PATRICK K. RYAN
County Executive

BRENDAN MASTERSON
Interim Commissioner

October 25, 2021

RE: Plank Road (County Road 160) Culvert Replacements
Approximately 0.2 Miles East from Bridge Street
Town of Shandaken, Ulster County

To Whom It May Concern:

It has been determined by the Ulster County Department of Public Works that two culverts carrying Plank Road in the Town of Shandaken require replacement. The construction is anticipated to begin on November 8th, 2021.

The Ulster County Department of Public Works will be doing the replacement work. In order to accomplish this work, it will be necessary to close a portion of Plank Road in the Town of Shandaken to all thru traffic effective November 8th, 2021 until November 12th, 2021. The closed sections of roadway will be approximately 0.2 miles east of the intersection with Bridge Street.

Traffic may use Plank Rd southeast to State Route 212 southwest for 0.5 miles to State Route 28 northwest for 3.3 miles to Bridge Street north for 0.4 miles to Plank Road.

Thank you very much for your cooperation in this matter.

Very truly yours,

Brendan Masterson
Interim Commissioner of Public Works
