: The tip update is an opportunity to to rectify some of those problems, depending on the allocation of funds.

00:23:31.080 --> 00:23:37.380

UCTC: Last year anything to want to say with respect to the department's capital program and its tip update.

00:23:39.360 --> 00:23:47.370

Lance MacMillan: not really you know I think we're positively encouraged with the funding discussions going on on statewide infrastructure and federal infrastructure monies.

00:23:47.640 --> 00:23:54.360

Lance MacMillan: The governor's budget is is going to be hopefully good if approved, and looking forward to our program update.

00:23:54.690 --> 00:24:03.750

Lance MacMillan: On the local project side just a word of caution, as you mentioned Dennis keep an eye on those funding levels were asked to certify commitment list.

00:24:04.200 --> 00:24:10.500

Lance MacMillan: Very shortly, about which projects we deem to be potentially deliverable in the 2223.

00:24:10.950 --> 00:24:16.440

Lance MacMillan: window, some of you with projects have some issues that are causing us some concerning question.

00:24:16.680 --> 00:24:26.280

Lance MacMillan: I think and don't quote me in these numbers, we started off our vetting with 50 something projects, I think we're down to 30 something, but as Dennis mentioned there's a couple still that are.

00:24:26.610 --> 00:24:42.600

Lance MacMillan: suspect for delivery this coming year, so please keep an eye on that on all or crosses all spectrums of delivery be at funding right away all the other elements that could potentially snag a project from getting into the ground that's it that's thanks.

00:24:43.080 --> 00:24:52.860

UCTC: Thank you, oh I just a point of clarification regarding this list that's on your screen right now, these are what New York state you team refers to as a.

00:24:53.280 --> 00:25:07.290

UCTC: The core program, this is not every project on the uc TC tip some of you may be looking at not see one of your tap awards are not listed discretionary funding is not listed.

00:25:07.860 --> 00:25:15.450

UCTC: railroad safety is not listed here those projects will continue into the new tip I can guarantee it.

00:25:15.840 --> 00:25:26.130

UCTC: But this is the core program which is looked at a little differently by the Department, and these are really if you look down the list legacy projects that have been on the tip.

00:25:26.460 --> 00:25:35.610

UCTC: For some of them close to nearly a decade and they're the high priority projects that we really need to move forward to construction and to complete.

00:25:36.360 --> 00:25:38.580

UCTC: As soon as feasible that's it.

00:25:40.770 --> 00:25:41.250

UCTC: Thank you.

00:25:42.390 --> 00:25:49.950

UCTC: FDA so our traffic safety board Brian yeah the traffic safety board is scheduled to meet on March, the Seventh, I believe that.

00:25:51.030 --> 00:25:56.040

UCTC: Talking about the calendar correctly that's the first Monday of the month.

00:25:57.300 --> 00:26:12.480

UCTC: And the Board is meeting remotely at 6pm if you're interested, please go to the Ulster county website, and you can find us under departments Ulster county traffic safety board and all meeting agendas are posted there.

00:26:13.920 --> 00:26:18.690

UCTC: And meeting notices are posted on the website show as an update to the to the Council.

00:26:19.110 --> 00:26:26.220

UCTC: Just be aware of the fact that Brian was appointed by the county executive and confirmed by the legislature, as the coordinator for the traffic safety board.

00:26:26.670 --> 00:26:42.690

UCTC: And so he's trying to bring some life back into that board and make sure that it's agendas and it's and it's and it's policies are well known and carry out so we're there's a lot of effort involved in that we get put some money in up done P for though for.

00:26:44.400 --> 00:26:49.290

UCTC: US etc FDA semi annual report, yes, a the.

00:26:50.670 --> 00:27:01.410

UCTC: uc TC is required to prepare a semi annual every six months, and an annual report regarding it's a project progress.

00:27:01.830 --> 00:27:13.620

UCTC: And this is directly relevant to the unified planning work program and regarding expenditures, at least on an annual basis, so that semi Annual Report for project progress from.

00:27:14.070 --> 00:27:31.170

UCTC: That would be from March know April 1 21 through October know September 30 2021 is available on our website, if you look on the left hand column of our own page there's now a drop down menu for.

00:27:31.950 --> 00:27:50.010

UCTC: I believe it's called federal reports, and you can see all of our semi annual reports will be posted there as soon as they're available for review, so if you're interested on project progress for a specific project listed in our up wp that's a good place to to check it out.

00:27:52.170 --> 00:28:00.420

UCTC: roadway safety strategy guide to the bill, as they call it, then these items I already mentioned during the communications and announcements portion.

00:28:03.090 --> 00:28:06.870

UCTC: Any other business for the Council from Council members.

00:28:11.550 --> 00:28:18.210

Vernon Benjamin: Ryan it's burning, could you forward to me and link to the 400 page report that you cited earlier during the meeting.

00:28:18.690 --> 00:28:21.180

UCTC: Certainly I will do that right, thank you.

00:28:23.370 --> 00:28:26.910

UCTC: will forward it to all of them members um well.

00:28:28.410 --> 00:28:32.550

UCTC: They already received it okay alright so nevermind yes.

00:28:35.730 --> 00:28:36.570

Vernon Benjamin: So we have it.

00:28:36.780 --> 00:28:43.200

UCTC: Okay, it should be, but I will, I will make sure what we're refresh your email burn yeah all right, thank you yeah.

00:28:44.460 --> 00:28:46.980

UCTC: Any other new business or business i'm sorry.

00:28:50.130 --> 00:28:52.050

UCTC: Hearing none motion to adjourn.

00:28:53.550 --> 00:28:54.240

Vernon Benjamin: Simone.

00:28:56.490 --> 00:28:57.120

Mike Baden: Mike Baden.

00:28:58.320 --> 00:29:10.500

UCTC: Thank you all enjoy the rest of your hopefully a short winter and moving into spring we may be non remote come next our next meeting, the.

00:29:11.310 --> 00:29:20.820

UCTC: governor extended to governor extended for this month, but I would suspect that by the end of March, April we're going to we're going to go back to in person meetings.

00:29:22.650 --> 00:29:24.300

iPad: Where we'll be we'll meet.

00:29:25.320 --> 00:29:26.250

iPad: where's the meeting side.

00:29:27.660 --> 00:29:32.820

UCTC: yeah we typically be in the town hall of marble town in conoco.

00:29:34.140 --> 00:29:38.610

UCTC: will give you directions to those when we meet in the first meeting is set for March.

00:29:39.390 --> 00:29:52.890

UCTC: As I recall, right, but the next meeting date is the technical committee will be meeting on Tuesday march 22 we have no agenda items at this time, but given the looming tip update I think that's going to be a pretty.

00:29:54.030 --> 00:29:57.630

UCTC: Central and pivotal item for discussion at that meeting.

00:29:59.310 --> 00:30:06.990

UCTC: So we stand adjourned, thank you very much, everybody, and I appreciate the lake joiners and thanks for taking my call Thank you.

00:30:07.020 --> 00:30:09.690

Herb Litts: Take care of everybody be safe stay healthy.

00:30:10.350 --> 00:30:11.010

bye bye.

Meeting concluded at ~10:30 am
